Appendix 1

Public Engagement Backup Documents

The following materials provide enhanced documentation of input, activity and results from certain public engagement activities conducted during the ETCRA SAP process. These are not meant to cover every conversation during the entire project, but to provide backup information, raw data as well as attendance and sign-in sheets for some of the key activities noted in the SAP. This does NOT include sign-in sheets for the CRA/CAC meetings. This also does NOT include benchmark powerpoint presentations / videos which are available online at www.WeAreEastTampa.com and have been digitally transmitted to the ETCRA Staff.

71	One of the last places in Tampa to buy an affordable house as a young professional without being too far from the heart of the city. Great pockets of activity like Seminole Heights.	3/26/2021 2:47 PM
72	convenient to everything.	3/22/2021 4:10 PM
73	I have a fantastic house over 100 years old that I purchased in 2002 for an extremely affordable price at the time.	3/18/2021 9:58 AM
74	I was born in East Tampa. I purchased a home to be close to my elderly parents and my daughter is their only grand child. My dad was 91 and met his demise on Jan.3 2021. My mother is 88. I believe in this community, but my property value would be higher if it was in a different area of the city. That is what so disheartening. In the long run, I made an investment, been in my house for twenty years and very low return. However, I am close to my parent's home to help my mom, but Im getting older too.	3/12/2021 7:24 PM
75	location.	3/11/2021 9:04 PM

101	Family	2/27/2021 1:36 PM
102	Twenty years ago, it was a family community. Nice and quite	2/26/2021 1:21 PM
103	I wanted to.	2/25/2021 8:19 PM
104	Only place available at the time	2/25/2021 7:09 PM
105	I've lived here my while life	2/24/2021 7:31 PM
106	I wanted to live in the city and my place of worship is in the area.	2/24/2021 7:16 PM
107	It was relatively affordable compared to other parts of Tampa.	2/24/2021 2:48 PM
108	Economics	2/18/2021 1:41 PM
109	Cost of housing, Central Location	2/17/2021 1:24 AM
110	It’s the only place I could barely afford and at $1650 month it’s really not what I consider affordable. I live right in I-4 and have developed a cough and have trouble breathing since I’ve moved here. East tampa is toxic.	2/15/2021 4:04 PM
111	I was born and raised in East Tampa and wanted to continue living here as an adult to hopefully make a difference	2/13/2021 11:14 AM
112	I wanted an affordable bungalow	2/13/2021 10:39 AM
113	Born here	2/10/2021 5:51 PM
114	Proximity to our children's schools, commuting, community	2/10/2021 1:34 PM
115	Historic neighborhood close to Downtown.	2/9/2021 8:03 AM
116	Because of the historic boundaries and guidelines.	2/8/2021 1:11 PM
117	Born here	2/8/2021 12:06 PM
118	It is the only affordable area close to downtown Tampa.	2/8/2021 8:34 AM
119	I love the diversity in ethnicity, age, and socio-economic status in V.M. Ybor, and believe it represents a "real neighborhood" where people know each other and look out for each other. Also love the historic structures and homes.	2/5/2021 2:37 PM
120	Close to my job	2/5/2021 5:52 AM
121	I’ve lived in st pete for 5 years and the ybor Tampa area is a much better fit for me	2/3/2021 8:04 PM
122	This is where my parents bought their home in the early 90's my dad has kept it and in his passing it became my home, this area feels like home and I love that it's centrally located.	2/3/2021 5:40 PM
123	East Tampa has been my home since I was born, I love the character it has, I love the community and the family atmosphere. Growing up on East Mcberry street we looked out for each other we helped each other and our neighbor was not just the person next door, living on 24th street for the past 10+ years, I can say the same for my street but I don't venture much outside of that. I like living where the schools are nearby, shopping is nearby. I would like to mention that not all of my mark of 2 on the survey is based on facts for me as they do not apply to me, however I did not want to give a positive rating while others may have an issue that should be addressed an NA option would be useful.	2/2/2021 10:29 AM
124	I chose the street I live on for the sense of community and to attempt to start living more in solidarity with people experiencing poverty	2/1/2021 9:42 PM

227	Its history	12/5/2020 6:47 AM
228	29 years ago I valued school programs in East Tampa such as IB and magnet, community safety, thriving local businesses and a well-established grocery store in close range. And now, I value the relationship that I have with the neighbors in the Jackson Heights Neighborhood Association, a few neighbors outside of the association and few other agencies within E. Tampa. Outside of previously mentioned, nothing left to value. There are days when I want to post a for sale or for rent sign in my front yard. I'll take whichever transaction occurs first.	12/4/2020 11:04 PM

59	Gentrification	3/28/2021 6:51 PM
60	I am very concerned in the increase in shootings, and the lack of police doing anything about the illegal dirt bikers. They think they own the road, parks, etc. it is a danger to walkers and motorists as they drive which ever way they feel and do not follow any road signs.	3/28/2021 6:32 PM
61	1. How the "intent" and "purpose" of the initial or original East Tampa Partnership has been systematically changed or "highjacked" and "coopted" by City Officials, which has made the East Tampa Partnership a weak, an ineffective and an impotent voice for the East Tampa Residents and a political scapegoat tool for some local government officials in misusing and abusing the original intent and purpose for the establishment of the initial East Tampa Partnership and the other Partnerships. 2. How some local government officials are and have been aiding and abetting in the systematical gentrification of East Tampa properties by mandating excessive and aggressive properties enforcement strategies that has led to "black flight" by many historical black residents from "predominated" black populated or historical black "East Tampa" "Neighborhood/Communities" which have consequently led to "White Flight" from the "Suburbs" to such "Inner City" historical black populated neighborhood-communities. 3. How arbitrary condemnation strategies of historical black owned properties "are being" and "has been" arbitrarily and capriciously condemned by Tampa city inspectors under the guise of the "Color of Authority" of local city government officials in allowing for the "low-balling" of existing East Tampa properties values, which allows and have allowed speculators and investors to literally and figuratively "steal" long standing East Tampa residents properties.	3/28/2021 6:18 PM

121	That we are being left out of the development / redevelopment of the urban core. V.M. Ybor has been the dumping ground for at-risk people for years, with most of the city's homeless now being found in the general area (due to Trinity Cafe!), and we have the highest concentration of sexually predatory people in all of Hillsborough County due to the clustering of these people in over-crowded properties, 3 of which are located along Nebraska Ave, our major economic corridor which hasn't seen ANY economic progress since Trinity Cafe relocated here in April, 2013. I am concerned with the implicit bias displayed by every department within the city, including TPD, Code Enforcement, HART, etc., who I perceive have all made judgments about East Tampa, so nothing ever gets totally resolved, and we get told that we should have known what we signed up for when moving to the area. 253	Gatherings in open lots that leaves tons of garbage, too many young people being idle and the uptick of shootings. I camped outside months back and heard the shooting of a young man after being chased through the streets like a tv show. I heard the bullets flying by and that was the scariest experience for me. Finally, no place to have safe activities for children in the neighborhood.	11/25/2020 9:36 AM

257	Good afternoon to anyone that will listen and help me. I'm having a serious problem with a neighbor that sells drugs and for his cover up he does a block party EVERY Friday night to sell his drugs, this house is basically a night club. this home was raided once before, the traffic is unbelievable on my street but let me explain the worse part about this, he has a DJ that sets up his DJ equipment on his driveway and the music is extremely loud all night. I'm so tired of calling the police and sending out e-mails on the TPD APP, all they do is drive by once and keep it moving, they can't see beyond the tents covering up what they do. TPD wont even take the time to get out of their patrol car.. the smell of weed is so bad it's unbearable and I'm unable to open my windows or doors anymore. I been going through this for 1 year and no one is doing anything about it. I reached my breaking point, My home us to be my sanctuary, now I drive up just to see the hang out and the disgusting smell of weed. this is not what i signed up for me and my family when i bought my house in East Tampa. This neighbor has no consideration for anyone. My other elderly neighbors are to scared to call the police because we have no idea what these drug dealers are capable of, their visitors every Friday night park in the middle of the street and on everyone's lawn even blocking our driveway with no regards to anyone's property. I would appreciated if someone will take the time to read and send this e-mail to the right person that could help us. Thank you so much for your time.	11/24/2020 4:36 PM

105	The crime and shootings.	2/24/2021 7:16 PM
106	I would improve the quality of the parks and recreational centers in East Tampa. I would work on improving the food deserts located throughout Tampa. I would promote local business owners to bring their business to East Tampa to boost the local economy. I would aim to fill in a lot of the abandoned areas with either affordable housing, or locally-owned businesses.	2/24/2021 2:48 PM
107	speed humps. traffic on chelsea.	2/18/2021 1:48 PM
108	cleanliness of areas	2/18/2021 1:41 PM
109	Need to stop the dumping and get it cleaned up, deal with the rat situation. There are some pockets of criminal activity that needs to be addresses (prostitution, drug sales), the power lines and other lines should be put underground which would improve the look of the the communities.People should be able to hook up to city water (safe water) and off wells without it cost $$$$ if it an existing house not new construction.	2/17/2021 1:24 AM
110	We need more affordable housing, community Health clinics, proper grocery stores with fresh healthy food, stop people from parking on the sidewalks, more bike lanes, reduce Columbus drive east of Republicans de Cuba to one lane and add bike lanes, earlier hours for Cuscaden pool, more street cleaning, more real affordable housing, assistance for home repairs	2/15/2021 4:04 PM

	County. Relocate all the freeloaders living in public housing to new facilities in Southeast Hillsborough County and knock down Robles Park. Build affordable, mixed-income housing where Robles park was. Increase police patrols to discourage crime and prostitution on Nebraska. Buy out mini motels along Nebraska that offers safe haven for drugs and prostitution.	
113	See item 12 above Better code enforcement Better traffic control	2/10/2021 5:51 PM
114	See above	2/10/2021 1:34 PM
115	Homeless / Transient element, Better Park Resources	2/9/2021 8:03 AM
116	Employ more efficient and expeditious code officers.	2/8/2021 1:11 PM
117	Get rid of Trinity Cafe. (That's a joke) Change the zoning to get rid of public/group homes. Improve Policing.	2/8/2021 12:06 PM
118	More police activity to curb loud music, speeding, vagrancy, prostitution, drug activity.	2/8/2021 8:34 AM
119	Bringing in businesses that would offer the residents of East Tampa good paying jobs would be the first thing. I would also hold business owners and investors responsible for their derelict properties. There is no teeth in the city's code to do this, and unscrupulous investors know how to skirt the rules and game the system.	2/5/2021 2:37 PM
120	Add more bright street lights, add and improve sidewalks, better police relations and trim trees that are blocking the natural beauty of the area	2/5/2021 5:52 AM
121	Working more with the homeless population	2/3/2021 8:04 PM
122	More local businesses, healthy food options for residents, better public transportation.	2/3/2021 5:40 PM
123	I'm not sure what I would improve or change, I would like to see more people like me move into the area, people of color built East Tampa, there are crime issues in the area (yes), but I don't think increasing police presence is the answers, I think continued cleanup and enforcement of cleanup is the key, forcing the local corner store owners to stop allowing loitering around the stores could be be answer, requiring the local corner stores and gas stations to improve their look and cleanliness would help. People living in the area are not the only ones that should take pride in the area those doing business should do so as well.	2/2/2021 10:29 AM
124	One thing that could help is to have Public funding to support a mental heath crisis team on call 24/7	2/1/2021 9:42 PM
125	more parks and areas for community to gather safety. develop spaces under the expressway into skate parks and create a community pool and fitness area.	1/27/2021 11:42 AM
126	I would like to improve the our homeless population, providing more continuous assistance so that we can keep them off the streets which would in turn help with drug use and trash. I would also like to improve the violent shootings that happen every so often in the surrounding areas of my home.	1/26/2021 2:37 PM
127	The roadways, sidewalks, streetscapes.	1/26/2021 11:02 AM
128	Safer neighborhood streets that permit connectivity; Roadway improvements that will include resurfacing, traffic calming, wider/safer bike lanes, and better street lighting.	1/21/2021 8:54 AM
129	More sidewalks, better police interaction, landscaping, more black businesses.	1/20/2021 5:28 PM
130	more investment in V.M Ybor pooler areas. come up with a plan to deal with the homeless population, attracted by the Trinty.	1/14/2021 2:12 PM
131	streets need to be more pedestrian friendly. more family programs.	1/14/2021 2:07 PM
132	programs	1/14/2021 2:03 PM
133	remove the deprived public housing and generate low income housing integrated in a rich market. the poor feed off the market and improve their situation.	1/14/2021 1:59 PM
134	community outreach. inclusive events. representation of culture. safer roads/potholes.	1/14/2021 1:52 PM

179	Get rid of the trouble makers, drugs, drug dealers. Bring back to more family oriented and safe environment. More friendly police officers that work and live in our community!	12/18/2020 8:41 AM
180	More funding from the city, neighborhood affiliation programs, more community service programs, getting bums and homeless people into shelters and more programs in the neighborhood for kids.	12/18/2020 8:31 AM
181	Gun violence	12/18/2020 1:13 AM
182	Providing assistance allowing those that have lived her for years and multiple generations for upkeep of their homes as well as landscaping and tree trimming. Even with grants it is a beuricratic mess to try and figure out the cities permitting process as well finding affordable people to do the work.	12/17/2020 9:09 PM
183	the homeless people	12/17/2020 8:39 PM
184	More street lights on side streets; access to safe areas, resources for homeless	12/17/2020 8:32 PM
185	Safety	12/17/2020 8:21 PM
186	Safer streets. A lot of people don’t feel safe walking on their own past sunset.	12/17/2020 8:07 PM
187	I would try to get the new people moving into the area and trying to change everything to understand that it is not ever going to be a “gated community” atmosphere and we have different needs and concerns regarding traffic flow and bicycle paths.	12/17/2020 7:48 PM
188	Better zoning - we should NOT have the preponderance of group homes with sexual predators in our neighborhoods. And Trinity Cafe should never have come here. While the service they provide is commendable, they are terrible neighbors. They shroud themselves in holier than thou do-gooder propaganda, while allowing their clients to deface (to put it politely) neighboring homes and yards.	12/17/2020 5:24 PM
189	Better police presence. No street or sidewalk parking. Clean streets and sidewalks so you can go out and walk.	12/17/2020 4:20 PM
190	Additional policing for loud music, loud vehicles, public disruptions in the middle of the night, speeding on Columbus Drive, safe streets.	12/17/2020 4:05 PM

204	Better high speed internet access, bike lanes, historic street signs north of Columbus	12/12/2020 12:00 AM
205	Increased police presence, facilities for the homeles, & code enforcement on dilapidated houses.	12/11/2020 10:27 PM
206	Homelessness and police participation in assistance when it is needed. I feel this area is often forgot about or that no one knows what to do so it's just ignored. More bike lanes and repaired sidewalks	12/11/2020 6:16 PM
207	Help clean up Nebraska Ave and allow it to thrive like it should. There's so much potential there!	12/11/2020 11:20 AM
208	Response time when calling the police. The people that are speeding around on dirt bikes and four wheelers. Police say they can't chase them. So they are just free to speed around endangering lives	12/11/2020 10:38 AM
209	More police presence.	12/11/2020 10:35 AM
210	More grocery options	12/11/2020 10:12 AM
211	Job training and opportunity, access to healthcare, access to education.	12/11/2020 9:56 AM
212	I would see if there is any way we can build a homeless shelter. I would make sure there are more affordable housing being built and I would also make sure we clean up abandoned lots and clean up the messy trash that is left in the grass in East Tampa.	12/11/2020 9:56 AM
213	Water treatment capacity and the litter issue, specifically in our parks. For example, the Ragen Park pond is FILLED with trash and thus so are the ducks, birds, and turtles there.	12/10/2020 12:20 PM

Beautification of the roadways and also Agriculture areas (e.g. trimmed trees in roadway areas.)	12/3/2020 8:43 PM
237	Cleanliness	12/3/2020 9:26 AM
238	Improving safety, lighting and general clean up of East Tampa is needed. I would also change how officials and those persons involved in change -- interact with the residents. Work with them to get involved in change and improving the area -- not giving the feel of taking over.	12/3/2020 1:56 AM
239	I would improve task force groups to tackle black on black crimes. I would like to see neighbors more involved in neighborhood concerns. I would improve monthly neighborhood cleaning. Maybe, create some type of incentive towards keeping the streets cleaned.	12/2/2020 10:14 PM
240	Street traffic control on E Ellicott Street.	12/2/2020 1:34 PM

247	Civic Engagement	11/28/2020 10:38 AM
248	I hope this "CRA" won't mean stricter zoning / code rules. The City Of Tampa is already very restrictive and I think people need freedom to do what they want with their own property. For example, I want to install a few outdoor antennas, but the zoning rules are awfully strict. Why?	11/27/2020 5:52 PM
249	improve change code enforcement for home owner property overgrowth, upkeep, cars parked on front lawns and streets an, upgrade facade on old rundown buildings upgrade business property, streamline property in East Tampa	11/26/2020 12:50 PM
250	Owners of empty lots should secure them up or be held responsible for crowds. Owners of any rental properties should be held responsible for worrisome tenants. Clean up around Potter school. A pole was put in the middle of the sidewalk where kids walk on 34th going to the school. It's unsafe and dangerous.	11/25/2020 9:36 AM
251	Same treatment the city applies to lucrative neighborhoods better ans cleaner streets, sidewalks, lightening vusible Law enforcement in a positive way. Programs for our kids.	11/25/2020 7:26 AM
252	citizens would take more pride in the upkeep, cleanliness and appearance of the community	11/25/2020 7:12 AM
253	Better paved streets, reduce or end the use of round-abouts for traffic and improved schools. The infrastructure of the area need improvement.	11/25/2020 3:53 AM
254	TPD not be so	11/24/2020 4:36 PM
255	The homeless issue on Nebraska. Nebraska is a major artery in our district and seems to be ignored	11/23/2020 11:28 PM
256	FIX UP THE HOMES, BUILD ON EMPTY LOTS, CLEAN UP THE STREETS, PREVENT CRIME AND HELP OUR YOUTH!!!!!!!!	11/23/2020 12:02 PM
257	Move Trinity cafe, move the sexual offender rooming houses. Encourage businesses to fill vacant storefronts, more outreach to involve older minority residents who are not on social media	11/22/2020 10:17 PM
258	Adequate programs to involve our youth in character building and a sense of pride in our community	11/22/2020 8:51 PM
259	More police presence, more code enforcement, more sidewalks, streetlights	11/22/2020 8:36 PM
260	I would really like to see Ragan park cleaned up. I've reached out to the city several times to try and get information about organizing volunteers for a clean up and have never heard back. I've also reached out about adding trash cans to the pavillion area, and residents told me there used to be more benches and doggy bags. I've been trying to reach someone since July.	11/22/2020 8:06 AM
261	Public transportation. Not just busses. Better bike lanes	11/21/2020 11:18 PM
262	Motels on Nebraska need to be condos. Used car lots need to refurbished. East Tampa needs an identity- we are not west Tampa, Seminole heights, Ybor etc.	11/21/2020 8:39 PM
263	Pedestrian safety and bicycle safety	11/21/2020 11:17 AM
264	Decrease violence in the area and restore older homes.	11/20/2020 8:47 PM
265	We need more speed bumps, especially on my block, to prevent people from speeding from stop sign to stop sign.	11/20/2020 8:39 PM
266	Mass transit, sense of community	11/20/2020 5:03 PM
267	More access to healthy food, we're in a bit of a food desert. More small businesses to fill in some of the vacant buildings. I don't think this area needs rapid redevelopment/building like	11/20/2020 3:03 PM

42	Transportation, affordable housing, grocery stores and shopping. Restaurants and eating and more parks and recreation.	3/30/2021 3:00 PM
43	I believe having an institution (YMCA) that is available to lower income and under privileged families is an essential part of a community. These families cannot afford the cost of what the quality programs offer that will build self esteem, respect for self and others, service opportunities, character building, a desire to excel above their individual home lives and circumstances. This is something needed more then an exterior view of a community. Yes an exterior view is nice but focus on that alone does not bring about the internal change of character that can establish a true respect for a community, bringing about a positive change which in time would create and promote a healthy regard for ones entire community. The plan should ultimately establish a change which extends beyond and exterior but an interior change within an individual that will eventually reflect the exterior community.	3/30/2021 2:36 PM
44	1st communcatetions,commuecate more	3/29/2021 9:57 PM

57	Clean safe streets, Renovated low cost housing this creating Neighborhood Pride.	3/26/2021 7:36 PM
58	Unity, inclusiveness. I'd love to be able to have my handicap autistic son be able to be out front on the porch or at park witjout feeling may be a drive by or car driving to fast. Ability to have family fun nights, movie nights, block party for iids of the neighborhood	3/26/2021 6:20 PM
59	Not sure	3/26/2021 4:29 PM
60	I don’t know.	3/26/2021 3:40 PM
61	More city involvement on dumping. Have city ride around and check for this.	3/26/2021 3:33 PM
62	See a bove	3/26/2021 3:16 PM
63	Absolute community goals and dreams to regulate policy on housing, business, transportation, utilities, land use, recreation and much more.	3/26/2021 3:13 PM
64	The area desperately needs strong community engagement and code enforcement to raising living standards. The ideal results would be no more trash on streets, no more broken things/trash in front yards, no more cars on blocks in yards, no more houses with 5+ cars parked in the yard, driveway and street, no more broken windows, and no more loitering on streets and in front of businesses. Safety and beauty should be at the forefront to encourage new businesses to call East Tampa home.	3/26/2021 2:47 PM

101	Nebraska Avenue is particularly dangerous and unsightly these days. Enforce vagrancy laws; more police presence to help curb speeding, loud music, drug dealing, and prostitution; have code enforcement get more involved in dilapidated properties; refresh building facades and help businesses obtain better security. Burglar bars on homes and businesses make the area look unsafe.	2/8/2021 8:34 AM

	live where all people are respected, and with the amenities available for the various generations (excellent recreation centers, community centers, clean parks, arts programs, restaurants and stores that better serve the area, etc.). There are a ton of vacant houses just sitting in the area, with investors simply waiting for the housing prices to go up. These could be purchased and made into affordable housing. And if the investors are not interested in selling, they need to at least maintain the properties - which many do not. There should be an emphasis on PSAs about littering, and community programs to get more buy in from the residents to participate in trash clean ups and other community building activities.

106	Providing more funding and programs for homeownership, keep up the cleanup efforts. Somehow provide assistance to current homeowners to improve their property values, make necessary repairs to homes. I think if we are able to accomplish this then the pride of being in East Tampa would increase. We need more jobs within our neighborhoods not just corner store offerings. Invest in business ownership opportunities, create programs that teach how to own, maintain and license their own business.	2/2/2021 10:29 AM

153	TOP PRIORITY: 1) Get rid of slum landlords who don't take care of their property but collect their rent each month. Those houses brings the neighborhood way down. 2)Stricter laws in place to prevent greedy investors from buying up houses or land and restoring or building poor quality homes. 3) speed bumps, side walks and other safety infrastructure improvements.	12/18/2020 8:41 AM
154	The plan should accomplish getting the people who live in the community involved and held accountable for keeping it clean, it should also involve local politicians to help the neighborhood with grants to promote local small businesses to open in vacant buildings instead to change the quality of life for the community. We don't need anymore beauty supply stores or corner stores we need smoothie shops, local restaurants, fruit stands, computer cafe, gyms, and more resources to find a job.	12/18/2020 8:31 AM
155	Getting this "cleaned up" no I don't mean in the dirty sense but in the sense that investment needs to be made in modernization of the streets grants to allow low income home owners to modernize there homes and fix things up like roofs painting etc. More help allowing people to own homes and restrictions on multi unit development (New building not older buildings) for rental purposes over single family dwellings. This isn't Channelside or inner city core..but a family neighborhood. Also . more public transportation as well as access. And I'm not meaning more bus routes but also mass transit for the area.	12/17/2020 9:09 PM

177	Establish a plan to truly help the homeless and get them off of the streets. Shut down Trinity Cafe as that establishment just creates a vicious cycle for homeless and addicts, while creating a trash dump around it and attracting other homeless people from the area and beyond. Incentivize new businesses to open here. This plan should clean up the Nebraska Ave. area along with the surrounding area.	12/11/2020 11:20 AM
178	Lifting up the people that currently live here so that they can afford to stay. Encouraging new people to become part of the current community and culture instead of trying to remake it.	12/11/2020 9:56 AM
179	The plan should address housing affordability, ensuring that rent reflects average income on the area, and preservation of natural areas such as our wetlands and parks.	12/10/2020 12:20 PM
180	Clean up Nebraska Ave and the parks in the area so they are safe for families. Entice more businesses and market rate residential opportunities to the area. Better and safer mass transit for the area	12/9/2020 10:45 PM

217	Cleaning and maintaining Ragan Park; allowing community groups to use/better access the RP community center; improved sidewalks, bikeways and bike racks throughout ET; connecting the various neighborhood associations to one another. Ultimately I think the plan should aim to create a thriving, vibrant area where families and community members feel safe walking the area and have access to services and programs. I'd love to see more local businesses and fewer vacant homes. I'm interested in hearing how this can be accomplished equitably and sustainably without gentrifying the area and displacing people.	11/22/2020 8:06 AM

	of the vacant homes and buildings. More bike lanes, less highway expansion. More police won't solve our issues, but lifting up the community and giving everyone access to good food and the city around them will help to uplift those who are struggling.	
224	A successful plan should truly engage ALL populations of East Tampa and lay a clear roadmap with tangible goals for the CAC (and the City) moving forward. Focus should be on infrastructure improvements such transportation for all (pedestrians, cyclists, etc.), connectivity, infill housing and density increases where appropriate, commercial corridor support and development, and the celebration of historic roots.	11/20/2020 1:37 PM

College Hill-Belmont Heights Walking Audit

01-30-2021

Below is a summary of comments and discussions that occurred during the walking audit.

Intersection of E Dr. Martin Luther King Jr. Blvd and N 22nd Street

- This intersection is busy and heavily used by adults and children walking and riding bicycles.
- From the Tampa Police District 3 Station the sidewalk on both sides of N 22nd Street are in good condition. The crosswalk into the TPD3 Station parking lot is fading.
- There are no crosswalks across N 22nd Street between E Lake Ave and E MLK Blvd.
- At the intersection the crosswalks are faded of MLK Blvd and N 22nd Street.
- The commercial sites north of the intersection are very active, and there is no clearly delineated sidewalk at the perimeter of the site.
- There are opportunities for pedestrian safety enhancements.
- At the intersection of E MLK and N 21 Street, there is an abandoned house with junk cars in the yard.

Cyrus Greene Park

- The park is well used especially the basketball gym and the playground equipment.
- Little Leagues use the ballpark facilities.
- The fencing needs repair.
- Generally, residents say that there is no issue with homeless staying in the park. Parking overflows into the local neighborhood streets for big events.
- The parallel parking by the park is unmarked.

Young Middle Magnet School

- There is an extensive amount of chain link fencing at the perimeter and subdividing the campus.
- There is a dumpster screen wall that may have acted as a sign. This area is not well defined.
- There is an abandoned parking lot/old basketball court that is unused and is an eyesore. This could be redeveloped. Abutting this area, N 19 ST has sidewalk on one side only.
- The campus needs better signage like identifying the bus loop etc.
- E 33rd Ave doesn't have sidewalks or gutters.

32nd and 20th Abandoned ROW

- There is an abandoned ROW that could be utilized as a trail or other community feature. It appears to be currently used for drainage. It is fenced off.

Tampa Heights (Lockhart) Elementary Magnet School of Technology and World Studies

- There are portable that have been added five years ago. Are these now permanent structures and can they be better integrated into the aesthetics of the campus? There is overhead electric to these portables. Can they be buried?

- The adjacent intersection of N 19 Street and E Lake Ave has substandard crosswalks with narrow ramps. The tactile patterned concrete is worn. There is broken concrete with exposed rebar. One of the crosswalks end into a raised curb and drainage inlet.
- E Lake Ave has transmission lines, overhead electric and additional lines to the portable. There is an opportunity to bury some of this utility. There are no street trees.
- There is a transmission pole in the middle of the sidewalk impeding accessibility to pedestrians.

Boys and Girls Club

- Building needs to be cleaned, painted. Fences need a new coat of paint.

Retention Ponds at N 19th Street

- Ponds have steep slopes. They have a lot of trash. The fence is not in great shape. Could the segment of N 19 Street be transformed into a pedestrian feature or removed to reshape the pond? There are native birds on site.

Park at Belmont Heights Estates

- Many participants were not aware of this park. They said it did not feel like a park. There is no defining edge and very little signage. They thought more benches and other site furnishings could be added.
- There is an opportunity for a community garden if water is available.
- Looks like the main pavilion needs some maintenance.

Existing City of Tampa Retention Ponds

- This used to be a housing area for professionals before it was a drainage pond.
- There are native birds on site.
- There is an opportunity for an environmental park.
- There is poor sidewalk connectivity on E 26th Ave with no sidewalk on many segments. There is no shade on the sidewalk.

22nd Street Business District

- There may be an opportunity to create an alley. This a very active area. There was a discussion about need for more commercial like grocery stores.
- Residents said grocery store have left the area.

Cemetery

- The cemetery appears in good condition.
- There is no edge treatment on E MLK (north side) and adding it could elevate the appearance. The south side has a vinyl fence in poor condition. Residents said the broken segments are caused by kids making passages through the fence. The east side has no fence, but this may not be as essential since the scale of the road is smaller than MLK.

Library

The Library is new, expanded and in good condition.

General Notes

- There was discussion about creating summer projects, summer jobs with living wages to clean up the area.
- There was discussion about providing more housing in the area.
- There was discussion about the neglected infrastructure, and unkempt appearance of the water features.
- There was concern expressed about affordability and the loss of generational wealth.

Main Ideas for Strategic Plan

- Prioritize pedestrian and bicycle safety. Provide uninterrupted accessible paths throughout the neighborhood. Upgrade and maintain crosswalks, sidewalks, bypass or remove obstructions.
- Utilize existing drainage ponds as multi-purpose amenities that engage the neighborhood.
- Upgrade the edge treatment of existing school facilities to create a better integration into the neighborhood.
- Consider other single use areas as potential for other uses. An example is the abandoned ROW on 32nd and 20th.

East Tampa - Jackson Heights (JH)

- Meet-up Location: Jackson Heights NFL YET Center (3310 E Lake Ave)
- Attendees: 10-15 people, including Jackson Heights Neighborhood Association members

Walking Audit notes

- General Notes
    - Sidewalks - narrow with overgrown grass; need to be wider/better maintained; some are not ADA accessible
    - Violations such as abandoned furniture, 18-wheel trailers, trucks, cars parked/dumped throughout the neighborhood
    - Fencing – chain link is not nice to look at/change to other fencing; vinyl/wood fence could be nice for separation and privacy, especially around commercial properties; tall fencing = less eyes on the street and creates tunnel feeling/unsafe
        - Front Porch Program – apply for fencing
    - Implement more street/oak trees for shade
    - Alleyways – public ROW but maintained by abutting residents; some are well maintained, have abandoned junk, overgrown with veg, adapted by an abutting resident as part of their property (not legal)
- Commercial Corner, Lake Ave.
    - Stop #1
        - General
            - Roundabout - want to see more traffic calming on corridors within/surrounding JH; move bus stop south, further from intersection
            - Vacant lots 3605 + 3601 N 34th St - overgrown veg; clean up
        - Businesses:
            - Corner store is great, safe (3402 E Lake Ave); adjacent bar (Island Grill? 3404 E Lake Ave)
            - Tampa Superstop (3401 E Lake Ave) - a location of suspicious activity inside/outside, loitering, crime (shootings); Walking audit participants say they don't come here; Needs a change of management/business type
    - Stop #2
        - 3508 N 34th St vacant lot used as parking for Church of God (?)
- Beacon Homes Development (Stop #3)
    - (A)ffordable/(a)ffordable housing is a big issue in JH
    - Stop #4: roaming house on 34th St + 27th Ave, drugs, crime, across from new home with privacy vinyl fencing.
    - Stop #5: 26th Ave is a 4-lane road made into a 2-lane road, people tend to speed on it. Needs to be designed slower since it has high pedestrian and bicycling use, ie students going to school.
    - Stop #6: Alleyway between 3415 E 26th Ave and 3412 E 25th Ave – see general notes
    - General notes along route:
        - Home with palette fence claimed ROW alley, ownership

        - Basketball hoop in front of homes = not enough parks nearby and parks are not safe
        - Homeowner vs renter: difference in care and maintenance of property, items piled outside
- Industrial Development & 40th St. Corridor – SKIPPED
- Franklin Magnet Middle – SKIPPED
- 34th St Corridor, Commercial & Transit Stop (Stop #7)
    - 34th St + 21st Ave - Roundabout with sod, add shrubs for beautification, not oak tree (root problem)
    - 34th Street Church of God – important asset to the community, but closed during pandemic; daycare is open; Church owns multiple lots around the intersection;
    - Across from church, North 34th street auto repair has unsightly chain link fence, see general notes
- Al Barnes Jr. Park (Stop #8)
    - Stop #8:
        - Al Barnes Park (and other neighborhood parks) are not safe, crime (shootings) happen here, homeless and gang members frequent the park; walking audit participants and general community members don't come here
            - Desires: Better CPTED/orientation/visibility of pergolas, increase lighting throughout park, maintain park structures/facilities, add art/workout event and a community anchor like community center to activate the space
        - Domain Developers – participated in community clean up days; provides (a)ffordable housing
    - Stop #9: Corner Store/Bodega – survive through lottery tickets, cigarette and overpriced items; typically has suspicious and crime activity happening in/outside
        - JH is a food dessert – closest grocery stores are Walmart on Hillsborough and Publix at Channelside; Winn-Dixie cash and carry closed down
    - Stop #10: Wilson Funeral Home (3000 N 29th St) + Abe Brown Ministries (2921 N 29th St) are huge assets to the community
- Neighborhood Corridor 1 (Stop #12) – new construction requires $250k to build, (A)ffordable housing can't be built without subsidy; not much density here (duplex etc implies increase in rentals vs homeowning?), mainly single-family housing
- Neighborhood Corridor 2
    - Exit Us Bail Bonds (3511 N 29th St) – Illegal business
    - Hope Learning Center (2902 E Lake Ave)
    - Stop #13: Jackson Heights Apartments (3700 Lowry Ct) – projects, crime activity before stricter rules were enforced and fencing was put in place
- Rail and Residential
    - Railroad track has people living along it, kids walk on/along track as safer route to school
- YET NFL Field – SKIPPED

Wrap up: Priorities

- Food desert – increase access to affordable and nutritious food

- Improve Al Barnes and other parks – community center with STEM/computer learning opportunities
- Alleys – close/divide them between abutting homeowners
- Violations – clean up neighborhood of abandoned furniture and parked commercial vehicles
- Transportation – increase traffic calming in corridors
    - Roundabouts: add monuments about history of the neighborhood or significant persons

East Tampa Business + Civic

02/20/21

Many of the comments reflected here are based on comments by longtime resident Michael Farmer.

- Middleton High School
    - Historically, this was the segregated high school for Blacks on site of All Girls Middle School
    - School burnt down in 1968, students were bussed to other schools in integration efforts
    - In 2002, school alumni raised money to rebuild high school on current site; a memorial stands to commemorate alumni that helped with rebuilding
    - Currently, the school has a major STEM magnet program drawing students across Tampa
- Public Housing – consists of 3-4 bd. Apartments with many children and families
- Construction slab – was part of church construction, church ran out of funds and property has sat empty for 30 years
- All Girls Middle School
    - Part of pilot program for Hillsborough County – similar All Boys middle school exists
    - Historically, this was were families would go for recreation on weekends/after hours
    - Gym was accessible through neighborhood connection when this was still high school
    - Track was accessible until recently when security measures closed access to campus – the community needs more walking trails
- Cayuga St.
    - Was once the home for many prominent residents including doctors etc., most original owners have left
    - There has been an uptick in crimes including a recent shooting
    - High crime has led to longtime residents leaving the area
- Sidewalks
    - Many sidewalks were implemented 15 years ago
    - There are missing gaps in the sidewalks that have not been replaced
    - Adjacent to vacant lots, lack of maintenance can cover up to half of the sidewalk reducing widths to 3’
- Chelsea St.
    - Constant speeding through neighborhoods – install speed bumps
    - No stop signs at railroad crossing
- Railroad
    - Perceived as the dividing line between Belmont and Jackson Heights
    - Current neighborhood designation does not ring true to residents
- First Time Home Buyer Program
    - Condemned houses are torn down and rebuilt and sold to applicants with cash assistance
    - New homes being built are the same model – loss of character for the neighborhood

    - There is a lack of regulation enforcement for this program – participants are leasing and subleasing property they should be inhabiting, there is no lease registration and many under the table leases
- 26th St. – important through street, connects Middleton to I-4
- Stormwater Ponds
    - There are opportunities for these to be improved to incorporate recreation
    - Slopes are too steep and require safety mechanisms
    - Residents do not understand why these are in their neighborhood
    - There is a larger stormwater modeling effort in Hillsborough County that needs to be examined
    - These ponds may be oversized and could be better configured
- Substation
    - Visual nuisance
    - City should implement decorative walls etc. to hide from view
- Clarence Fort Park
    - Named after local resident involved in desegregating lunch counters in Tampa
    - Provides some walkways and recreation for residents – neighborhood needs more of these spaces
    - Many different birds use this park – more interpretative signage
    - There is not enough parking particularly by playground – parents park at church across road and cross or illegally on sidewalks
    - There is an adjacent easement that has not been cleared in some time, neighbor has been using as personal driveway
    - Adjacent urban forest is too dark, underbrush needs to be cleared – crime hotspot
- CSX easement
    - Being used as parking daytime and nighttime
    - Criminals park here and break into homes during the day
    - Nighttime brings undesired activity i.e. drug use, etc.
    - There used to be a bar blocking this space, but it has not been replaced since CSX updates
- Code Violations
    - While code violations are cited, landlords are simply paying fines rather than fixing problems

Major Issues/Opportunities:

- Increased criminal activity
- Stormwater ponds
- Lack of sense of ownership of neighborhood by residents
- Vacant lots throughout neighborhood

East Tampa – Grant Park (GP)

- Meet-up Location: Grant Park Community Center – GPCC (3724 N 54th St, Tampa, Florida 33619)
- Attendees: 10-15 people
    - Residents: (2), including Desmond Key, GP President
    - CSG: Laura, Jo

Walking Audit notes

- General Notes
    - Criminal activity on 54th St along GPCC
        - Sexual assault
        - Acid attacks
        - Burglary/robbery
    - Infrastructure
        - Neighborhood needs more sidewalks, and increase ADA accessibility and maintenance on existing sidewalks
            - Neighborhood roads are used as cut-throughs for cars traveling on 50th St and MLK Blvd
            - Need neighborhood traffic devices (speed bumps, neck-downs, etc). Coordinate for emergency vehicle access.
            - Increases pedestrian and bicyclist safety
            - Increases sense of community
        - Fix drainage issues throughout neighborhood
        - Auction house (ADESA Tampa? 3225 N 50th St. 33619) is built on landfill – currently none but potential for water contamination
    - Furnishings
        - Bus stops need cover/roof and seating
        - Tons of trash litter throughout neighborhood. Implement trash cans.
        - Increase lighting throughout neighborhood for safety
        - Fencing – chain link is not nice to look at/change to other fencing; vinyl/wood fence could be nice for separation and privacy, especially around commercial properties; tall fencing = less eyes on the street and creates tunnel feeling/unsafe
    - Landscape
        - Better maintain the landscape and implement more landscaping throughout neighborhood
        - Utility/telephone wires conflict with tree branches – maintain growth
    - Social
        - Crime
            - Drive-by shootings at night every 1-2 weeks
            - Drug abuse and drug dealing
        - GP neighborhood is a food desert
            - Drive to closest grocers: Metro Meat, Save a lot. Others: Walmart, Winn Dixie

        - Convenient stores are too expensive
    - Weekly/monthly activities suggestions
        - Farmers market
        - Community garden
    - No schools w/i neighborhood
    - Want services to check-in with elderly residents
        - Create a Senior Center or offer services at GPCC
    - Many properties are rentals with out-of-state owners – Renters don't keep up with properties (house structure and landscape)
        - Residents think maintaining properties leads to higher rent??
- Grant Park Community Center
    - GPCC is the only park – need more parks w/i neighborhood
        - Implement pocket parks throughout neighborhood, such as on vacant lots
    - GPCC outdoors isn't very safe especially at night cuz of drive-by shootings
        - There used to be a Minor League Baseball team
        - Well-maintained but residents don't really feel safe using outdoor amenities
        - Nicer fencing instead of chain-link permitter fence
        - Needs better visibility and lighting
        - Add community events like art/workout event
    - GPCC interior needs to be expanded – can only hold 60-100 kids currently
        - Current programs serve kids well and coaches are like parental figures – afterschool and weekend activities to keep kids active, give them practical life skills, and have mental health support that they might not have at home
- MLK Blvd
    - Add sidewalk on north side, sidewalk cuts off at McDonald's
    - Implement more landscaping along road
        - Add landscape (trees and shrubs) along the high-speed, connector road
    - No curb – not safe for ped or bikes so people tend to walk on grass further from road
        - People speed and just drive on the grass/sidewalk
        - Suggestions: Add curb and place stormwater swale between road and sidewalk
    - Lots of jaywalkers – add mid-block/intersection crosswalk
- 50th St
    - Implement more landscaping along road
        - Add landscape (trees and shrubs) along the high-speed, connector road
    - No curb – not safe for ped or bikes so people tend to walk on grass further from road
        - Suggestions: Add curb and place stormwater swale between road and sidewalk
    - Lots of jaywalkers – add mid-block/intersection crosswalk
- New Testament Worship Center (5107 E 32nd Ave. 33619)
    - Important asset to the community
    - Church tries to limit crime by implementing security cameras
- Community Housing Solutions Center (3630 N 50th St. 33619)
    - City has placed this service here to help house the homeless – used to be tent city in the neighboring undeveloped property

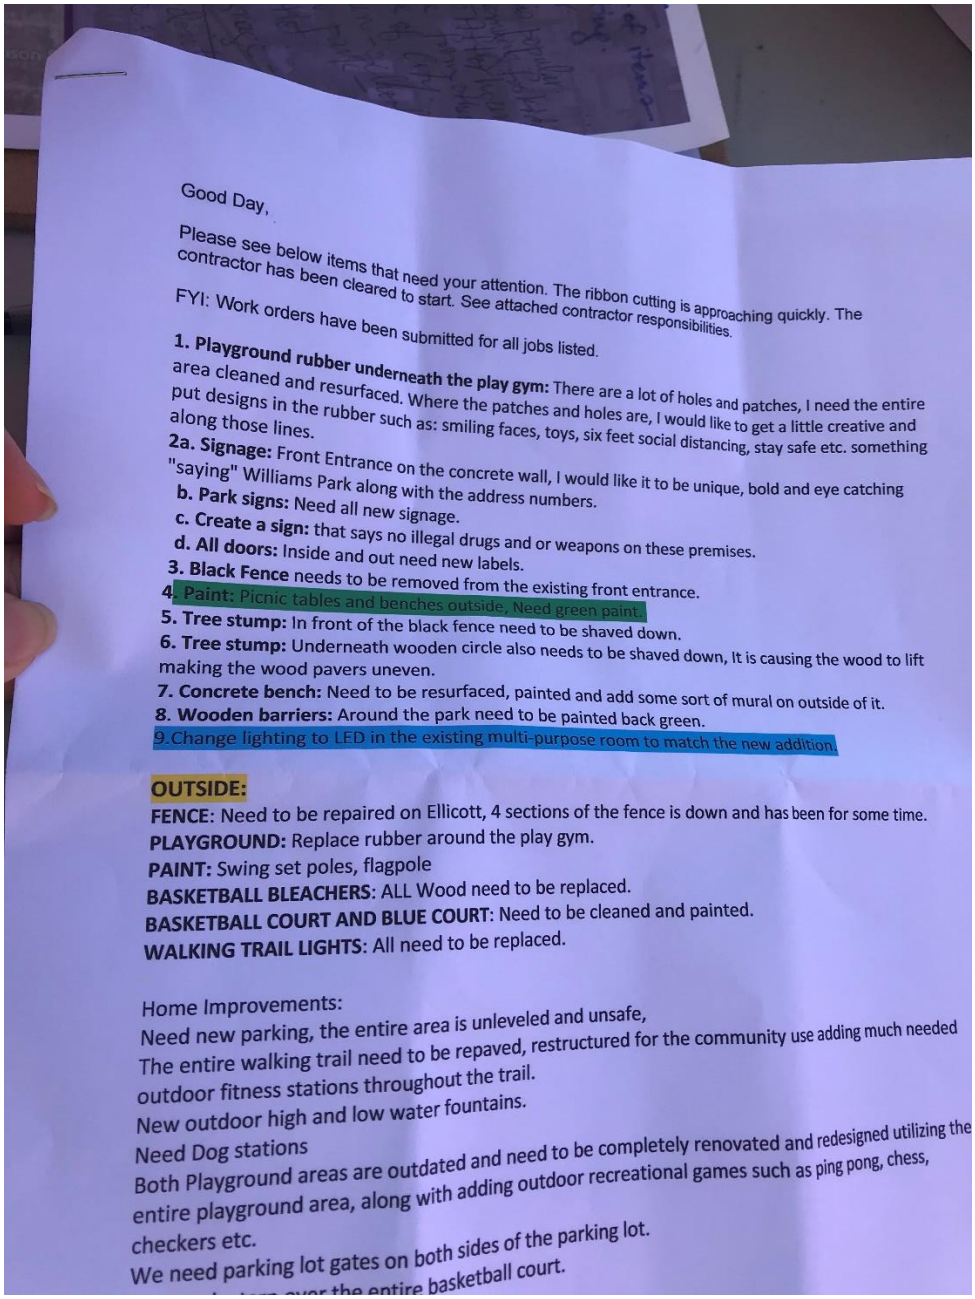
Northview Hills Walking Audit

02-27-2021

Below is a summary of comments and discussions that occurred during the walking audit.

Williams Park

- Refer to the notes provided by Earline Newman.
- The park has a drainage issue where the school is draining into the park and not into a drainage facility.
- There is drug activity at night at the park and a lot of it is not local.



Good Day,

Please see below items that need your attention. The ribbon cutting is approaching quickly. The contractor has been cleared to start. See attached contractor responsibilities.

FYI: Work orders have been submitted for all jobs listed.

1. Playground rubber underneath the play gym: There are a lot of holes and patches, I need the entire area cleaned and resurfaced. Where the patches and holes are, I would like to get a little creative and put designs in the rubber such as: smiling faces, toys, six feet social distancing, stay safe etc. something along those lines.
2a. Signage: Front Entrance on the concrete wall, I would like it to be unique, bold and eye catching "saying" Williams Park along with the address numbers.
b. Park signs: Need all new signage.
c. Create a sign: that says no illegal drugs and or weapons on these premises.
d. All doors: Inside and out need new labels.
3. Black Fence needs to be removed from the existing front entrance.
4. Paint: Picnic tables and benches outside, Need green paint.
5. Tree stump: In front of the black fence need to be shaved down.
6. Tree stump: Underneath wooden circle also needs to be shaved down, It is causing the wood to lift making the wood pavers uneven.
7. Concrete bench: Need to be resurfaced, painted and add some sort of mural on outside of it.
8. Wooden barriers: Around the park need to be painted back green.
9.Change lighting to LED in the existing multi-purpose room to match the new addition.

OUTSIDE:
FENCE: Need to be repaired on Ellicott, 4 sections of the fence is down and has been for some time.
PLAYGROUND: Replace rubber around the play gym.
PAINT: Swing set poles, flagpole
BASKETBALL BLEACHERS: ALL Wood need to be replaced.
BASKETBALL COURT AND BLUE COURT: Need to be cleaned and painted.
WALKING TRAIL LIGHTS: All need to be replaced.

Home Improvements:
Need new parking, the entire area is unleveled and unsafe,
The entire walking trail need to be repaved, restructured for the community use adding much needed outdoor fitness stations throughout the trail.
New outdoor high and low water fountains.
Need Dog stations
Both Playground areas are outdated and need to be completely renovated and redesigned utilizing the entire playground area, along with adding outdoor recreational games such as ping pong, chess, checkers etc.
We need parking lot gates on both sides of the parking lot.
over the entire basketball court.

Existing Lumber Yard

- Residents have mixed comments and feelings about the Lumber Yard. Even though the use may be misplaced proximate to single family residential, they would rather see an active business than see low income housing go in its place.

Traffic Calming and Road Geometry

- There is too much high-speed traffic on local neighborhood road and the existing traffic calming is ineffective (rubber speed bumps.) There is also ATV and dirt bike traffic on the local neighborhood streets. Posted speeds are not obeyed because the design speed and context give cues to speed (not enough street trees, on street parking, architectural enclosure etc.)
- There are safety issues on 50th and Chelsea.

General Notes

- Residents do not want to see any more Section 8/Affordable housing in the neighborhood. They don't want to see a concentration of poverty in their neighborhood. They believe that those who are occupying home using Section 8 vouchers are not maintaining their properties and are reducing the market value of the neighborhood.
- Rainbow Food Mart is known for illicit drug sales.
- The residents stated that the police do not effectively provide protection within the community.

Main Ideas for Strategic Plan

- Consider a "Welcome to Northview Hills" neighborhood sign
- Consider providing recommendations for the future of the Lumber Yard.
- Consider traffic calming options for local streets.
- Prioritize pedestrian and bicycle safety. Provide uninterrupted accessible paths throughout the neighborhood. Upgrade and maintain crosswalks, sidewalks, bypass or remove obstructions.
- Utilize existing drainage ponds as multi-purpose amenities that engage the neighborhood. But all improvements and amenities need to provide security, lighting, surveillance and minimize maintenance and operations costs.
- More accessible pocket parks are needed.
- More access to grocery stores like Aldi.

Walking Audit notes

- **General Notes**
    - Infrastructure
        - Criminal activity happens in alleyways and along tall/screen fencing – less eyes on the streets
        - Residents walk and bike a lot
            - Want more separated bike lanes
            - Increase ADA accessibility
        - Ybor Hts – Abundance of stormwater ponds through neighborhoods
            - Open up to become a park/ public use
            - Make better use of land for more commercial or residential development
            - There are not as many flooding issues in the area
        - VM Ybor – Narrow streets with parallel parking in neighborhoods
            - Neighborhood is a good mix of historic and infill – protect historic homes/structures
            - Older neighborhood = older sidewalks; needs better maintenance
    - Furnishings
        - Lighting and greater visibility – Crimes happen in streets with bad lighting
        - Bus stops need cover/roof and seating
        - Fencing – chain link is not nice to look at/change to other fencing; vinyl/wood fence could be nice for separation and privacy, especially around commercial properties; tall fencing = less eyes on the street and creates tunnel feeling/unsafe
    - Landscape
        - Need better tree/landscape maintenance from the City and implement more landscaping throughout neighborhood
    - Social
        - Criminal activity
            - Prostitution, sexual assault, drug abuse and drug dealing, shootings, and homelessness
                - The homeless break into abandoned bldgs for a place to stay
                - The homeless burn down buildings (next to La Altagracia Grocery, 2805 N 12th St, 33605)
                - Solutions for homeless: food… need housing and opportunities to learn to re-enter the community and workforce

        - Homeless liaisons: Officer Jessica Campbell and MPO Stephanie Haley
    - Police just responds to drug use and homeless with "It's your problem, not ours."
    - Unsafe parks = less residents wanting to live/move into the area
    - Unsafe streets = less businesses will invest in community
- Economic development
    - Need more incentives/opportunities for economic development along Nebraska Ave – lowers rate of crime (prostitution, homelessness)
    - Crab Devil (3800 FL-45, Tampa, FL 33603)
        - multi-media art collective and brewery
        - Opportunity for community engagement and circular economy
- Redlining – strict criteria on specific services and goods that often disadvantage poor and minority communities
- Neighborhoods are food deserts – need to drive to grocery stores
    - Closest are Publix, Walmart and Winn-Dixie outside of neighborhoods
    - Convenient stores are plentiful, but expensive and sometimes unsafe

- **Ragan Park**
    - Residents frequent the Park and it's well-maintained
    - Needs increased garbage pickup, increase dogi pot stations
    - "No loitering" and "Please clean up" signs help
    - Need for a Senior Center in the neighborhoods
- **Nebraska Ave + Lake Ave**
    - City encouraged owners to turn bighted building into business (food hall?)
    - Liquor Bldg across the street has out-of-state owners that are getting daily fines
        - Has had issues with past contractor and haven't done anything to the property since
        - Can $$ from fines recirculate and
    - Nebraska is not safe for ped and bike
        - Narrow sidewalks
        - Crime; Drive-by shootings
- **Borrell Park (808 E 26th Ave, 33603)**
    - Lots of crime – see above
        - Deeper Life Christian Church (3300 N Nebraska Ave, 33603)
            - feeds the homeless 3 meals a day and people tend to stay nearby/at Borrell Park
            - Needs to be better about cleaning up neighborhood after handing out food so there's less litter in the neighborhoods
        - Homeless overrun the park pre-pandemic, still some currently
        - Potentially accepting Mafia money???
    - Residents would love to be able to use the park but currently do not
        - Add dog park within Borrell Park
- **Trinity Café + Checkers**
    - Checkers (3002 N Nebraska Ave, 33603)

- Trinity Café (2801 N Nebraska Ave, 33602)
  - Feeds the homeless
- Crime increases as you get closer to Nebraska Ave + Floribraska Ave intersection
- Needs surveillance; traffic cameras would be a start
- Needs to be better about cleaning up neighborhood after handing out food so there's less litter in the neighborhoods

Meeting Notes

To	Cedric McCray, Vanassa Ross, Brett Burke – ETCRA Management and Staff Team
CC	Michelle VanLoan, Director, Community Redevelopment Department
Subject	Summary of Initial SAP DRAFT comments
Project	East Tampa CRA Strategic Action Plan
From:	Pete Sechler
Date	February 21, 2022

Please find meeting notes from our February 8th (ETCRP) and February 17th (Public) meetings to review the general structure, content, and intent of the ETCRA Strategic Action Plan. As you know, these meetings were held, in addition to the Feb 1 ETCAC briefing to provide an overview of the organization of the SAP, building upon our work throughout 2021, including the specific detailed presentations on April 13 (Community Input Summary) and September 7 (SAP Progress Review and Themes Recommendations).

I recognize that we still have some time for comments to continue to come in through the website, the CRA office/comment cards, and the CAC – which includes the March 2 meeting. So, we will continue to field input and feedback, but I thought it would be useful to provide some characterization of the feedback gained so far.

The below notes are based on initial comments and impressions so far – I'm sure we will continue to gain input.

Positive Response:

1. General Structure of Report and Themes. We believe that most people we have interacted with understand the organization of the report and content from past interactions.

    a. The people that have been with us throughout the project have a strong continuity of the Process, Community Themes (including the summary of Input and Actions) and very strong energy around the ideas embedded in the Vision Sketches, particularly related to our large presentations (still online) in April and September 2021.

    b. I believe that for people that have begun only attending meetings more recently engaged, they understand the report and have shown support for the ideas and the Visualizations for the future of East Tampa. However, they naturally have questions about the report, the process and how the conclusions came about.

2. There is a positive response to the technical work, such as the TIF Projections (particularly the encouraging revenue projections, even in our most 'conservative' (low) calculations.

3. There has been a general understanding and support of the Community Themes as a format for budgeting, and the flexibility for future Fiscal Year budgeting for existing programs as well as future CRP & CAC driven initiatives as well as emergent opportunities. There is also general support for the Community Themes as a rubric for organizing highly diverse needs, opportunities, and initiatives across such as large geography.

4. I think that through explanation, the community has come to understand that a large amount of background information has been gathered to compare community goals with existing City initiatives – including areas of alignment and areas where there are gaps.
    a. A significant outcome of this process has been to illuminate to various City Departments and other local leaders what the areas of concern and desired aspirations are from the ETCRA SAP participants. There are many areas of alignment and potential partnership / leveraged and new awareness for members of the City staff and other entities.

Areas of Critique and Discussion:

1. There is a desire from some to include more specific 'how to get started' information embedded in the recommendations. Two general areas of comment:
    a. The Plan could 'spell out' what the sequence of initial steps should be for each Action.
        i. I think this is an area where we can provide the initial steps or initial 'assignments' for the CAC and/or Subcommittees for several of the Actions.
        ii. Some of this feedback regards perception of intent for an SAP for East Tampa at this time based on the input over the last 14 months…Is the SAP ***Prescriptive or Descriptive.***
        iii. While some prescribed 'assignments' or 'lists' of focus elements would be helpful, we also don't want to go too far in being rigidly prescriptive for the future. We have intentionally described the CRA in a manner that carefully articulates the desired types of outcomes, while leaving flexibility for future decisions and initiatives to be considered for Action or Funding by future CAC's as each opportunity is viewed through the lens of the Community Based Themes. This has been a consistent area of input during the process – flexibility for the ETCRA to control it's own destiny and make informed decisions as it builds its future.

    b. Comparison to the 2009 SAP or other SAP's regarding specific recommendations.
        i. We have reviewed these documents and will make some adjustments in specificity in some areas based on input, but also note that the structure and form of the DRAFT SAP Recommendations is based on the input and process in 2021 in East Tampa.

2. There is concern that the intent or priority of some of the Action Statements needs to be more clearly stated as being 'for economic development purposes'.
    a. This is an important idea so that future decisions to have a linkage back to this fundamental purpose of the CRA. We can underscore this type of language in the document.

3. Consider the need for building enhancement grants or loan assistance for commercial buildings that assist in 'building code' types of issues such as mechanical, electric, plumbing, structural, roof and ADA accommodations.
    a. These types of programs are referred to in the document, but we can amplify and clarify this important idea.

4. There is a desire for the plan to identify existing available grants and loan programs. We can list.

5. There is a desire for the plan to provide additional information regarding the accomplishments of the ETCRA. These reports exist historically with the CRA, and we can provide a list of highlights.

5. Define some of the Action terms such as 'support' to protect that they are not misconstrued in future as meaning that this means that the CRA shall be the sole funder.
    a. Agreed - future CAC's need to have flexibility in deciding what community support looks like on a case-by-case basis, including whether capital funds (CRA TIF revenues) are to be used to assist in funding a project in whole or in partnership.

Other Discussion:

1. Comments regarding details such as 'fix the curb' or 'fix the light' at a given location. We believe this level of detail is best served by working thru the organizations of the CRP, CAC Subcommittees and CAC for recommendations for specific detailed solutions. We also believe these are issues that can be address through collaboration with City Departments as they are the entities most likely to implement.

2. Comments regarding a personal preference of one project initiative over another. Two types:

    a. There might be a preference for preferred first location for pond to park restoration or one street vs another. We will further articulate some of the possible locations for improvements beyond the maps provided. However, we think the Themes and Vision Drawings layout the ideas and the CRP and CAC Subcommittees should be the platform for bringing preferred early action projects forward so that the engaged community is deciding where to start and where to invest funding each fiscal year.

    b. There have been some comments that some of the Themes are not important investment ideas. We caution against this position. The input we received during the process from residents, businesses, youth, and community leaders was extremely diverse! Even to point that when we suggested a consolidation of the 10 Themes to a smaller group of 5, there was push back because of a desire that each of the Themes be given a clear and equal voice in the SAP. Through the budgeting process, and the general requirements of each initiative, the community, CAC and ETCRA can decide how what level of resources go to each Theme each Fiscal year. Obviously, Today, Residential Grant / Loan programs are the most heavily funded and those funds should be distributed over time. Capital projects, as they come on-line will also tend to cost more based on the level of partnership/leadership the ETCRA takes on for a given assignment. But every Theme is considered valuable and important to mission.

3. We have received some comments to ensure that additional community partners are listed. This includes groups such as the CDC, EDC, Black Business Investment Fund, and certain lending institutions who have made implicit or explicit commitments to partner with the community. We will add those additional partnering names as examples, and certainly invite all potential partners!

4. General comments regarding 'over-promising' in the drawings or breadth of the plan and the ability to 'follow through'.
    a. We believe all the ideas shown in the drawings are important and well grounded in input we received through the process.
    b. We also believe that it is important (based on input) that this SAP shows the positive potential of East Tampa across a range of issues.
    c. Each 'idea' shown in the drawings are based on reasonably actionable possibilities for East Tampa at that location or contains ideas applicable to other areas of East Tampa.
    d. The Themes and Vision drawings show a range of ideas that represent broad topics gained from all the participants. Continued discussion and local CRA leadership will continue to determine priority and emphasis.
    c. Follow-through is discussed in Theme 10, and capacity building and commitment and shared interests have already taken shape relative to some topics during and because of the planning process.

All that said, we look forward to continued comments and will be preparing to address input, amplify certain topics or include certain additional pieces of information going forward as we continue to field response to the DRAFT ETCRA SAP.

Economic Development and Opportunities Technical Report

The following areas of study were compiled, analyzed and projected using several data sets, including ESRI 2021, CoStar, U.S. Census Bureau, Florida Department of Revenue, Hillsborough County Property Appraiser and Taxing Office. These data and the outcomes of the analysis by GAI Consultants were used as input to the Projected Future Tax Increment Fund Collections. Alternative estimated annual revenue collection projections are characterized as "Low, Medium, or High" dependent on numerous economic variables, evaluated through internal proprietary analysis conducted by GAI Consultants, Inc.

This Detailed Technical Memorandum is intended to provide backup supplemental documentation to the detailed Technical Inventory discussed in Chapter 5 of the ETCRA SAP Report.

Summary Technical Report Topics Include:

1. Demographic & Economic Characteristics
   a. Population
   b. Age Distribution
   c. Race & Ethnicity
   d. Academic Achievement
   e. Residential Housing Characteristics
   f. Household Income
   g. Spending Behaviors
2. Area Employment Characteristics
   a. Jobs By Industry Sector
   b. Employment Trends
3. Market Analysis
   a. Office Market Trends
   b. Retail Market Analysis
   c. Industrial and Flex Market Trends
   d. Multi-Family Market Trends
   e. Investment Opportunities
4. ETCRA Tax Increment Fund Collection Tables
   a. ETCRA Historic (past Fiscal Years) TIF Collections Table
   b. ETCRA Estimated Future TIF Collections (Low, Medium, High).

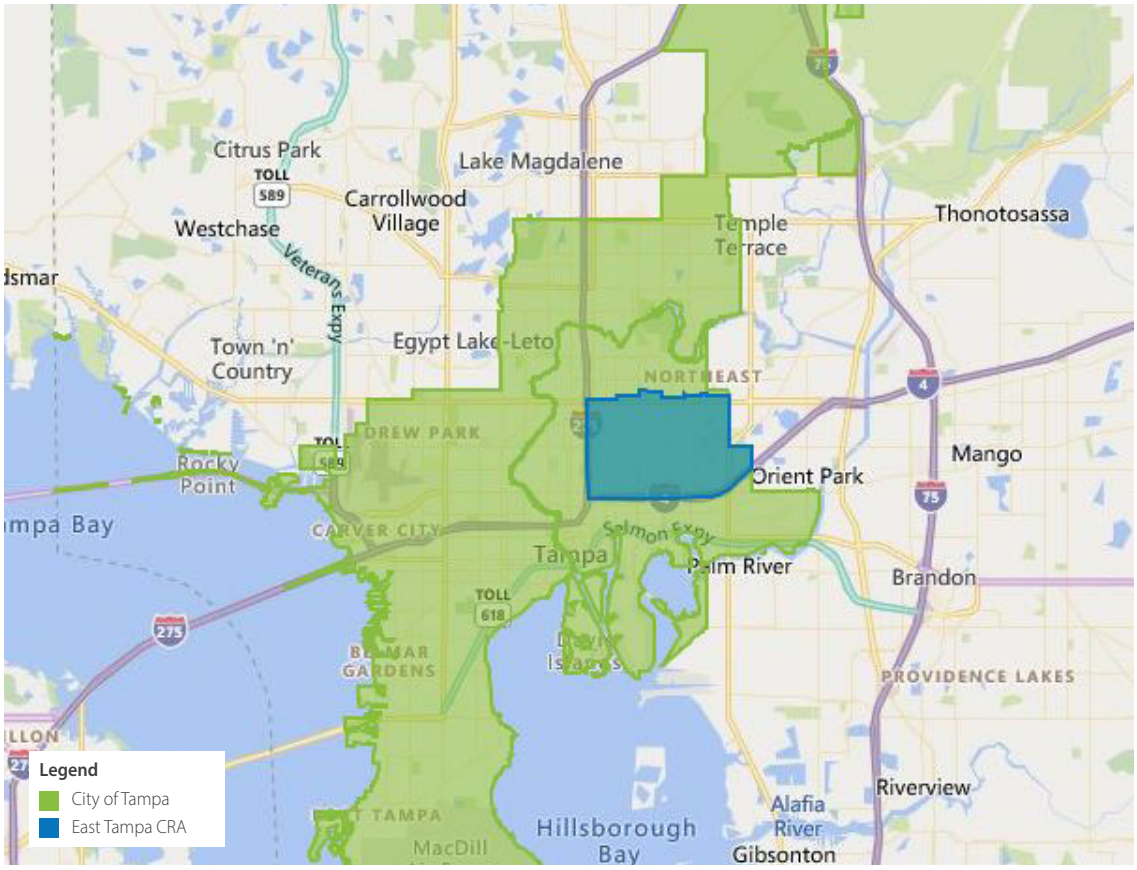
Economic Development & Opportunities Technical Report

This Strategic Action Plan seeks to stimulate productive and effective economic development within the East Tampa Community Redevelopment Agency ("CRA"). A summary of the demographic and economic analysis, market analysis and assessment of market conditions, trends impacting development, and investment opportunities within the East Tampa CRA is presented in this section. The demographic and economic analysis reports on the demographic benchmarking data, as well as other various economic indicators and future projections. The information gathered helps defines the nuances and niches in the market characteristics of the CRA which may not be readily apparent. Additionally, the market analysis reports on the existing economic conditions of the CRA, provides recommendations for the type and scale of new development, and essentially sets the stage for East Tampa's redevelopment strategies. A series of overarching recommendations, which are intended to strategically promote the redevelopment effort, follow in this section. Importantly, the market-based findings and programmatic recommendations herein will be utilized to aid in the non-proprietary Tax Increment Financing ("TIF") projection model that will calculate projected increment growth associated with property value increases associated with market driven escalations, as well as property improvement occurring through redevelopment.

Demographic & Economic Characteristics

There are many key economic indicators to consider when determining the market characteristics of a CRA which may not be readily apparent, these include: population, age distribution, ethnicity, and academic achievement. Overall housing characteristics, income and poverty levels, and consumer spending are also important economic variables to consider. These factors can greatly impact the operation and success of a CRA within a specific location. For purposes of this analysis, the primary market has been defined as the East Tampa CRA, with the secondary and tertiary markets defined as the City of Tampa ("City") and Hillsborough County ("County"), respectively. In some instances, the Tampa-St. Petersburg-Clearwater Metropolitan Statistical Area ("MSA"), and the State of Florida have also been included as a comparison. These area definitions are intended to illustrate the characteristics of the market within which the CRA resides. The primary and secondary markets are illustrated in the map below.

Figure 1. City of Tampa and East Tampa CRA Boundary Map



As detailed within the following pages, these demographic and economic characteristics reflect the unique marketplace of the East Tampa CRA as of year-to-date ("YTD") 2021 (Auguest 2021).

POPULATION

According to the U.S. Census Bureau, the population of the CRA is estimated to be 35,740; the population of the City is estimated to be about 391,650; and the population of the County is estimated to be nearly 1.5 million as of year-to-date 2021. As such, the CRA accounts for 9.1% of the population within the City, and 2.4% of the population within the County. From 2010 to 2021, the population within the City and the County has grown approximately 16.7% and 21.7%, respectively. In addition, the population within the CRA also grew 10.2% from 2010 to 2021. To provide a frame of reference, the population within the MSA has grown 16.0%, and the population within the State of Florida has grown 15.6%, over this same time period.

Additionally, the CRA is approximately 7.5 square miles, whereas the City and the County are 175.2 and 1,266 square miles, respectively. The CRA makes up approximately 4.3% of the total land area within the City, and 0.6% of the total land area within the County. Furthermore, the CRA has a density of about 4,746 persons per square mile, whereas, the City and the County have an estimated density of 2,235 and 1,182 persons per square mile as of year-to-date 2021. Although the density is about 47.1% larger in the primary market compared to the secondary market, the land area within the CRA is much smaller.

AGE DISTRIBUTION

Age distribution is another important factor when examining the market characteristics of a CRA. Within the East Tampa CRA, the median age is approximately 35.4 years old, which is slightly lower than the median age observed within the City and County, at 36.0 and 37.3 years old, respectively. To provide a frame of reference, the median age within the MSA and State of Florida is 43.2 and 42.5, respectively, which are slightly higher than the median ages observed within the smaller markets. In the CRA, approximately 63.4% of the population are between the ages of 15 to 64, which is defined as the typical working-age population. In comparison, about 68.9% and 66.6% represent the working-age population within the City and the County, respectively. This indicates that there is a larger percent of the population considered to be working class within the City and the County compared to the CRA, which may suggest that the CRA has a population that is slightly younger and not in the workforce yet, as illustrated in Figure 2.

Additionally, 28.0% of the population are younger than 18, and 16.0% are 65 years old and over within the CRA. The City has a slightly similar demographic breakdown; 21.4% are younger than 18, and 12.3% are older than 65. Whereas, the MSA has a slightly older population with only 19.9% of the population younger than 18, and 19.8% older than 65. Figure 3 on the following page illustrates the age distribution for the East Tampa CRA as of year-to-date 2021, with the working-age population highlighted.

RACE AND ETHNICITY

A demographic area with a racially and ethnically diverse population base is beneficial for a Community Redevelopment Agency ("CRA"). Approximately, 73.0% of the population in the CRA is classified as Black/African American, followed by 20.0% classified as White, and 19.0% classified as Hispanic or Latino ethnicity. The racial and ethnic composition within the City and County is significantly different; with 65.4% classified as White and 23.6% classified as Black/African American in the City, and 74.1% classified as White and 18.0% classified as Black/African American in the County. The breakdown of the ethnicity within the CRA, compared to that of the City and the County are represented in the table below.

Table 1. Ethnicity Distribution of the CRA, City, and County, 2021 YTD

	CRA	City	County
White Race, includes Ethnicities*	20.0%	65.4%	74.1%
Black or African American, includes Ethnicities*	73.0%	23.6%	18.0%
American Indian and Alaska Native, includes Ethnicities*	0.4%	0.3%	0.5%
Asian, includes Ethnicities*	0.4%	4.3%	4.4%
Native Hawaiian/Other Pacific Islander, includes Ethnicities*	0.0%	0.1%	0.1%
Two or More Races, includes Ethnicities*	3.0%	3.9%	2.9%
Hispanic or Latino Ethnicity, percent (regardless of race)	19.0%	26.4%	29.7%
White Race Alone, no Hispanic or Latino Ethnicity	11.0%	44.6%	47.7%

Sources: ESRI 2021 Estimates; GAI Consultants.
**Note: There is some 'double counting' within the US Census Data regarding Ethnicity. This is because the definition of 'Race' is not the same as the definition of 'Ethnicity' such as people of Hispanic origin. People may choose to report more than one race to indicate their racial mixture, such as "African American" and "White." People who identify their origin (ethnicity) as Hispanic, Latino, or Spanish may be of any race. The conclusion of this table may be more broadly stated that over 70% of East Tampa identifies Racially as African American (regardless of Ethnicity), 19% identifies as Hispanic or Latino Ethnicity (regardless of Race), and between 11% and 20% of East Tampa identifies as Racially white with white ethnicity or some % of additional ethnicity. These proportions trend as 'more Racially African American' than the City or the County. ACADEMIC ACHIEVEMENT

Academic achievement refers to the level of schooling a person has successfully completed. According to ESRI, 77% of the population within the CRA had obtained their high school diploma or a more advanced degree as of year-to-date 2021. However, only 21% of the population within the CRA has a bachelor's or graduate/professional degree. The City and the County have slightly higher high school graduation rates than that of the CRA, at about 90% and 92%, respectively of the population within the City and the County have obtained a high school diploma or greater. Additionally, 52% and 48% of the population within the City and the County, respectively, has a bachelor's or more advanced degree. This indicates that the demographic within the CRA has a slightly lower academic achievement when compared to the City and the County as a whole. This is evident in the percent of the population within the CRA that has some high school experience but no diploma, at about 23%. Whereas, the City and the County only have about 9% of their populations who did not graduate high-school. The estimated academic achievement for the CRA and the City as of year-to-date 2021 is illustrated in the figures on the following page.

HOUSING CHARACTERISTICS

According to ESRI, there were approximately 12,250 housing units within the CRA as of year-to-date 2021. The total number of housing units within the CRA comprise approximately 7.7% and 2.1% of the housing units within the City and the County, respectively. The average household size within the CRA is about 2.9 persons per household, which is slightly higher than the average household size of the City and the County as 2.4 and 2.6 persons per household, respectively. To provide a frame of reference, the average household size within the MSA and State of Florida is 2.4 and 2.5 persons per household, respectively, which lies between the average household size of the smaller markets.

Additionally, the average home value within the CRA was estimated at $214,459 as of year-to-date 2021. Comparatively, the average home value within the City is approximately 178% greater than the average home value within the CRA, at $381,878; whereas, the average home value within the County is 149% greater than that of the CRA, at $319,569. This indicates that the average home value within the CRA is significantly lower than the average home value within the City and the County. As a point of reference, the average home value within the MSA and the State of Florida as of year-to-date 2021 is estimated to be $301,564 and $334,606, respectively. It is interesting to note that as of year-to-date 2021, the household unemployment rate within the CRA, at 10.0%, was significantly higher than that of the City and County, at 5.4% and 4.6%, respectively.

INCOME

Income is another important factor to consider when examining the market characteristics of a CRA because it indicates a broad measurement of an individuals' spending potential and their general ability to purchase a variety of goods and services within the specific marketplace. According to ESRI, the average household income within the CRA was estimated to be $44,616 as of year-to-date 2021. The average household income within the City and the County is significantly higher than that of the CRA, at about $89,602 observed within the City and $87,185 within the County, as illustrated in Figure 5 on the following page. As a point of reference, the average household income at $83,820 within the State of Florida is higher than the average household income within the CRA but slightly smaller than that observed in the smaller markets.

Additionally, the average disposable income, the income remaining after deduction of taxes and other mandatory charges, is about $37,962 within the CRA. Whereas, the disposable income within the City is 182.6% greater and the County is 182.7% greater than that observed within the CRA. To provide a frame of reference, the average disposable income within the MSA and the State of Florida as of year-to-date 2021 was $66,461 and $67,260, respectively, which are significantly greater than the disposable income observed within the CRA. The figure on the following page illustrates the average household income, average disposable income and the average per capita income for the CRA, the City, and the County as of year-to-date 2021.

SPENDING BEHAVIORS

In 2020, total expenditures within the CRA was estimated to be about $479.2 million, with consumers spending about 31.9% on housing, 29.9% on retail goods, 12.0% on food, and 8.2% on health care. The adjacent figure 6 represents the breakdown of consumer spending within the CRA.

In addition, total expenditures within the CRA make up approximately 3.9% of the consumer spending within the City, and 1.1% within the County as of year-end 2020. Similar to the CRA, housing and retail goods comprise the majority of consumer spending within the City and the County. As of year-end 2020, annual expenditures in the City were approximately $12.3 billion, and $42.7 billion in the County. The breakdown of consumer spending for the CRA in thousands is illustrated in Figure 7 below, with the capture of the consumer spending within the City highlighted.

Area Employment Characteristics

A diverse industry base within a specific market area's workforce can be a sign of a healthy economy as it boosts the variety of available employment and interested companies in the specific area. The key components to employment which should be considered when analyzing the overall business and employment market of the East Tampa CRA include: jobs by industry sector, and employment trends within the defined market areas. There are currently 1,189 businesses within the CRA as of year-to-date 2021. The CRA comprises approximately 4.9% of the total businesses within the City, at 24,376 businesses; and 2.0% of the total businesses within the County, at 58,310 businesses.

JOBS BY INDUSTRY SECTOR

The most current employment by sector data provided by the U.S. Census Bureau for Economic Studies for Hillsborough County, the City of Tampa, and the East Tampa CRA is year-end 2018, as shown in Table 2 below. In the County, health care and social assistance, retail trade, and professional and technical services dominate the employment sectors. Together, these employment industries comprise approximately 33.5% of total number of employees within Hillsborough County. In addition, professional and technical services, health care and social assistance, and educational services comprise the majority of the employment within the City of Tampa, accounting for 11.9%, 11.6%, and 11.3%, respectively, of total jobs within the City. Approximately 46.6% of total Hillsborough County jobs are located within the City of Tampa as of year-end 2018.

The CRA provides an employment picture somewhat different from that of the larger City or County, consistent with its general image as a major construction and warehousing center. In the CRA, although health care and social assistance dominate the employment sectors at about 15.4% of the total employment, transportation and warehousing, construction, and wholesale trade make up 33.5% of the total employment. Retail trade is another large industry within the CRA, and makes up 12.4% of the total employment. Although the CRA has a while collar workforce of 57%, the City and the County have a significantly higher white collar workforce at 72% and 70%, respectively.

EMPLOYMENT TRENDS

According to the U.S. Census Bureau for Economic Studies, the CRA had a total of nearly 11,694 employees in 2018. The total employment within the CRA makes up approximately 3.2% of the total employment within the City, at 360,449 employees; and 1.6% of the total employment within the County, at 731,788 employees. Additionally, the employee to population ratio for the CRA is about 0.35 jobs per persons. The City has a significantly higher ratio at 0.78 jobs per persons. Whereas, the County has only a slightly higher ratio at 0.44 jobs per persons. This indicates that there are more people residing in the CRA, than there are jobs. To provide a frame of reference, the MSA has an employee to population ratio of 0.41 jobs per persons, which is relatively in-line with the County.

In addition, total employment in the City and the County increased 3.5% and 4.1%, respectively, from 2017 to 2018. During this same time frame, total employment increased within the CRA by 3.0%. Over the last 10 years, from 2009 to 2018, employment within the CRA has grown at a compound annual growth rate ("CAGR") of 3.7%. Comparatively, the City and County have grown at a CAGR of approximately 2.3% and 2.5%, respectively, during this same time frame. The employment trends for the CRA are illustrated in Figure 8 below, with the CRA's capture of the City and County's total employment highlighted.

In addition, a location quotient ("LQ") is an analytical statistic that measures how concentrated a particular industry, cluster, occupation, or demographic is within an area. Figure 9 below illustrates the concentration of employment by industry sector within the CRA, as compared to a larger region, the City. The figure represents the industry sectors defined on the previous page. There appears to be zero industries in which the CRA and the City are equally specialized (LQ equals 1.0). The CRA has a higher concentration (LQ greater than 1.0) in the construction, manufacturing, wholesale trade, retail trade, transportation and warehousing, real estate and leasing, health care and social assistance, and other services excluding public administration sectors than the City.

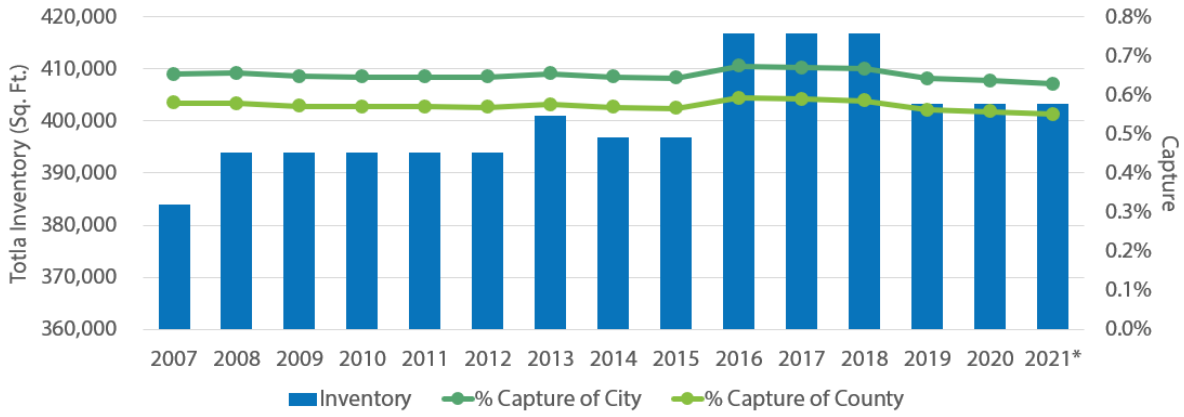
Market Analysis

This market analysis and assessment of market conditions within this Strategic Action Plan provides a summary of the existing inventory within the CRA, current economic conditions and trends which could impact potential development, and investment opportunities within the CRA. This market analysis helps set the stage for the type and scale of new development, as well as providing fundamental context for East Tampa's redevelopment strategies, as provided in the following section.

OFFICE MARKET TRENDS

As of year-to-date 2021, there is just over 403,330 square feet of total office space within the CRA, this space comprises approximately 0.6% of the total office space within the City, and 0.7% of the total office space within the County. Over the last 15 years, 2007 to 2021, office inventory has grown at a CAGR of 0.3%, gaining approximately 19,320 square feet of office space in two buildings since 2007. Figure 10 below illustrates the historic inventory of office space within the CRA, as compared to larger regions, the City and the County.

Figure 10. Office Inventory within the CRA, 2007-21 YTD



*Sources: ESRI 2021 Estimates; GAI Consultants. Note: *Represents Year-to-Date 2021.*

As a further comparison, average rental rates within the CRA's office market have also experienced significant growth over the last 15 years; increasing nearly 119%; from $13.96 observed in 2007 to $30.55 as of year-to-date 2021. The average rental rates within the CRA have been historically lower than those observed within the City and County, with the exception of the last two years where the average rental rates within the CRA were nearly $2.00 greater than the two larger regions, as illustrated in Figure 11 below.

Figure 11. Office Average Rental Rates, 2007-21 YTD

Although occupancy within the CRA's office market has fluctuated during this same time frame, occupancy has been consistently greater than that of the City and the County, as illustrated in Figure 12 below. Over the last 15 years, occupancy rates within the CRA's office market have increased 1.5%; from 95.8% observed in 2007 to 97.2% as of year-to-date 2021. Comparatively, occupancy rates within the City's office market has decreased 0.2% and increased in the County's office market by 0.09%, during this same time frame.

Figure 12. Office Occupancy Rates, 2007-21 YTD

RETAIL MARKET TRENDS

As of year-to-date 2021, there is just over 1.8 million square feet of total retail space within the CRA, this space comprises approximately 3.6% of the total retail space within the City, and 2.4% of the total retail space within the County. Over the last 15 years, 2007 to 2021, retail inventory has grown at a CAGR of 0.4%, gaining approximately 100,340 square feet of retail space in seven buildings since 2007. Figure 13 below illustrates the historic inventory of retail space within the CRA, as compared to larger regions, the City and the County.

Figure 13. Retail Inventory within the CRA, 2007-21 YTD

Although occupancy within the CRA's retail market has fluctuated during this same time frame, there appears to be a positive trend in rates for the CRA, and the larger regions. Over the last 15 years, occupancy rates within the CRA's retail market have increased 2.3%; from 95.7% observed in 2007 to 97.9% as of year-to-date 2021. During this same time frame, occupancy rates within the City and County increased 1.1% and 0.9%, respectively. In addition, occupancy has recently increased above that of the City and County by 1% as of year-to-date 2021, as illustrated in Figure 15 below.

Figure 15. Retail Occupancy Rates, 2007-21 YTD

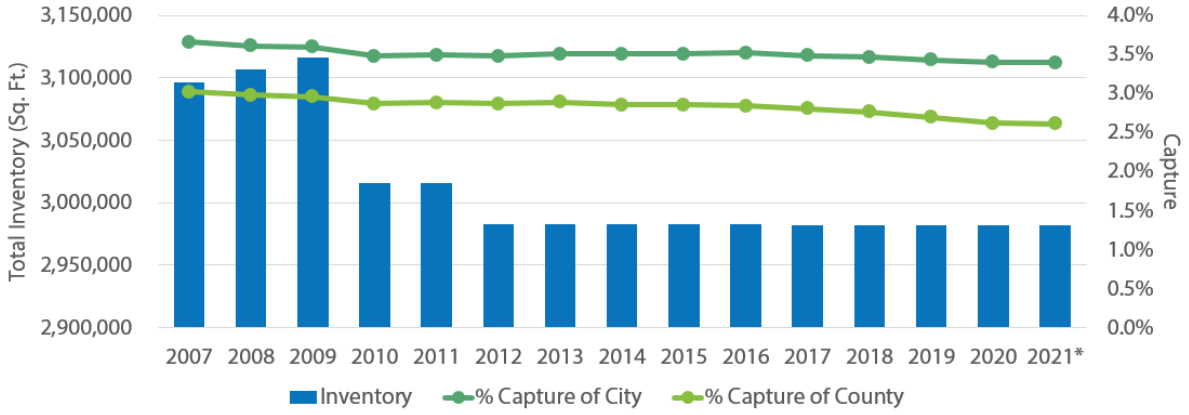
INDUSTRIAL AND FLEX MARKET TRENDS

As of year-to-date 2021, there is nearly 3.0 million square feet of total industrial and flex space within the CRA, this space comprises approximately 3.4% of the total industrial and flex space within the City, and 2.6% of the total industrial and flex space within the County. Over the last 15 years, industrial and flex inventory has decreased at a CAGR of 0.2%, losing approximately 114,100 square feet of industrial and flex space in three buildings since 2007. Figure 16 on the following page illustrates the historic inventory of industrial and flex space within the CRA, as compared to larger regions, the City and the County.

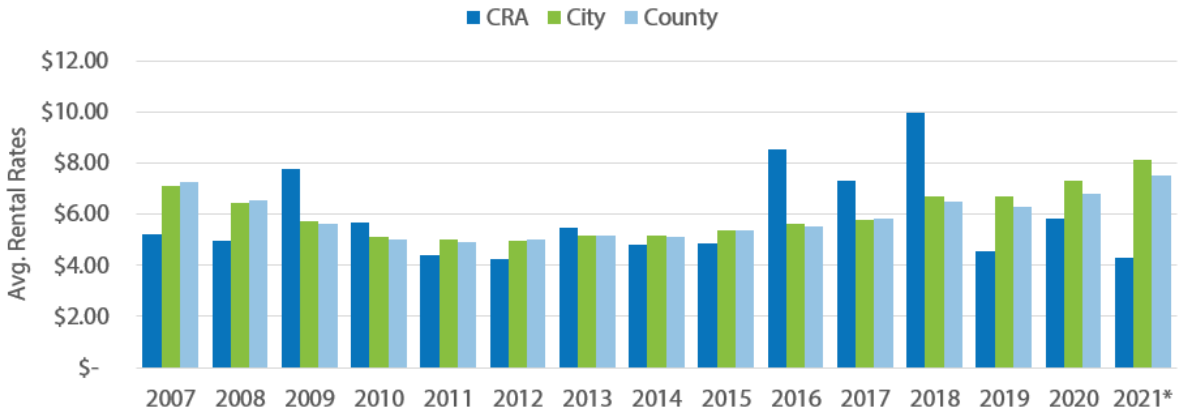
Figure 16. Industrial and Flex Inventory within the CRA, 2007-21 YTD



*Sources: ESRI 2021 Estimates; GAI Consultants. Note: **Represents Year-to-Date 2021.*

As a further comparison, average rental rates within the CRA's industrial and flex market have also experienced a significant decline over the last 15 years; decreasing approximately 17%; from $5.19 observed in 2007 to $4.29 as of year-to-date 2021. Comparatively, the average rental rates within the City and County have significantly increased by 14.1% and 3.9%, respectively, over this same time frame. Recently, the average rental rates within the CRA have dropped significantly below that of the City and County, by over a $3.00 difference as of year-to-date 2021, this is illustrated in Figure 17 below.

Figure 17. Industrial and Flex Average Rental Rates, 2007-21 YTD



*Sources: ESRI 2021 Estimates; GAI Consultants. Note: **Represents Year-to-Date 2021.*

Although occupancy within the CRA's industrial and flex market has fluctuated during this same time frame, occupancy has been consistently greater than that of the City and the County, with the exception of 2012 where occupancy fell below that of the larger regions, as illustrated in Figure 18 below. Over the last 15 years, occupancy rates within the CRA's industrial and flex market have increased 1.3%; from 96.7% observed in 2007 to 98.0% as of year-to-date 2021.

Figure 18. Industrial and Flex Occupancy Rates, 2007-21 YTD

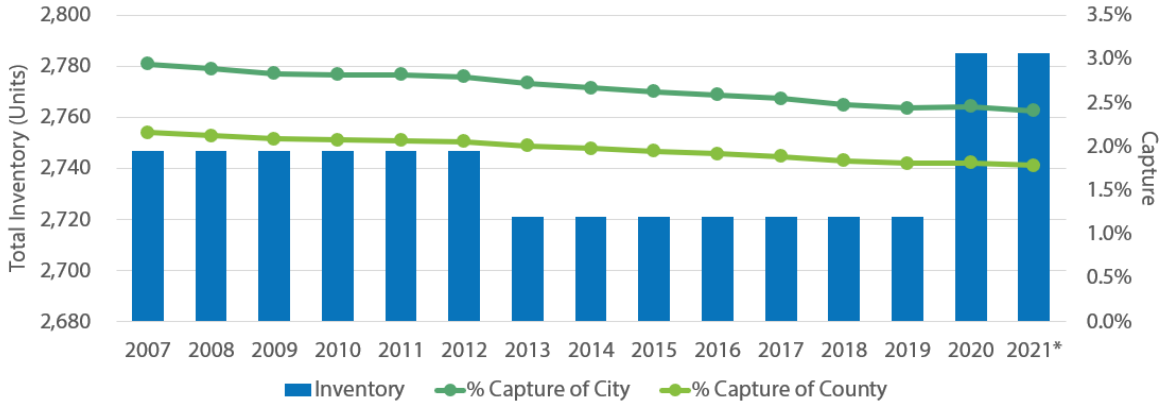
MULTI-FAMILY MARKET TRENDS

As of year-to-date 2021, there is just over 2,785 multi-family units within the CRA in about 53 buildings, these units comprise approximately 2.4% of the total multi-family units within the City, and 1.8% of the total multi-family units within the County. Over the last 15 years, multi-family inventory has grown at a CAGR of 0.1%, gaining approximately 38 multi-family units as the configuration of the existing multi-family buildings has changed since 2007 to create additional units. Figure 19 on the following page illustrates the historic inventory of multi-family units within the CRA, as compared to larger regions, the City and the County.

Figure 19. Multi-Family Inventory within the CRA, 2007-21 YTD

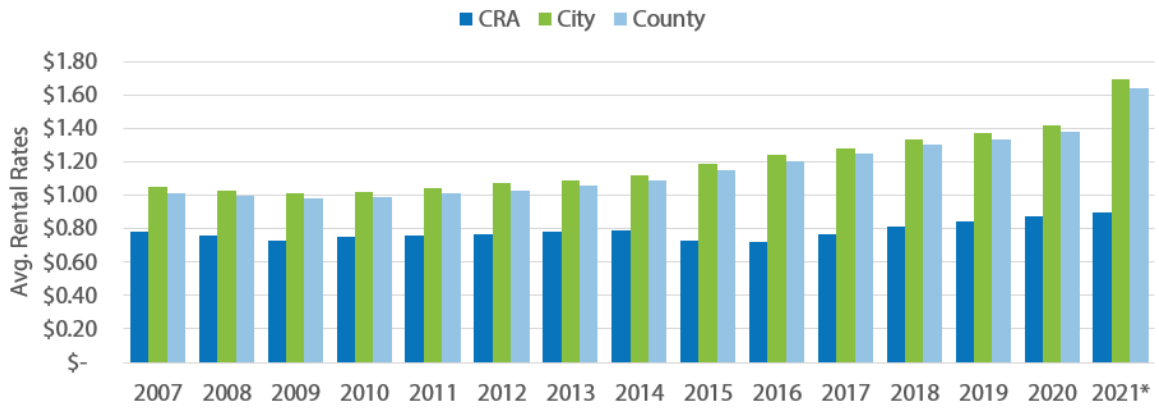


*Sources: ESRI 2021 Estimates; GAI Consultants. Note: **Represents Year-to-Date 2021.*

As a further comparison, average rental rates per square foot within the CRA's multi-family market have experienced significant growth over the last 15 years; increasing nearly 15%; from $0.78 per square foot observed in 2007 to $0.90 per square foot as of year-to-date 2021. Over the last 15 years, the average rental rates per square foot within the City and County have also experienced growth by 61% and 62%, respectively. Additionally, the average rental rates per unit over the last 15 years have also seen significant growth at approximately16%; from $779 per unit in 2007 to $900 per unit as of year-to-date 2021. The average rental rates within the CRA have been historically significantly lower than those

observed within the City and County. Whereas, the City and the County have experienced relatively similar average rental rates during this same time frame, with the City always slightly higher than that of the County, as illustrated in Figure 20 below.

Figure 20. Multi-Family Average Rental Rates, 2007-21 YTD



*Sources: ESRI 2021 Estimates; GAI Consultants. Note: **Represents Year-to-Date 2021.*

Occupancy within the CRA's multi-family market has experienced significant growth over the last 15 years, increasing 25.4% from 79.2% observed in 2007 to 99.3% observed as of year-to-date 2021. The significant growth in occupancy can be attributed to the rate of absorption within the CRA area. Absorption is the proportion of completed units that are or have been leased over a given period. The CRA experienced the greatest amount of absorption between 2007 and 2008, when 342 units were absorbed into the market, increasing the occupancy rate from 79.2% t o 91.6% as more rental units were occupied within this given year. Since 2008, the market has seen a relatively stable increase in occupancy and has remained consistently greater than that of the City and the County. Occupancy rates within the City and County have increased 5.6% and 5.0%, respectively, over the last 15 years. As of year-to-date 2021, the City and the County have almost identical occupancy rates, as illustrated in Figure 21 below.

INVESTMENT OPPORTUNITIES

For the purposes of this report, the analysis defines investment opportunities as for-sale commercial properties with a building size greater than 1,000 square feet, or with a land area greater than one acre. Within the East Tampa CRA there were three office properties, seven retail properties, two industrial/flex properties, and four multi-family properties that meet the minimum size criteria. Table 3 below represents the for-sale commercial properties address, sale price, price per square foot/unit, acreage, year built, and tenancy.

Notes: *Shaded years (2010-2020) reflect Final Taxable Value in Tax Increment Areas based off the DR 420 Tax Increment Adjustment Worksheet through FDOR.*

(1) Total Tax Increment assumes 95% of the increment less base value is collected from each of the City of Tampa and Port Authority Taxing Authorities, along with 76% of the increment collected from the Hillsborough County Taxing Authority.

(2) Total combined millage rates reflect rates for each of the three taxing authorities. The millage rates at 6.2076 for the City and 5.7309 for the County are assumed to stay the same

(3) Reflects annual TIF Revenues for all three taxing authorities combined.

(4) Reflects Preliminary Taxable Values for the year 2021 based off DR 420 forms.

(5) The Annual TIF Revenues for 2022 assume a conservative approach due to the prolonged impacts from COVID-19, therefore the Low, Medium, High scenarios for 2022 collections are the same. Additionally, this establishes a common 'baseline' of future projection using best available information regarding current economic activity in 2022.

(6) Annual Taxable Value growth includes the added taxable value from residential and commercial development and redevelopment within the tax increment area, including a 1% annual

Technical Analysis Maps Inventory

Attached are a group of Inventory Maps collected and created by the ETCRA SAP Planning & Engineering Team for reference in the planning process. These maps were gathered from available City of Tampa Department information, as well as relevant agencies, such as FDOT and HART. (Unless notes, all data is from City of Tampa). The files associated with the maps are also organized into one master Geographic Information System (ArcGIS) file that allows the ETCRA to access coordinated information from one consolidated database and update / maintain over time.

Once the data was gathered, in many cases the planning team provided color or other formatting to help make the information more legible. Information from these maps was cross references with community input and walking tour investigations, resulting in the 'Community Form/Synthesis' maps and diagrams found in Section 5 of the SAP report.
