RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

**PROJECT: 20-C-00046: Citywide Stormwater Gravity Rehabilitation by Cured-in-Place Pipe (C.I.P.P.) FY21**

**LOW BIDDER: Shenandoah General Construction, LLC**

**BID AMOUNT: \$409,325.00**

**U-WMBE (BBE) and SLBE Subcontract Goal: 9.0%**

**U-WMBE/SLBE Goal Attainment: 0.63 %**

**Good Faith Effort Compliance: Compliant – Met Requirements**

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Low Bidder Shenandoah General Construction, LLC., and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE/SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on three (3) out of three (3) potential subcontract categories wherein the requisite, eligible U-WMBE/SLBE companies represented limited availability within an overall underutilized group of nineteen (19) COT certified companies.

*NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.*

**U-WMBE/SLBE Subcontract Goal Attainment**

Category	Certification Type	Participation	Total
Dual Certified U-WMBE	BBE	SLBE	0.63%

**Ancillary Participation**

Certification Type	Participation	Total
WMBE	-0-	-0-

**Compliance Statement:** Total U-WMBE/SLBE participation is 0.63% representing dual certified BBE/SLBE (African American). The scope of CIPP requires specialized equipment and trained application technology. Subcontracting opportunity and availability is limited.
