Good Faith Effort Compliance Plan Guidelines

for Women/Minority Business Enterprise/Small Local Business Enterprise Participation

City of Tampa - Equal Business Opportunity Program
(MBD Form 50 - detailed instructions on page 2 of 2)

Contract Name ITB-22-C-00005-0-2022/AH Park Gravity Sewer Replacement Bid Date 4/19/22

Bidder/Proposer Kennings & Roodvoets, Inc.

Signature [Signature] Date 4/19/22

Name Marcus B. Tiley, Jr. Title Vice President

The Compliance Plan with attachments is a true account of Good Faith Efforts (GFE) made to achieve the participation goals as specified for Women/Minority Business Enterprises/Small Local Business Enterprises (WMBE/SLBE) on the referenced contract:

The WMBE/SLBE participation Goal is Met or Exceeded. See DMI Forms 10 and 20 which accurately report all subcontractors solicited and all subcontractors to-be-utilized.

The WMBE/SLBE participation Goal is Not Achieved. The following list is an overview of the baseline GFE action steps already performed. Furthermore, it is understood that these GFE requirements are weighted in the compliance evaluation based on the veracity and demonstrable degree of documentation provided with the bid/proposal:

(Check applicable boxes below. Must enclose supporting documents accordingly with remarks)

- (1) Solicited through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Proposer must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Proposer must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. See DMI report forms for subcontractors solicited. See enclosed supplemental data on solicitation efforts. Qualifying Remarks: Please see the USB flash drive for phone and email log listing solicited firms. This file also includes additional information showing all dates of contact made.
- (2) Provided interested WMBE/SLBEs with adequate, specific scope information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the requested-scope identified by bidder/proposer for the solicitation. See enclosed actual solicitations used. Qualifying Remarks: Solicitation letter as well as emails included the scope of work to be performed on the job as well as information regarding how to access plans, specs, addenda and how to contact our office for questions.
- (3) Negotiated in good faith with interested WMBE/SLBEs that have submitted bids (e.g. adjusted quantities or scale). Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. Additional costs involved in soliciting and using subcontractors is not a sufficient reason for a bidder/proposer's failure to meet goals or achieve participation, as long as such costs are reasonable. Bidders are not required to accept excessive quotes in order to meet the goal. DMI Utilized Forms for sub-(contractor/consultant) reflect genuine negotiations This project is an RFQ/RFP in nature and negotiations are limited to clarifications of scope/specifications and qualifications. See enclosed documentation. Qualifying Remarks: Please review the Good Faith Efforts Phone/Email Log along with the PDF file containing all emails.
- (4) Not rejecting WMBE/SLBEs as being unqualified without justification based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations / associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. Not applicable. See attached justification for rejection of a subcontractor's bid or proposal. Qualifying Remarks:
- (5) Made scope(s) of work available to WMBE/SLBE subcontractors and suppliers; and, segmented portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. See enclosed comments. Qualifying Remarks:
- (6) Made good faith efforts, despite the ability or desire of Bidder/Proposer to perform the work of a contract with its own forces/organization. A Bidder/Proposer who desires to self-perform the work of a contract must demonstrate good faith efforts if the goal has not been met. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. Qualifying Remarks:
- (7) Segmented portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units (quantities/scale) to facilitate WMBE/SLBE participation, even when the Bidder/Proposer might otherwise prefer to perform these work items with its own forces. Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. Sub-Contractors were not prohibited from submitting bids/proposals and were solicited on work typically self-performed by the prime. See enclosed comments. Qualifying Remarks:
- (8) Made efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. See enclosed documentation on initiatives undertaken and methods to accomplish. Qualifying Remarks:
- (9) Made efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in an acceptable mentor-protégé program. See enclosed documentation of initiatives and/or agreements. Qualifying Remarks:
- (10) Effectively used the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. See enclosed documentation. The following services were used: City of Tampa's Vendor Directory as well as the City's EBO office.

Note: Provide any unsolicited information that will support the Bid/RFP Compliance Evaluation. Named Documents Are:

RE: EBO Bid Compliance Evaluation - GFCEP Solicitation and Utilization Audit

PROJECT: 22-C-00005 Park Gravity Sewer Replacement
LOW BIDDER: Kamminga & Roodvoets, Inc (Sole Bidder)
BID AMOUNT: \$2,361,900.50

U-WMBE (BBE) and SLBE Subcontract Goal: 21.0%
U-WMBE/SLBE Goal Attainment: 1.38%
Good Faith Effort Compliance: Compliant-Met Requirements

The Equal Business Opportunity Office evaluated the Good Faith Effort Compliance Plan (GFCEP) submitted by Sole Bidder Kamminga, Roodvoets, Inc and determined they complied with the requirements of the Equal Business Opportunity Program (EBO) at time of bid by having performed meaningful action steps to (a) identify and (b) directly solicit Underutilized-WMBE/SLBE eligible companies to quote divisions of work commensurate with the participation goal. The project goal was narrowly tailored based on eight (8) out of ten (10) subcontract categories wherein the requisite, eligible U-WMBE/SLBE companies represented a minimum availability group of sixty (60+) firms, within an overall availability group of one hundred forty (140+) available COT certified companies by subcontract tasks.

NOTE: The subcontract goal is narrowly tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the narrowly tailored goal is considered ancillary. Ancillary participation cannot be credited toward meeting the narrowly tailored goal but may count toward the bidder's overall project participation when GFCEP criteria for the underutilized group are met.

U-WMBE/SLBE Subcontract Goal Attainment

Certification Type	Classification	Classification	Totals
U-WMBE/SLBE	BBE = .21%	SLBE = 1.17%	1.38%

Ancillary Participation

Certification Type	Classification	Totals
WMBE	WBE	6.15%

Compliance Statement: Total EBO participation is 7.5% of which WBE (Woman-owned) is 6.15% and BBE/SLBE is 1.38%. The scope of Cured-In-Place-Pipe (CIPP) requires specialized equipment and trained application technology. Subcontracting opportunities and vendor availability are limited.
