Good Faith Effort Compliance Plan

for Women/Minority Business Enterprise\Small Local Business Subcontracting

Contract 13-C-00020 Osborne Pumping Station Bid Date ~~July 23, 2013~~ August 6, 2013

Signature John H. Granger Date 8/6/2013

Name John H. Granger Title Pres.

The following Compliance Plan is a true report of Good Faith Efforts made to accomplish subcontracting goals for Women/Minority Business Enterprise/Small Local Business Enterprises, WMBE/SLBEs, on the referenced contract:

☒ **The goal for WMBE/SLBE participation has been met or exceeded. See the DMI form reporting subcontractors to be utilized.**

(Check Box, if appropriate; the remainder of the Compliance Plan need not be reported.)

☐ **The goal for WMBE/SLBE participation has not been met. The following is a recap of Good Faith Efforts made:**

(Check applicable boxes below. Enclose additional documents, and/or add remarks below as needed.)

(1) Soliciting through reasonable and available means the interest of WMBE/SLBEs that have the capability to perform the work of the contract. The Bidder or Contractor must solicit this interest within sufficient time to allow the WMBE/SLBEs to respond. The Bidder or Contractor must take appropriate steps to follow up initial solicitations with interested WMBE/SLBEs. ☐ See DMI report forms for subcontractors solicited. ☐ See enclosed supplemental data on solicitation efforts. ☐ Remarks:

(2) Providing interested WMBE/SLBEs with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation. ☐ See enclosed sample solicitation. ☐ Remarks:

(3) Negotiating in good faith with interested WMBE/SLBEs that have submitted bids. Documentation of negotiation must include the names, addresses, and telephone numbers of WMBE/SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with WMBE/SLBEs to perform the work. That there may be some additional costs involved in soliciting and using WMBE/SLBEs is not a sufficient reason for a contractor's failure to meet the goals, as long as such costs are reasonable. Bidders are not required to accept higher quotes in order to meet the goal. ☐ DMI subcontractor-utilized forms reflect successful negotiations ☐ This project is of a low-bid nature and negotiations are limited to clarifications of scope and specifications. ☐ See enclosed document. ☐ Remarks:

(4) Not rejecting WMBE/SLBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The WMBE/SLBEs standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. ☐ Not applicable. ☐ See attached explanation for rejection of a low-bidding subcontractor's bid. ☐ Remarks:

(5) Making a portion of the work available to WMBE/SLBE subcontractors and suppliers and to select those portions of the work or material consistent with the available WMBE/SLBE subcontractors and suppliers, so as to facilitate meeting the goal. ☐ Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. ☐ See enclosed comments. ☐ Remarks:

(6) Making good faith efforts, despite the ability or desire of a Bidder or Contractor to perform the work of a contract with its own organization. A Bidder or Contractor who desires to self-perform the work of a contract must demonstrate good faith efforts unless the goal has been met. ☐ Sub-Contractors were not prohibited from submitting bids on work not usually sub-contracted. ☐ Remarks:

(7) Selecting portions of the work to be performed by WMBE/SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate WMBE/SLBE participation, even when the Bidder or Contractor might otherwise prefer to perform these work items with its own forces. ☐ Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. ☐ Sub-Contractors were not prohibited from submitting bids on work not usually sub-contracted. ☐ See enclosed comments. ☐ Remarks:

(8) Making efforts to assist interested WMBE/SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. ☐ See enclosed sample solicitation ☐ see enclosed document. ☐ Remarks:

(9) Making efforts to assist interested WMBE/SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in a City-sponsored mentor-protégé program. ☐ See enclosed sample solicitation. ☐ See enclosed document. ☐ Remarks:

(10) Effectively using the services of the City and other organizations that provide assistance in the recruitment and placement of WMBE/SLBEs. ☐ See enclosed document. ☐ The following services were used:

Other Supporting Good Faith Efforts: ☐ See enclosed document. ☐ Remarks:
