Good Faith Effort Compliance Plan for Small Local Business Subcontracting

City of Tampa - Equal Business Opportunity Program

Contract 15-C-00035; **Bid Date** 6/23/2015

Bidder BUN CONSTRUCTION COMPANY, INC

Signature _____ **Date** _____

Name BARTHOLOMEW NWAGBUO **Title** PRESIDENT

The following Compliance Plan is a true report of Good Faith Efforts made to accomplish subcontracting goals for Small Local Business Enterprises, SLBEs, on the referenced contract:

☐ **The goal for SLBE participation has been met or exceeded. See the DMI form reporting subcontractors to be utilized.**
(Check Box, if appropriate; the remainder of the Compliance Plan need not be reported.)

■ **The goal for SLBE participation has not been met. The following is a recap of Good Faith Efforts made:**
(Check applicable boxes below. Enclose additional documents, and/or add remarks below as needed.)

(1) Soliciting through reasonable and available means the interest of SLBEs that have the capability to perform the work of the contract. The Bidder or Contractor must solicit this interest within sufficient time to allow the SLBEs to respond. The Bidder or Contractor must take appropriate steps to follow up initial solicitations with interested SLBEs. ☐ See DMI report forms for subcontractors solicited. ■ See enclosed supplemental data on solicitation efforts. ☐ Remarks:

(2) Providing interested SLBEs with adequate information about the plans, specifications, and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation. ☐ See enclosed sample solicitation. ☐ Remarks:

(3) Negotiating in good faith with interested SLBEs that have submitted bids. Documentation of negotiation must include the names, addresses, and telephone numbers of SLBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with SLBEs to perform the work. That there may be some additional costs involved in soliciting and using SLBEs is not a sufficient reason for a contractor's failure to meet the goals, as long as such costs are reasonable. Bidders are not required to accept higher quotes in order to meet the goal. ☐ DMI subcontractor-utilized forms reflect successful negotiations ☐ This project is of a low-bid nature and negotiations are limited to clarifications of scope and specifications. ☐ See enclosed document. ☐ Remarks:

(4) Not rejecting SLBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The SLBEs standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate causes for rejecting or not soliciting bids to meet the goals. ☐ Not applicable. ☐ See attached explanation for rejection of a low-bidding subcontractor's bid. ☐ Remarks:

(5) Making a portion of the work available to SLBE subcontractors and suppliers and to select those portions of the work or material consistent with the available SLBE subcontractors and suppliers, so as to facilitate meeting the goal. ☐ Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. ☐ See enclosed comments. ☐ Remarks:

(6) Making good faith efforts, despite the ability or desire of a Bidder or Contractor to perform the work of a contract with its own organization. A Bidder or Contractor who desires to self-perform the work of a contract must demonstrate good faith efforts unless the goal has been met. ☐ Sub-Contractors were not prohibited from submitting bids on work not usually sub-contracted. ☐ Remarks:

(7) Selecting portions of the work to be performed by SLBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate SLBE participation, even when the Bidder or Contractor might otherwise prefer to perform these work items with its own forces. ☐ Sub-Contractors were allowed to bid on their own choice of work or trade without restriction to a pre-determined portion. ☐ Sub-Contractors were not prohibited from submitting bids on work not usually sub-contracted. ☐ See enclosed comments. ☐ Remarks:

(8) Making efforts to assist interested SLBEs in obtaining bonding, lines of credit, or insurance as required by the city or contractor. ☐ See enclosed sample solicitation ☐ see enclosed document. ☐ Remarks:

(9) Making efforts to assist interested SLBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, including participation in a City-sponsored mentor-protégé program. ☐ See enclosed sample solicitation. ☐ See enclosed document. ☐ Remarks:

(10) Effectively using the services of the City and other organizations that provide assistance in the recruitment and placement of SLBEs. ☐ See enclosed document. ☐ The following services were used:

RE: SLBE/WMBE Utilization & Solicitation Evaluation

PROJECT: **15-C-00035: Edison Avenue Groundwater Diversion Underdrains**

LOW BIDDER: **Bun Construction Company, Inc. (SLBE/BBE)**

BID AMOUNT: **$668,420.00**

SLBE/Underutilized-WMBE Subcontract Goal: **26.20%**
SLBE/U-WMBE Goal Attainment: **18.26%**
Good Faith Effort Compliance: **SUFFICIENT**

The Minority and Small Business Development Office evaluated the Good Faith Effort Compliance Plan (GFECP) submitted by Bun Construction Company, Inc. and determined they complied with the requirements of the Equal Business Opportunity Ordinance by having performed meaningful action steps to solicit SLBE/U-WMBE participation commensurate with the goal. The project-specific goal was calculated on the basis of seven (7) subcontractable trade areas where the requisite available certified firms were identified from the availability pool of fifty-two (52) firms. Two (2) certified subcontractors submitted quotes. The detailed Compliance Report is attached and should be made a part of the project file.

Note: The subcontract goal is narrowly-tailored (per policy) to target underutilization of affected groups in specific trade/industry categories. Any WMBE/SLBE achievement that was not a variable in calculation of the project-specific goal is considered ancillary. Ancillary participation is counted in the overall participation and may be credited toward meeting the narrowly-tailored goal when underutilization criteria are met.

Compliance Statement: Total SLBE/U-WMBE goal attainment is 18.26%, of which 15.39% represents BBE and 2.87%WBE. Additionally, the bidder achieved ancillary participation of 2.43% (Hispanic Business Enterprise or HBE), resulting in Total Participation achieved of 20.69%. Bun Construction, itself, is a dual-certified SLBE/BBE.

Overall SLBE/WMBE Subcontract Goal Attainment

U-WMBE	BBE	15.39%
SLBE/WMBE	WBE	2.87%
