

45th Street north of Hillsborough Flooding Relief

FY2019, District 6

Estimated cost: \$135K

Project Description:

The proposed project will replace the temporary pump with a permanent pumping station to alleviate the neighborhood flooding.

Justification:

Currently a temporary pump is utilized to drain the low-lying North 45th Street area north of East Hillsborough Avenue. This project will provide a more reliable system to better alleviate the flooding in the area.
