

Dining, shopping, and visiting  
**Downtown Tampa**  
just got a whole lot easier.

## **New Solar-Powered Pay Stations Downtown**

***No Change • No Problem***

Downtown Tampa's new solar-powered pay stations make paying for on-street parking more convenient than ever. The new pay-station system is easy to use and it provides you with more payment options.

The pay stations accept nickels, dimes, quarters, and dollar coins as well as Visa and MasterCard credit or debit cards.

"Pay Here" signs with directional arrows on each block direct you to the pay stations. You can pay for on-street parking at any of the pay stations, regardless of location. All you need to do is remember your space number.

***Time limits still apply  
so be sure to read the  
information associated  
with your space number.***

***To report a pay station  
that is not working,  
call (813) 274-8179.***

# A how-to guide to pay for on-street parking:

**1** Press any key to get started

**2** Enter the parking space number occupied by your vehicle

**3** Select the pay for parking option

**4** Deposit exact amount in coin for the desired time (*the pay station does not provide change*)

- or -

Insert credit or debit card, then enter the amount of time desired

**5** Want a receipt?  
Press the receipt option

For assistance, locate a Parking Ambassador or Tampa Downtown Guide.
