

Winter 2020 - Touring Show Schedule

Each year, Creative Arts Theatre Company tours a series of four plays to local libraries, schools and community centers. Performances at libraries and community centers are **FREE** to the public.

The Magic Fish

An original play by Creative Arts Theatre inspired by the classic fairy tale

When two siblings discover a fish who grants wishes will they both remember what is truly important? Or will one of them be swept away by their own greed? *The Magic Fish* is a new, modern adaptation of the classic Grimm fairy tale, *The Fisherman and His Wife*, that explores a theme as old as time and yet is still relevant to today's world. Complete with a talking fish, music, and movement, this story is perfect for audiences both young and young at heart!
Best for ages 4 and up.
