

# Idell St. Extension at Mulberry Dr.

## Project Description:

This improvement was completed at the request of the Tampa Police Department and with support of the City Administration to improve access and safety in the area. The pavement on the eastern end of Idell Street ended approximately 130 ft. prior to connecting to Mulberry Drive. Bollards prevented vehicles from utilizing this section of unimproved right-of-way along Idell Street. The project extended the roadway, connecting the eastern end of Idell Street to Mulberry Drive. The project required modifications to the existing stormwater system on Idell Street and Mulberry Drive.

## Location Map and Concept Plan:

## Before and After:

## Project Information:

Phase	Firm	Cost	Funding	Schedule	
				Start	Finish
Concept Dev.	ATKINS	\$11,711	City (LOGT)	Jan 2014	Apr 2014
Survey (ROW)	City	n/a		May 2014	Jul 2014
Survey (Topo)	Compass Point	\$6,450		Jul 2014	Aug 2014
Geotechnical	TestLab	\$1,998		May 2014	Jun 2014
Design (Final)	Faller Davis	\$39,985		Sep 2014	Nov 2014
Construction (est.)	City	\$150,000		Dec 2014	Jan 2015
