## RESOLUTION NO. 2019 - 454

A RESOLUTION TO SET A TIME AND DATE FOR A PUBLIC HEARING TO ADOPT THE STORMWATER CAPITAL **IMPROVEMENT** ASSESSMENT ROLL FOR THE CENTRAL AND LOWER BASIN IMPROVEMENT AREA WITHIN THE INCORPORATED BOUNDARIES OF THE CITY OF TAMPA FOR THE PURPOSE OF PAYING FOR THE **CAPITAL** PROVISION OF **STORMWATER** IMPROVEMENT PROJECTS IN SAID AREA; AUTHORIZING THE ADVERTISEMENT OF SAID HEARING AND DIRECTING STAFF TO MAIL NOTICES TO CERTAIN PROPERTY OWNERS; AMENDING RESOLUTION 2016-567 TO UPDATE CERTAIN FINDINGS FOR DETERMINING IMPERVIOUS AREA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, pursuant to Section 21-129 of the City of Tampa Code, adopted by Resolution 2003-0200, if an Annual Stormwater Resolution is to be adopted, the City Council of the City of Tampa (City Council) shall provide notice and conduct a public hearing prior to the adoption of the annual Resolution; and

WHEREAS, Section 197.3632, Florida Statutes, provides that prior to the levy of such assessments, the City Council must adopt a non-ad valorem assessment roll at a public hearing; and

WHEREAS, the Stormwater Capital Improvement Assessment rate per Equivalent Stormwater Unit (ESU) for the Fiscal Year commencing October 1, 2019 is \$71.05 per ESU; and

WHEREAS, the Stormwater Capital Improvement Assessment partially funds the City's cost to construct the necessary projects within the Central and Lower Basin Improvement Area of the City by financing the construction and related costs and paying the debt with the proceeds of the Stormwater Capital Improvement Assessments; and

WHEREAS, it is necessary to set a time and date to be able to advertise the public hearing for the City Council to adopt the assessment roll; and

WHEREAS, recent development of certain multi-use parcels in the Central and Lower Basin Improvement Area has resulted in property records with insufficient impervious area information to properly calculate the Assessment based on the current methodology; and

WHEREAS, updating certain findings for determining impervious area as it relates to these multi-use parcels is necessary to ensure the Assessment for these parcels is (1) consistent with the City Council's previous findings, and (2) objectively determined and accurate for purposes of the noticed Assessments amounts for the public hearing.

#### NOW, THEREFORE,

## BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TAMPA, FLORIDA, THAT:

- Section 1. A public hearing shall be held by the City Council on August 22, 2019, at 9:30 a.m., or as soon thereafter as practicable, in the City Council Chambers, Third Floor, City Hall, 315 E. Kennedy Boulevard, Tampa, Florida, at which public hearing all parties in interest and citizens may appear and be heard as to any and all matters pertinent to the collection of the non-ad valorem assessments for stormwater capital improvements in the Central and Lower Basin Improvement Area of the incorporated boundaries of the City.
- <u>Section 2.</u> At least twenty (20) days prior to the public hearing, the City Clerk is hereby directed to notice said hearing by publication in a newspaper generally circulated within Hillsborough County in accordance with the requirements contained in Section 197.3632(4), Florida Statutes.
- Section 3. At least twenty (20) days prior to the public hearing, the Department of Transportation and Stormwater Services is directed to notice said hearing by first class mail to the owner of each property in accordance with the requirements of Section 21-129, City of Tampa Code.
- Section 4. In accordance with the above recitals, Sections 3.06 and 3.07 of Resolution 2016-567 shall be amended by adding the double underlined language and deleting the stricken language as follows:

#### "SECTION 3.06. MIXED-USE CONDOMINIUM PARCELS.

- (A) <u>Findings</u>. The Council hereby finds and determines as follows:
- Assessments for Mixed-Use Condominium Parcels by treating each Mixed-Use Condominium Parcel as separate parcels based on the relative Impervious Area attributable to each use. When determining the ESUs and Net ESUs in Section 3.06(B) below, to the extent the Impervious Area for a particular use is not available in the Property Appraiser records the Director may either (a) obtain such information by other methods including, but not limited to, aerial digital measurement of the parcel, or (b) determine the relative amount of Impervious Area for each use by allocating the total Impervious Area for the Mixed-Use Condominium Parcel based on the relative square footage attributable to each such use."

#### "SECTION 3.07. GENERAL PARCELS.

(A) <u>Findings</u>. The Council hereby finds and determines as follows:

Residential Unit Parcels or Condominium Non-Residential Unit Parcels, it is fair and reasonable to compute Stormwater Improvement Assessments for such General Parcel by treating each use as a separate parcel based on the relative Impervious Area attributable to each use. When determining the ESUs and Net ESUs in Section 3.07(B) below, to the extent the Impervious Area for a particular use is not available in the Property Appraiser records the Director may either (a) obtain such information by other methods including, but not limited to, aerial digital measurement of the parcel, or (b) determine the relative amount of Impervious Area for each use by allocating the total Impervious Area for the General Parcel based on the relative square footage attributable to each such use."

<u>Section 5.</u> This Resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF TAMPA, FLORIDA, ON \_\_\_\_\_ JUN 0 6 2019 \_\_\_\_\_.

# CITY OF TAMPA TRANSPORTATION AND STORMWATER SERVICES DEPARTMENT NOTICE OF PUBLIC HEARING FOR ADOPTION OF THE ANNUAL STORMWATER CAPITAL IMPROVEMENT ASSESSMENT ROLL

WHERE: CITY OF TAMPA CITY COUNCIL CHAMBERS

315 E. KENNEDY BLVD TAMPA 33602 3RD FLOOR

WHEN: AUGUST 22, 2019 @ 9:30 a.m. OR AS SOON THEREAFTER AS POSSIBLE

In 2016 the Tampa City Council adopted the 30 year Stormwater Improvement Assessment which was authorized when the Stormwater Utility was created in 2003. The Stormwater Improvement Assessment allows the City to construct the necessary projects within the Central and Lower Basin Improvement Area of the City by financing the construction and related costs and paying the debt with proceeds of the Stormwater Improvement Assessments. Without this financing ability the projects would either be delayed or not be built and stormwater issues will continue. The maximum rate is \$89.55 for each Equivalent Stormwater Unit (ESU) annually for the Stormwater Improvement Assessment. In 2016 the Stormwater Improvement Assessment began at a lower initial rate to increase up to the maximum amount over a six year period. The 2019 rate for Fiscal Year commencing October 1, 2019 is \$71.05 per ESU. While the maximum Stormwater Improvement Assessment rate has not changed you are receiving this notification because the assigned ESUs for the Stormwater Improvement Assessment on this property have increased from those assigned in 2018. This increase is due to a change to the characteristics of the property such as new development or the identification of new or not previously identified impervious area on the property. The Stormwater Improvement Assessment is based on the estimated amount of stormwater runoff generated by impervious surface on a property. The Stormwater Improvement Assessment is included on the property tax bill mailed in November each year by the Tax Collector. Because the Stormwater Improvement Assessment will be collected by the Tax Collector, pursuant to Chapter 197, Florida Statutes, failure to pay the Stormwater Improvement Assessment will cause a tax certificate to be issued against the assessed property which may result in a lien on the title to your property. The estimated amount to be collected by the City is estimated to be \$11,657,587 in Fiscal Year 2020 increasing to an estimated maximum of \$14,792,390 in 2023 through 2045. These funds will be used for projects only within the Central and Lower Basin Improvement Area.

The following provides information about the above parcel:			
No. of ESUs:	2019 Improvement Assessment:	Max Annual Improvement Assessment	

You may appear at the hearing above or file written objections with the City Council within twenty (20) days of the date of this notice. Please include your name and parcel number on all correspondence and address as follows: Transportation & Stormwater Services Department; Comments to Non-ad Valorem Assessments; 306 E. Jackson Str.6<sup>th</sup> Floor North, Tampa, Florida 33602. If you decide to appeal any decision made by the City Council with respect to any matter considered at the hearing, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made.
