

# Rogers Park Drainage Improvement

Flooding Relief FY2018, District 5

Estimated cost: \$1M

## PROPOSED PROJECT MAP

- **JUSTIFICATION:**

Recent TV inspection has shown several areas of failed pipe, cave-ins, and root intrusions. Current pipe location is inaccessible due to railroad spur.

- **PROJECT DESCRIPTION:**

The project consists of replacing/relocating the failed 24 inch pipe and construction of new inlets and new outfall to the river.

- **RELATED ISSUES:**

Need to coordinate with the Water Department's reconstruction of the railroad spur.
