

WHO WE ARE

Taylor Art Studio, located in Tampa Heights, is a 4,100 square foot art facility on the border of Calvin Taylor Park. Where pottery on the wheel and fused glass are our core programs, we also teach eco printing, kumihimo, printmaking and mixed-media. Our pottery studio houses one gas Raku kiln, five electric kilns, ten electric-wheels, two extruders, a slab roller, glaze-spraying equipment, molds, forms, an assortment of tools and dozens of glazes (*clay and tools available for purchase*). Our glass studio is equipped with several kilns (including twin vitrigraths), various saws, grinders, lap wheel, strip and circle cutters, solder irons, and tools (*various supplies and glass available for purchase*). Other mediums are offered through our Cross-Over Crafts and Fun Friday mini workshops. Enter at your own risk as imagination and creativity will consume you!!!

WHAT WE DO

AFTER-SCHOOL PROGRAMS

We like to call our after-school program a **Mixed-Media** class as it can involve clay, collage, paper mache, drawing, painting, and more.

HOME-SCHOOL PROGRAM This class provides a great opportunity for children to be involved in art study outside the home. Students must be over the age of 7 and will work in various mediums similar to our after school program.

The City of Tampa has four visual art studios. If you do not see the program you want offered at Taylor, please inquire at one of our other studios -

North Hubert Art Studio: 813 282-2911
Golding Art Studio (at the JCC) 813 259-1687
Ybor Art Studio 813 242-5370

or feel free to visit our website at
<http://www.tampagov.net/parksandrec>

ADULT PROGRAMS (18 YEARS AND UP)

Everything GLASS Students work in glass making windows, lamps, vases, sculptures, jewelry, garden art, landscapes, murrini, and tableware. All skill levels are welcome.

Pottery There is something wonderfully tactile about working with clay. Whether you want to throw on the wheel or hand-build, you are welcome to join in the fun. With a well equipped studio and glaze matrix, all skill levels benefit from these classes.

Cross-Over Craft Workshops and Fun Fridays are designed to offer a different medium each month showing how skills in one medium can “cross-over” to another. We work in polymer clay, kumihimo, wire wrapping, jewelry, printmaking, weaving, mixed media and more. Cross-Over Crafts meet the first and third Friday afternoon, while Fun Friday’s evening class meets the second Friday of each month. We host a “pot luck” community dinner at 5pm followed by class at 6pm. Check our website for a listing of projects.

★ WHERE WE ARE ★

Nestled in Calvin Taylor Park, Taylor Art Studio is one block east of North Boulevard and three blocks south of Martin Luther King.
