# FUN ACTIVITIES

## ACT IT OUT

---

Here is your chance to be a star!

★ **Remember and Reenact:** Did you have a favorite scene in the play? Work together as a family or class to act it out! How did you act it the same as the actors in the play? How was it different?

★ **Add a Scene:** What do you think would happen if Cindy saw her Stepmother again? What happened when Scraps went to work for the GFG? What happened when Prince Tim and Cindy went out for milkshakes? Use your imagination to come up a new part of the story and work together to act it out!

---

## MAPS AND CREATIVITY

Spatial thinking and imaginative play!

★ **Map Making Critical Thinking:** In the story, Cindy uses a map to find her way around the castle. Have you or your parents ever used a map or a GPS to find your way? Look around your home, can you make a map of your surroundings? Get out a big piece of paper and work together to draw your map. For an extra challenge, go outside and draw your neighborhood!

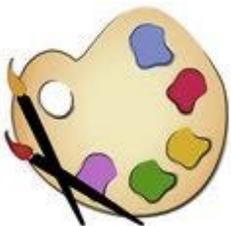

★ **Imagination Castle:** WHAT IF you could design your own castle? How many rooms would it have? What kinds of things would you do in those rooms? Would you have treasure? A library? A game room? A giant pizza kitchen? Make your own map of how your castle would look! Use blocks or crayons or toys to help plan your ideas! You can even make a whole neighborhood of castles, and then go on a secret mission through your imagination castle world! Who do you meet along the way? What adventures do you have?

---

## ART

Anyone can make art!

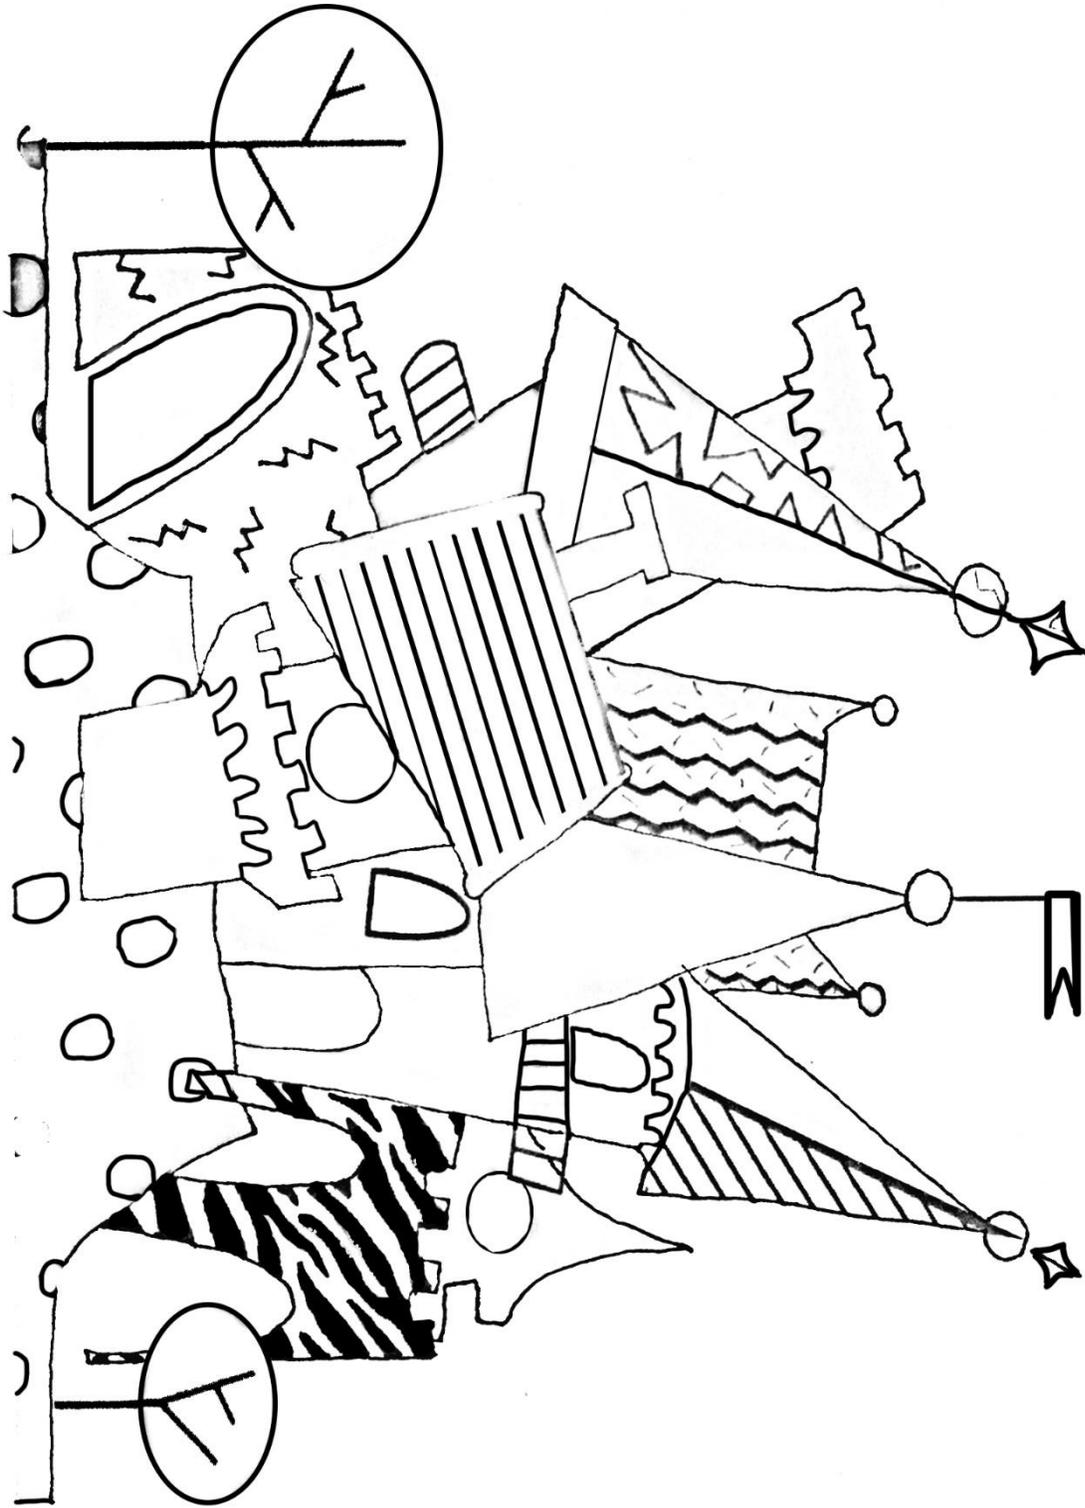

★ **Draw Your Favorite Part of the Play:** Was there a part in the play you liked the best? How about a favorite character? Make a picture of it, using crayons, pencils, markers, or paint!
