Office (813) 348-1146

Dear Valued Customer:

You recently requested a gravity lock for your dumpster. A gravity lock uses a horizontal metal bar that covers the lids and remains in the locked position when the container (dumpster) is being serviced. Gravity releases the lock when the dumpster is being tipped over during service. The gravity lock is designed to be used in combination with a padlock **that you provide**.

There is a one-time charge associated with installing this device. The charge, including installation, is \$115.93 and will appear on your City of Tampa utility account.

In order to complete installation, the account holder must complete this form and return a signed copy through email to solidwasteaccounts@tampagov.net , uploaded on a Customer Service Center form at www.tampa.gov , or mailed to Solid Waste & EPM to 4010 W Spruce Street, Tampa, FL 33607.

The lock should be installed within 10 business days after our receipt of this completed form.

Should you have questions regarding the gravity lock, or incur service issues or concerns, please call Solid Waste Customer Service at (813) 274-8811 between the hours of 8AM and 5PM, Monday through Friday.

Thank you!
