

Emergency Utilities Assistance Program (EUAP)

“The City of Tampa received federal funding under the Emergency Rental Assistance Program (ERAP) to assist RENTERS who are unable to pay rent and utilities due to the impacts of the COVID-19 coronavirus pandemic. The City of Tampa will pay for past due utilities for households that have City of Tampa utilities. The funds are for payment towards past-due and current utility bills should they still be impacted by COVID.

Thank you for your interest in the City’s Emergency Rental Assistance Program to assist RENTERS with past due utilities that you have with City of Tampa Utilities.

At this time, this program is closed, and applications are no longer being accepted. As of August 1, 2022, please contact Hillsborough County’s Customer Care Plus at (813) 272-5220 for assistance.”
