FAST PASS RESIDENTIAL GENERATOR

Virtual Submittal Requirements List

Residential Generator for a single family or two family dwelling.

To facilitate the virtual appointment, it is required that the [Residential Miscellaneous Application](#) type be initiated online prior to the appointment and all required documents uploaded to the record.

Documentation required:

Site Plan

- Location and Dimensions.** Plan indicating location of proposed generator and all dimensions to property lines, trees, and to existing structures. Include proposed gas line location (if applicable).

- Mounting Pad type identified.** Slab, prefab pad, or stand.

- Power connection** –Identify power connection (transfer switch or interlock).

- Generator product specification sheets** (may be on 8.5” x 11” paper)

- Completed [Owner-Builder Acknowledgement form](#)** (if applicable)

Important

If the generator will be placed on an elevated structure, a signed and sealed detail compliant with the current building code is required.
