

# SUNSET PARK WEST

## Water Main Improvements Project

### Notice of Upcoming Construction Activities

The Sunset Park West Water Main Improvements Project will resume in your neighborhood September 6, 2022, weather permitting. The work will be performed in the public right-of-way adjacent to your property.

The project includes installing new, larger water mains along parts of W San Miguel St, W Juno St, W Dryad St, S Bryant Cir, and W Sunset Blvd.

The larger water mains will improve water pressure and flow and enable the City to install 32 new fire hydrants for increased fire protection. Impacted streets will be repaved with fresh asphalt.

<b>Construction Start</b>	September 6, 2022
<b>Anticipated Completion</b>	June 2023

### CONSTRUCTION ACTIVITIES

- Installation of new water mains and new water main tie-ins
- Installation of new fire hydrants
- Roadway and right-of-way restoration once activities have been completed

**Tim Knisely**  
Construction Engineer  
(813) 310-5178

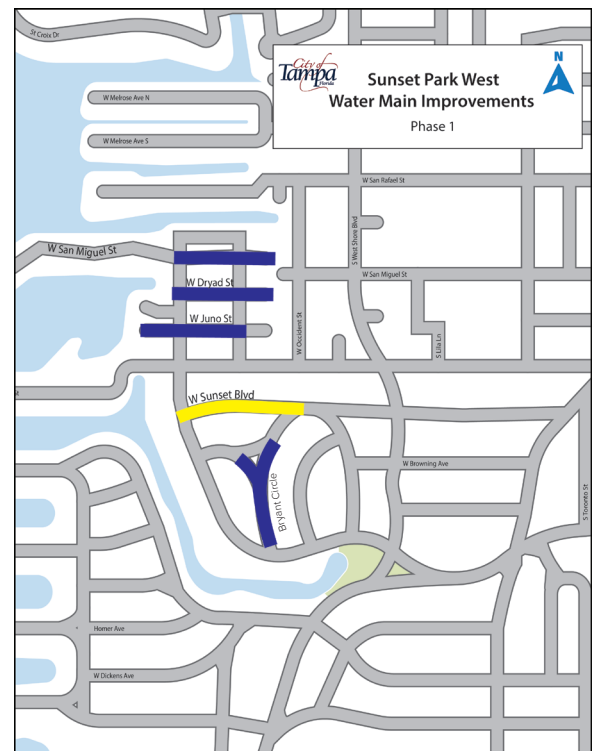

**Mr. Joe Rego**  
Construction Supervisor  
(813) 690-7893

### WHAT TO EXPECT DURING CONSTRUCTION

- Activities to occur within the public right-of-way.
- Staging of equipment and materials in the public right-of-way.
- Removal of landscape and hardscape from the public right-of-way.
- Vehicles parked on the street may be required to park elsewhere during construction.
- Access to homes will be maintained.
- No anticipated interruptions to trash collection/recycling or mail delivery.
