

DROP – What Is It?

Division B Members

What is DROP?

The Deferred Retirement Option Program (DROP) is one of five retirement options available to General Employees of the City of Tampa. DROP allows an eligible* General Employee to defer receipt of retirement benefits while continuing employment with the City of Tampa. You may elect to participate in the program for up to seven (7) years and must terminate employment upon exiting the DROP. Upon your election to participate in the DROP, the amount of your continuous service and average monthly salary becomes frozen for purposes of determining your pension benefits. You are considered a retired member for all purposes related to the General Employees Retirement Fund and will not accrue additional retirement benefits, except for cost-of-living adjustments (COLA), if applicable. The monthly retirement benefits you would have received if you had stopped working are credited monthly to your DROP account. Upon separation from City employment, you will receive your DROP account balance and will begin receiving your monthly retirement benefit. **Age and vesting requirements apply to the DROP.*

How Does This Affect My Other Employee Benefits?

All other employee benefits remain the same. You remain eligible for promotions, pay increases and benefits, such as annual leave and sick leave. You are subject to all the same laws and regulations regarding employment that you were subject to prior to entering the DROP. Group health and dental insurance benefits continue during DROP at the same monthly premium as for any other active employee.

When Am I Eligible to Participate in DROP?

Division B participants may enroll as early as 55 provided they are vested; however, benefits will be reduced by 5% for each year they fall short of the normal retirement age of 62 as defined by the plan.

Will My DROP Funds Be Invested?

Yes. Upon entering the DROP, you will be provided with two options for investing your accumulated DROP balance. Option #1 is the Annual Net Rate of Return for the pension trust fund, high risk. Option #2 is the low risk, variable rate Money Market Fund. After your initial election, you will be provided with an opportunity to update your election annually each year in August, to become effective October 1.

Will I Receive a DROP Account Statement?

An annual DROP statement listing your accumulated benefits will be mailed to your home address in December of each year. The annual statement will reflect any investment gains/losses and the administrative fee as of September 30th. You may view quarterly statements via your *MemberDirect* account on April 1st, July 1st, October 1st, and January 1st. If you have not yet enrolled in *MemberDirect*, contact the GE Retirement Fund office for instructions on how to enroll.
