# THE CASE OF THE MISSING FABLES

A PLAY INSPIRED BY AESOP!

## Tampa Parks & Rec Presents - The Case of the Missing Fables

Meet Marlo Phillip, the world's greatest detective! She's on a mission to find the Polka Dot Bandit and recover the morals he stole from the only copy of Aesop's Fables! Along the way, she meets Charlie and Lily, librarians at the Athens Library where the morals went missing. Can the three of them follow the clues, use their listening skills, and discover the lesson each fable teaches before the morals are gone forever? Full of laughs, adventure, and lessons, children will experience favorite stories all while solving a hilarious mystery and learning about basic reading comprehension.
