WAITLIST

Most classes are currently full; therefore, we keep waitlists for each. To be able to get on the waitlist for a class, you can call, email, or direct message us with the specific class(es) you are interested in / your full name / phone number / email. If it is for a kids' class, we also need their full name(s) and age(s). We will use this to contact you once we get to your name. Please remember this is first come and first served so we thank you for your patience ahead of time! We do encourage you to get on multiple waitlists (at other studios as well) to increase your chances of getting a call back sooner.  
THANK YOU!!
