

Roof Mitigation Verification Statement

Updated 08.14.2023

GENERAL INFORMATION

This form may be used in-lieu of the dry-in inspection on residential (single-family and two-family dwelling) roof replacement permits.

EXCEPTION: This form may not be used for tile roofs. Tile roof replacements must have a dry-in inspection.

Permit No.: _____

On _____ (insert date), I did personally inspect roof replacement work at the following location address:

Based upon the examination, I have determined that the following roof mitigation measures were performed in accordance with F.S. 553.844 and the applicable provisions of the Florida Building Code:

1. Roof deck attachment and fasteners strengthened and corrected as required.
2. Secondary water barrier provided as required (based on F.S. 553.844).

CERTIFICATION

I certify that I am (check one of the following):

Licensed Roofing Contractor

Licensed General, Residential, or Building Contractor

F.S. 468 Building Inspector

Florida-Licensed Registered Architect or Engineer

I am duly authorized by the State of Florida or its county's municipalities to verify compliance with the Hurricane Mitigation Provisions of F.S. 553.844. I also certify that I personally inspected the premises at the location address listed above on the date of this statement.

In my professional opinion, based on my knowledge, information, and belief, I certify that the above statements are true and correct.

License No.: _____

Phone No.: _____

Signature: _____

Date: _____

The completed form must be uploaded to the Accela permit prior to scheduling the Final Roof inspection.
