**Accessory Dwelling Units
2024 Community Meetings**

Why are we here?

As part of the City's mission to **support neighborhoods** and our ongoing initiative to focus on increasing access to **affordable housing solutions**, the City Planning Department is conducting outreach in specific areas that have a demonstrated interest in ADUs.

The purpose of this presentation is to **provide resources, gather feedback and educate** you on your rights as a property owner / resident.

What is an ADU?

Accessory Dwelling Unit(s) (ADU/ADUs):
Independent units contained within, attached to, or detached from a single-family dwelling on the same zoning lot.

(definition per Section 27-43 of City of Tampa code)

Other Definitions

Extended family residence: Within a single family residence, a living area designed to provide independence and privacy by allowing a separate bedroom, bathroom, dining area, and kitchen for an extended family member.

(definition per Section 27-43 of City of Tampa code)

Other Definitions

Structure, principal: A structure or, where the context so indicates, a group of structures in or on which is conducted the principal use of the lot on which such structure is located.

Structure, accessory: A subordinate structure detached from, but located on the same lot as the principal structure, the use of which is incidental and accessory to that of the principal structure.

Note: Accessory structures below a certain size may be placed closer to the property line than a principal structure.

(definitions per Section 27-43 of City of Tampa code)

Timeline - ADUs

- **Spring 2022** - Preliminary survey to gather input
- **Summer 2022** - Council moved forward two separate neighborhood-initiated proposals to expand ADUs

Note: Extended Family Residences are allowed city-wide as a Special Use

Special Use Permit

Special use: A use which would not be appropriate generally or without special study throughout the zoning district but which, if controlled as to number, size, location or relation to the neighborhood, would promote the public health, safety and general welfare (see Article II, Division 5).

****A special use permit is an additional permit, in addition to a building permit.***

Special Use Permit

DIVISION 5. - SPECIAL USE PERMITS PROCEDURES

Sec. 27-126. - Intent.

(a) Special use permit procedures and requirements as set out in this article are intended to apply in relation to use, occupancy, location, construction, design, character, scale, manner of operation, or the necessity for making complex or unusual determinations, and **to ensure consideration of the particular circumstances of each case and the establishment of such conditions and safeguards as are reasonably necessary for protection of the public interest generally and of adjacent properties, the neighborhood and the city as a whole.**

Special Use Criteria (27-132) Accessory Dwelling Unit

Accessory dwelling unit. The following specific standards shall be used in deciding an application for approval of this use:

- a. An accessory dwelling unit shall be limited to a maximum of nine hundred fifty **(950) square feet** of living space.
- b. An accessory dwelling unit may only be approved when the **main residence is owner occupied.**
- c. An accessory dwelling unit may be designed to be located within the single-family dwelling with a separate entrance or in a conforming accessory structure; however, it **may not be located in a nonconforming accessory structure** or structure made conforming as a result of a variance.
- d. At no time may the **number of occupant(s)** of an accessory dwelling unit exceed two (2).
- e. The special use permit shall be review annually by staff and if any conditions change, a new special use permit and public hearing will be required.

Special Use Criteria (27-132)

Extended Family Residences (EFRs)

Extended family residence. The specific standards shall be amended as follows:

- a. An extended family residence shall be limited to a **maximum of six hundred (600)** square feet.
- b. An extended family residence may only be approved when the **main residence is owner occupied**.
- c. An extended family residence may be designed to be located within the single-family dwelling with a separate entrance or in a conforming accessory structure; however, it may not be located in a nonconforming accessory structure or structure made conforming as a result of a variance. The extended family residence shall not be separately metered for electricity or water.
- d. The **occupant(s)** of an extended family residence will be limited to **family members related** by marriage, blood, adoption, or legal guardianship.
- e. The intention of this use is to meet a temporary need. At no time may the number of occupants of an extended family residence exceed two (2).
- f. The **occupant(s) of the extended family residence may not pay rent** for the use of the residence or property.
- g. The owner(s) of the single-family dwelling must certify his/her understanding that an extended family residence is limited by the conditions presented in the S-1 Application, including: number of occupants, who the occupant(s) will be, the relation of the occupant(s) to the main resident(s), and location and size of the extended family residence. This certification shall be attached to the approval letter as an exhibit.
- h. The special use permit shall be reviewed annually by staff and if any conditions or occupants change, a new special use permit will be required.

Miscellaneous Standards

(a) Building form to be consistent with adjacent residential properties on block face. For parcel specific form and character requirements, refer to designation on Map SH-25.1 and [Sec. 27-211.7](#) for Residential Building Form Standards.

(b) AB: Maximum GFA = 15% of total area of existing zoning lot, up to a maximum 950 SF.

The typical zoning lot in Seminole Heights is 5,000 SF. This yields a maximum total of 750 SF for all accessory structure square footage.

Code Compliance (NOT for unpermitted construction)

The City of Tampa Neighborhood Enhancement Division (formerly Code Enforcement & Clean City Divisions) enforces all non-criminal city ordinances, codes, and regulations. We also improve the quality of life for Tampa residents through maintenance efforts of medians and vacant lots. The division continues the effort to reduce litter, graffiti and illegal dumping. This merger provides a more expedient and efficient overall response time to issues addressing property maintenance standards along with maintenance for the city's interstate, gateways, parkways and neighborhoods.

Important Notes about ADUs

- All new development must comply with Stormwater Technical Requirements (For example: 50% impervious surface maximum)
- All new development has to meet all building code requirements (including floodplain regulations)
- ADU parking is required in addition to the required parking for other uses on the site.
- Maximum building envelope buildout for house and ADU is unlikely due to above requirements.
