1400 N. Boulevard Tampa, FL 33607 Phone:(813) 274-3100 Fax: (813) 259-1712 <a href="http://www.tampa.gov/permit">http://www.tampa.gov/permit</a> Sidewalk In-Lieu Fee Instructions

December 2021

As specified in Section 22-103 of the City of Tampa Municipal Code, sidewalk construction or restoration is required whenever a permit is issued for the construction of the following:

- 1. **Residential structures/uses generally:** (a) a new single-family or multi-family residential structure or use; or (b) any major renovation as defined in Section 27-43 of any existing single-family or multi-family residential structure.
- 2. **Commercial/industrial/office/mixed use and all other nonresidential structure/uses:** (a) the construction of a new commercial, industrial, or office structure; or (b) any expansion of an existing structure or use which results in the expansion of that structure or use in excess of twenty-five (25) percent of the existing square footage of structure area on a parcel.
- 3. **All uses:** all uses undergoing: (a) a site plan controlled zoning approval; (b) S-2 special use approval; or (c) any change in an existing use requiring twenty-five (25) percent additional parking.

The City of Tampa Municipal Code can be found at <a href="http://www.municode.com">http://www.municode.com</a>. Sidewalks must be designed and constructed in accordance with the most current version of the Florida Department of Transportation's (FDOT) Greenbook. This information can be found online at <a href="https://www.fdot.gov/roadway/floridagreenbook/fgb.shtm">https://www.fdot.gov/roadway/floridagreenbook/fgb.shtm</a>.

Applicants must contribute funds to the City of Tampa Sidewalk In-Lieu Fee Trust Fund if the construction of the sidewalk is determined to be "required" but "not practical" by the Transportation Manager or their designee. The following factors will be considered in determining the necessity or practicality of a sidewalk. Please indicate on the application checklist if the following conditions are present:

- 1. Whether there is no existing sidewalk to which the proposed sidewalk can connect, and it is unlikely that there will be additional development nearby which will require the construction of additional sidewalk(s). If the parcel terminates at a street intersection and a sidewalk is located across the street, then a sidewalk will be required to connect with the sidewalk located across the street.
- 2. Whether a sidewalk cannot be constructed without removing a grand tree. Note that sidewalks must be outside a minimum distance of twenty (20) feet of a grand tree. For inquiries regarding tree removal or sidewalk construction adjacent to grand or protected trees, please visit <a href="https://www.tampa.gov/construction-services/tree-information">https://www.tampa.gov/construction-services/tree-information</a> for more information or contact 813.274.3100, Option 4 for assistance.
- 3. Whether a stormwater drainage ditch or similar public utility facility prevents the construction of a sidewalk, and neither the facility nor the proposed sidewalk can reasonably be relocated or altered to accommodate both the facility and the sidewalk. For inquiries pertaining to sidewalks adjacent to stormwater facilities, contact the Stormwater Engineering Division at 813.274.3101 <a href="https://www.tampa.gov/tss-stormwater">https://www.tampa.gov/tss-stormwater</a>.
- 4. Whether or not other unique or peculiar circumstances exist on a given parcel or development, which would prevent the construction of a sidewalk.

The contribution to the sidewalk trust fund shall not be required if the permit is issued for single-family affordable housing unit. An affordable housing unit shall be defined by Section 420.907, Florida Statutes, as it may be amended. Please indicate on the application checklist if you were issued a permit for affordable housing.

If you have concerns, questions, or complaints about the In-Lieu Fee Program and Instructions please call the Construction Services at 813-274-3100 Option 1.

Your cooperation is greatly appreciated!
