  - c. Section 553.73, Florida Statutes, relating to the Florida Building Code; or
  - d. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code.

## Business Impact Estimate

The City provides the following Business Impact Estimate, which may be revised following its initial posting:

1. Summary of the proposed ordinance (please include a statement of the public purpose, such as serving the public health, safety, morals, and welfare):

Parking, and access to the appropriate type of parking is a vital component of any City, but especially the City of Tampa, which is growing rapidly both in population, commercial development, and as a regional tourist destination. The demand and need for parking of all purposes (i.e. freight, pick-up/drop-off, short-term, long-term, Americans with Disabilities Act accessible, electric vehicles, and other modes of micromobility parking needs) has increased, as has the need for updated management of the City's parking assets. The transportation and mobility landscape nationally and in the City has changed drastically and is proposing updates that further bring the division, its operations, and enforcement policies up to date with best practices and current operation needs.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the city, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur,  
None

(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and  
None

(c) An estimate of the city's regulatory costs, including estimated revenues from any new changes or fees to cover such costs.  
None

3. A good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:  
None

4. Additional information the City deems useful (if any):  
N/A
