A1.A Letter of Introduction

1. The Personnel Manual for the City of Tampa primarily provides policies regarding benefits and salary administration for all employees. For those employees who are also covered by collective bargaining agreements, when there is a conflict between the Personnel Manual and the collective bargaining agreement, the collective bargaining agreement shall govern. Each policy includes the criteria for eligibility and is issued under Executive Order.

2. While benefits for employees whose positions are included in the various certified bargaining units are provided under the appropriate collective bargaining agreement, supervisors and management are directed in the proper discipline of these employees by this Personnel Manual.

a. Additional benefits and directives provided to bargaining unit employees are included in the manual as specified in the individual policy. Normally, these are matters that apply to both bargaining and non-bargaining groups (for example, time-keeping policy for non-exempt employees under the Fair Labor Standards Act in Section B2.3).

3. Procedures for applying and implementing benefits and salary administration policies provided through this Personnel Manual and the various collective bargaining agreements are found in the current Workforce Timekeeper V8 Task Guide and Benefits Guide.

B1.1 Equal Opportunity

Issue Date: 4/17/2025

B1.1A Policy

1. It is the policy of the City of Tampa government to provide equal treatment of all persons without regard to race, sex, color, religion, national origin, sexual orientation, gender identity or expression, age, disability, familial status, marital status, genetic information, military status, or any other protected class as defined by law or City policy ("Protected Characteristics"). The City endorses and requires compliance with applicable state and federal laws, including but not limited to, the Civil Rights Act of 1991 and the Americans with Disabilities Act (ADA), to ensure equal employment opportunity and equal access to public services.
2. All managers and supervisors are expected and required to ensure that this policy is fully implemented and vigorously enforced.
3. All Department Directors are responsible for verification that managers, supervisors, and employees attend mandatory training regarding equal opportunity, discriminatory conduct, and accommodation obligations with respect to religion, disability, and pregnancy. As is always the case when failure to meet directives occurs, disciplinary action shall be considered when supervisors fail to attend scheduled training or fail to ensure that subordinate employees attend scheduled training.
4. Employment
 - a. This policy includes equal opportunity in employment for all qualified persons; prohibiting discrimination in employment because of Protected Characteristics described above; and promoting the full realization of equal employment opportunity through positive and continuing programs.
 - b. This policy of equal employment opportunity applies to every aspect of the City of Tampa employment policies and practices. Under this policy, it is the prohibition against discrimination, which is the unequal treatment of an individual (or group), in whole or in part, based on Protected Characteristics. This includes prohibiting the denial of employment opportunities, benefits, or privileges; or disparate treatment regarding working conditions, evaluation standards, selection, promotion, or transfer based on the Protected Characteristics described above.

- c. This policy also encompasses the City's commitment to providing reasonable accommodations based upon disability, religion, and pregnancy. In that regard, this policy establishes a fair and consistent process for providing reasonable accommodation to employees or applicants based on disability, religion, or pregnancy, in compliance with applicable laws, and while balancing organizational needs.
 - i. Employees wishing to initiate a request for reasonable accommodation should notify their manager or Human Resources of their need for accommodation due to a disability, religious belief, or pregnancy-related condition. Such requests can be verbal or written and must specify the need for accommodation. If a request is submitted verbally, the recipient will document the request.
 - ii. Upon receiving an accommodation request, the City will engage in a good-faith, interactive process to determine the specific needs of the individual. This process involves discussing the accommodation request, reviewing any supporting documentation, and identifying potential accommodations that allow the employee to perform the job's essential functions without causing undue hardship. Accommodations will not be provided if they are unreasonable or pose an "undue hardship." All accommodation requests and related information will be treated confidentially and shared only on a need-to-know basis.
 - iii. A denial of a reasonable accommodation request may be reviewed by the Director of Human Resources & Talent Development, or its designee, upon the request of the employee. The decision of the Director of Human Resources & Talent Development is final.
- d. It is also the City's intent to comply in all respects with equal opportunity laws and provisions and to establish affirmative action plans as permitted by law to accomplish the City's goals of hiring and promoting when there is minority or female underutilization.
- e. Inappropriate behavior or harassment because of the Protected Characteristics described above is prohibited by state and federal laws and/or by this policy.

5. Harassment

Harassment based on a Protected Characteristic is prohibited by law and by City policy. Federal, state, and local laws define harassment as discriminatory, objectively offensive, hostile, or intimidating conduct which is severe and pervasive and which adversely affects an employee's ability to perform the functions of their employment or creates a hostile environment based on any

characteristic protected by law. City policy also prohibits conduct which may not rise to the level of harassment but which is determined to be discriminatory, coercive, intimidating, threatening or objectively offensive based on Protected Characteristics pursuant to law or City policy.

Harassment includes comments which are offensive or unwelcome regarding a person's race, sex, color, religion, national origin, sexual orientation, gender identity or expression, age, disability, familial status, marital status, genetic information, military status, or any other characteristic protected by applicable law or City policy. The City has forbidden its employees the use of slurs, derogatory comments, or any other physical or verbal conduct directed at or based upon Protected Characteristics.

Employees shall not engage in offensive verbal or physical conduct directed against an employee, a citizen, or any other person or member of the public based upon race, sex, color, religion, national origin, sexual orientation, gender identity or expression, age, disability, familial status, marital status, genetic information, military status, or other Protected Characteristics.

Harassment also includes the distribution, display, or discussion of written material which ridicules, denigrates, insults, belittles or demonstrates hostility, aversion, or disrespect toward an individual or group because of Protected Characteristics as described above.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to, or rejection of, such conduct is used as the basis for employment decisions, or creates an intimidating, hostile or offensive working environment. There are two types of sexual harassment:

- 1) Quid pro quo harassment – Where submission to the harassment is used as the basis for employment decisions such as promotions, evaluation scores, and better working hours or conditions, or the refusal to submit results in adverse consequences.
- 2) Hostile work environment – Where the sexual harassment creates an offensive and unpleasant working environment. A hostile work environment can consist of verbiage of a sexual nature, unwelcome sexual materials, unwelcome physical touching, fondling, and lewd or vulgar jokes, or gender-based differences in treatment that are hostile and intimidating.

Harassment is prohibited at any time during an employee's working time, on City property, or at any other place at which an employee is performing their work duties. Harassment is also prohibited at any other time or in

any other place when the conduct adversely impacts or impairs the ability of the employee committing the harassment to perform the duties of their employment, is reasonably likely to adversely impact or impair the ability of other employees in the performance of their duties, or where such conduct tends to embarrass the City or bring its service into public disrepute.

The City prohibits harassment of any kind and will take prompt and appropriate action in response to policy violations. For purposes of this policy, harassment is any verbal or physical conduct that is offensive or unwelcome, or is designed to threaten, intimidate, or coerce an employee, co-worker or any person working for, with, or on behalf of the City when the complained-of behavior is based on one or more Protected Characteristics. Inappropriate behavior not based on Protected Characteristics is also prohibited but will be addressed by management in accordance with applicable City's policies on performance and discipline.

6. Complaint Process.

- a. Reporting complaints of discriminatory or harassing conduct may be done verbally or in writing to your supervisor, your division manager, your department director, a member of the Employee Relations Staff, or the Director of Human Resources & Talent Development. Anonymous complaints may be filed using the Fraud, Waste, Abuse, and Disparity Hotline as monitored by Internal Audit, who will in turn, advise Human Resources of the anonymous complaint.
- b. Any complaints concerning employee violations of the City's EEO Policies will be promptly and appropriately investigated by the Human Resources Department in accordance with the internal guidance documents regarding investigations and addressed through corrective action when warranted. Additionally, to facilitate higher accountability and city-wide standardization, all matters found to be a violation of the City's EEO policies will be brought to the Mayor's Executive briefings through the Chief of Staff to determine the appropriate discipline. This will further ensure standardization in the application of discipline for these violations.
- c. Violation of this policy shall be subject to discipline, up to and including immediate dismissal. In no case shall the disciplinary action for violation of this policy be less than a suspension without pay for five (5) working days (in no event, less than 40 hours), and if suspended, will require mandatory retraining on equal opportunity and be able to demonstrate comprehension of course material.

- d. Retaliation against persons who make complaints of discrimination or harassment, witness discrimination or harassment, offer testimony, or are otherwise involved in the investigation of discrimination or harassment complaints will not be tolerated. Complaints of discrimination, harassment and retaliation will be investigated, and disciplinary action will be taken when appropriate. Interim measures, such as temporary changes in assignments, reassignments, the use of administrative or other leave, or other actions intended to further the purposes of this policy, will be made based on the facts of the complaint, the operational needs of the department, and other relevant factors. Finally, employees have the option to contact the Equal Employment Opportunity Commission (EEOC) with complaints of discrimination if they so desire.
- e. Complaints of any type of discrimination, harassment or retaliation must be reported. Furthermore, any supervisor who has knowledge of any type of discrimination, harassment or retaliation must report it immediately to Employee Relations. As has always been the case, any failure of a supervisor to report a complaint of any type of harassment or retaliation will be grounds for discipline, up to and including dismissal. All complaints of prohibited forms of discrimination and/or retaliation must be documented either by the complainant or, if the complainant decides not to make a written complaint, by the department of Human Resources & Talent Management.
- f. No person will prevent, impede, discourage, or advise against the filing of a report of discriminatory or harassing behavior.
- g. No person will withhold information from, or fail to cooperate, or interfere with an investigation of a report of discriminatory or harassing behavior.
- h. Any person receiving a report of discriminatory or harassing behavior will inform the Director of Human Resources & Talent Development as soon as practicable after receipt of the report. Supervisors must promptly report to Human Resources any prohibited forms of discrimination and/or retaliation they observe, hear about, or learn about through an employee complaint or otherwise. Supervisors who fail to appropriately report allegations of prohibited forms of discrimination and/or retaliation to Human Resources will be subject to discipline, up to and including dismissal. No person receiving a report of discriminatory or harassing behavior will investigate the report unless directed to do so by the Director of Human Resources & Talent Development.
- i. Individuals who complain of prohibited forms of discrimination and/or retaliation shall not have to confront the individual(s) about whom they are complaining of discriminatory and/or retaliatory actions against them, unless required to do so by the Equal Employment Opportunity

Commission, another administrative authority with jurisdiction, or a court of law.

- j. Employees who need to take time away from their normal City work duties to participate in an investigation of alleged prohibited forms of discrimination and/or retaliation shall not lose compensation that they normally would have earned had they been performing their normal City work duties. They shall not be required to use leave to participate in the investigation.

7. Confidentiality

Complaints will be handled with discretion and as confidentially as reasonably possible and practicable while still endeavoring to conduct a prompt, thorough, and fair investigation. Limited disclosure may be necessary to allow the full and complete investigation of a report. Such disclosure will be limited to that which is reasonably necessary to gather the relevant facts and allow for a fair opportunity to respond to the concerns. Disclosure may also be required by applicable law.

8. Remedial Action

If an investigation of any report of discriminatory or harassing behavior results in a finding that any person has engaged in behavior which is prohibited by this policy, timely and effective action will be taken.

9. Retaliation

- a. The City strictly prohibits retaliation against any employee who, in good faith, reports discrimination, harassment, or other workplace misconduct, or participates in an investigation of such complaints.
- b. Retaliation includes any adverse action taken because of such reporting or participation, and includes termination, demotion, harassment, ridicule, "shunning," or other negative treatment, that would discourage a reasonable person from making a complaint or participating in an investigation. Engaging in EEO activity, however, does not shield an employee from all discipline or discharge. The City is free to use interim measures as described above to further the purpose of this policy. The City is also able to discipline or discharge employees if motivated by non-retaliatory and non-discriminatory reasons that would otherwise result in such consequences.
- c. Any person who believes that they are experiencing retaliation for having made a report, or participating in an investigation of the report should report the retaliation as soon as practicable to the Director of Human Resources & Talent Development, or through one of the other reporting mechanisms outlined in paragraph 6.

10. Services

Employees are responsible for providing services to the public without regard to the person's race, sex, color, religion, national origin, sexual orientation, gender identity or expression, age, disability, familial status, marital status, genetic information, military status, or any other protected class as defined by federal or state law.

B2.1 Work Hours - General

Issue Date:

B2.1A Policy

1. Employees are assigned hours of work by the Department Director with the concurrence of the Mayor. This includes the number of hours assigned to work per week, the distribution of the hours per workday, and the determination of shift time periods and meal periods. This includes the number of hours assigned to work per week and the work hours scheduled. Modifications to a work schedule are not guaranteed.
 - a. It is the employee's responsibility to maintain timekeeping in accordance with these directives. Failure to do so may subject employees to discipline, up to and including, dismissal. It is the employee's responsibility to ensure their electronic timecards are accurate.
 - b. Electronic timecards must be attested to at the end of their scheduled shift or upon return to work at the end of a pay period.
2. The standard work week for most City departments is 40 hours. All supervisors are responsible for managing their employees' time and attendance and operational workload. Such elements will be taken into account when approving leave time.
3. The number of assigned hours indicated in the schedule in the electronic HRMS systems is the official record for purposes of identifying eligibility for certain benefits.
4. Assigned hours which are not worked by an employee must be approved and documented in accordance with all leave and payroll policies. Absences by exempt employees of less than one day do not require the use of leave, however, such absences must be authorized and documented subject to the appropriate personnel policy.
5. City policy regarding work hours for exempt employees is provided in B2.2. City policy for non-exempt employees is provided in B2.3. Determination of an employee as exempt/non-exempt is according to the Fair Labor Standards Act. While employees are exempt for specified reasons under the law, the chart below provides a guide for departmental awareness:

B2.2 Work Hours - Exempt Employees

Issue Date:

B2.2A Policy

1. This policy is provided to explain and issue guidelines regarding work hours/absences as they apply to exempt employees and to express the overall management concept of work productivity for exempt employees. Work hours/absences for exempt employees are specified in sections B2 through B15 of the Personnel Manual.
2. Exempt employees are considered salaried employees whereby payment is made for performance of the job or production of work rather than a specified hourly rate. Exempt employees are expected to produce the desired result in an appropriate time frame, normally fulfilled with a 40-hour work week. When exempt employees attest to their timecard, they are only attesting to the fact they have worked at least forty (40) hours in the week.
3. Exempt employees who are absent from work for periods of less than a day are not charged the applicable leave and/or do not have their pay reduced by these absences. However:
 - a. Employees must submit a request in the current electronic timekeeping system for supervisor approval for absences less than a day (exempt leave - ELV) prior to the usage of ELV (for example, see eligibility and procedures for B7. Annual Leave or B8.1 Sick Leave, etc.)
 - b. Exempt employees who fail to receive approval via the current electronic timekeeping system may be disciplined.
 - c. Supervisors shall not approve absences of less than a day (exempt leave - ELV) which are not properly requested, indicate an excessive use of absences, and/or result in harm to the City's interest of providing services.
 - d. Exempt employees who have received compensatory time in accordance with B4 shall have their compensatory time reduced by the number of hours absent for less than a day. The request for leave shall be submitted in the electronic timekeeping system and shall indicate Compensatory Leave (CPL) rather than an Absence of Less than a Day (exempt leave - ELV). Employees with less than a full day compensatory leave time balance may utilize the compensatory time (CPL) for a portion of the day

and the remainder of the time for that day is considered as exempt leave (ELV). For example, 4.0 hours CPL and 4.0 hours ELV.

- e. Supervisors are authorized to require exempt employees to reconcile (make-up) time lost due to absences of less than a day in order to fulfill specific performance objectives. If specific performance objectives have been met, absences of less than a day need not be reconciled.
- 4. Absences of any portion of a workday when it is contiguous with absences for full days are charged to the applicable leave balance. Contiguous mean absences that are immediately preceding or immediately following full day absences (for example, an employee who is absent on vacation for four full days plus a half day, would be charged 36.0 hours; the half day is contiguous to the portion of one day and a portion of the following day, utilizes exempt leave - ELV on both days because the employee worked a portion of both days and the exempt leave - ELV time is not contiguous to a full day of absence). Absences which are immediately preceding or immediately after a normal day off are not considered contiguous (for example, an employee whose normal days off are Saturday and Sunday, works a partial day on Friday and is on annual leave for all day on Monday, is not charged for the partial absence on Friday which is recorded as ELV). Absences which are for a different leave type (sick/annual) are not considered contiguous (for example, if sick four hours on Thursday but on vacation for a full day on Friday results in payroll coding of 4.0 ELV and 8.0 ANN).
 - 5. Continuous absences of less than a day, for example an employee recovering from surgery who is able to work only reduced hours, requires the approval of the department director.
 - a. Continuous absences are considered absences of less than one day (exempt leave ELV) for more than five (5) consecutive workdays.
 - b. The department director shall determine the acceptability of full salary for absences of less than a day (exempt leave - ELV) for more than five (5) continuous days. In the event approval is not provided, the employee's leave time for partial day absences may be authorized for a specified duration without loss of other full-time benefits.
 - 6. Managerial employees (employees with the "M" pay grade prefix) shall not be required to submit documentation of absences of less than day (exempt leave - ELV) unless specified by their supervisor.

B. Directives and Benefits

B2.3 Work Hours - Non-Exempt Employees

Issue Date:

B2.3A Policy

1. Benefits eligibility for employees covered by the Fair Labor Standards Act (FLSA), as amended, are provided in the applicable collective bargaining agreement or the Personnel Manual.
2. All managers and supervisors are responsible for monitoring their employees' work hours to ensure that violations of the FLSA do not occur.
 - a. Determination as to what constitutes hours worked under the FLSA is essential in order to comply with the FLSA's overtime compensation requirements. "Hours worked" includes all time during which an employee "is required to be at the worksite" and all time during which an employee is "suffered or permitted to work."
 - 1) For example, during unpaid meal periods, employees may not perform City tasks such as answering telephones or referring the public, etc.; prior to work hours, employees may not perform City tasks such as turning on equipment for "warm up," collecting forms, etc. Any task that furthers the business of the City is considered to be working time under the FLSA.
 - b. Supervisors must not only prohibit work beyond the assigned hours (without approval), but they must also prevent it.
 - 1) For example, if an employee works additional hours without authorization and the supervisor becomes aware of this, the City is required to provide payment to the employee for the time worked. This includes situations where the supervisor should have known that the employee worked additional hours such as when work is assigned at the end of the workday by the supervisor and a completed product is produced at the beginning of the next day, for which in the particular facts of the situation the employee would have had to have worked additional hours to complete the task. Employees may not even volunteer to work such additional time. Even though the payment is required, the City, however, is not prohibited from disciplining the employee for working unauthorized time.

3. Employees shall be compensated for overtime as provided in the applicable collective bargaining agreement or the Personnel Manual. Any overtime worked must be authorized in advance by the Department Director (or Designee) on the Request for Advance Authorization of Overtime form.
4. Each department must ensure that the individual time records are kept for non-exempt employees in the current electronic timekeeping system and include the time work began and time work ended for each period of actual time worked and the employee's electronic signature certifying that the hours were worked.
 - a. All entries in the current electronic timekeeping system shall indicate the exact time the employee began work and ceased work.
 - b. Break periods of fifteen minutes or less do not need to be entered unless preferred by the department. If break periods are documented, they shall be noted as "breaks" to clarify that payment is provided.
 - c. Unpaid meal periods of thirty minutes or more shall be indicated with the time the period started and ended.
 - d. Time may not be estimated in anticipation of work actually performed. Arrangements are available to include all overtime in the current electronic timekeeping system prior to pay period deadlines.
 - e. In the event that an employee's work is interrupted for use of paid or unpaid leave, the entries for ceasing and/or resuming work shall be consistent with the approved leave requests in the current electronic timekeeping system.
5. Supervisors and employees shall review the employee's electronic time record prior to the last workday of the work week to ensure that unauthorized overtime will not be incurred. The employee may be rescheduled to work fewer hours in order to prevent overtime credit.
6. At the end of the work week, the employee will attest to the accuracy of their time at the close of every pay period. The supervisor (or designee) shall forward any Advance Authorization for Overtime forms to the appropriate Personnel Assistant and shall make any changes to the preprinted time entries. The supervisor's electronic approval in the current electronic timekeeping system verifies the employee's time as entered is accurate and correct.
 - a. Time worked shall be calculated for payment as follows:
 - 1) Time worked shall be monitored on a daily basis.

- a) Time worked for an additional five (5) minutes or less shall not be subtracted but shall be rounded.
 - b) Time not worked for five (5) minutes or less shall not be subtracted but shall be rounded.
 - c) Although pay is not docked for periods of less than five (5) minutes, employees may be disciplined for repeated tardiness or failure to work.
- 2) At the end of the work week the time worked each day shall be totaled for payroll purposes.
- a) Time worked beyond 40 hours that is more than five (5) minutes shall be paid as follows:

If work from 06 to 11 minutes credit	0.1 Hour
12 to 17	0.2 Hour
18 to 23	0.3 Hour
24 to 29	0.4 Hour
30 to 35	0.5 Hour
36 to 41	0.6 Hour
42 to 47	0.7 Hour
48 to 53	0.8 Hour
54 to 59	0.9 Hour
60 to 65	1.0 Hour

If work for 66 minutes or more, repeat the above. For example, if work 1 hour and 25 minutes, credit 1.4 hours.

- b) Time not worked within the assigned hours shall be charged to paid or unpaid leave as applicable, as follow:

If absent from 06 to 11 minutes charged	0.1 Hour
12 to 17	0.2 Hour
18 to 23	0.3 Hour
24 to 29	0.4 Hour
30 to 35	0.5 Hour
36 to 41	0.6 Hour
42 to 47	0.7 Hour
48 to 53	0.8 Hour
54 to 59	0.9 Hour
60 to 65	1.0 Hour

7. Supervisors or employees who fail to follow City and department policies or procedures regarding time records and/or overtime authorization may be disciplined, up to and including, dismissal.
8. The record documentation must be retained and preserved by departments. Storage and destruction of records is provided by the City's Record Center in accordance with law and the applicable retention schedule.

Hours actually worked are those hours in which the employee is present at the jobsite in the performance of assigned duties. B. Directives and Benefits

B11.3 Compliance with the Family & Medical Leave Act of 1993

Issue Date:

B11.3A Purpose

1. This policy provides for the coordination of the existing personnel policies and collective bargaining agreements with the federal Family and Medical Leave Act of 1993 (FMLA) as amended.
2. City of Tampa leave policies and collective bargaining agreements provide eligible employees with annual leave, sick leave, sick leave banks, personal and/or medical leave of absences, absence without pay, and various other accommodations based on an employee's need for an absence from work due to a medical condition of the employee or the employee's eligible family member.
3. The FMLA requires that the City authorize certain eligible employees up to twelve (12) weeks of leave per year for certain qualifying events. Leave approval is not changed by this policy. However, when leave disapproval is considered, supervisors should contact Employee Relations to ensure that the disapproval does not violate the FMLA. Clarification for supervisors when interpreting leave requests in conjunction with the FMLA is provided by this policy.

B11.3B Policy

1. Employee eligibility and authorization requirements for use of paid or unpaid leave remain in effect as provided by the applicable policy (Personnel Manual) or collective bargaining agreement. Department directors, managers, and supervisors shall review and authorize leave requests in accordance with those policies. Approval of leave is not limited to the FMLA requirements.
 - a. For family medical leave circumstances, eligible employees are currently permitted to utilize a portion of their sick leave balance for care of specified family members (see applicable policy or collective bargaining agreement). Usage of annual leave, Absence Without Pay (AWP), or a personal Leave of Absence may be approved for care of family members not specified and/or for absences beyond the allowable sick leave maximum usage.
 - b. For the employee's medical condition, eligible employees are currently permitted to use their sick leave balance, the Sick Leave Bank, annual

leave, Absent Without Pay (AWP), or medical Leave of Absence subject to approval.

- c. Exception. Part-time employees or employees not eligible for a personal or medical Leave of Absence are limited the use of Absent Without Pay (AWP) for authorized absences from work of 80 hours per calendar year (exception beyond the 80 hours are permitted for extraordinary circumstances). Departments should contact Employee Relations for assistance in determining that absence requests beyond 80 hours are approved when required to comply with the FMLA.
2. In calculating the twelve (12) week period under the FMLA, employees will continue to first use any paid leave balances, as applicable, per the applicable policy (Personnel Manual) or collective bargaining agreement. The twelve (12) week period occurs on a calendar year basis and is inclusive of both paid and unpaid leave. It is cumulative in cases where the leave is utilized on an intermittent basis (for example, when an employee takes leave periodically for care of an ill child rather than for a consecutive period of 12 weeks). Intermittent leave is calculated as the total hours the employee is assigned per week multiplied by 12 weeks. For example, time for a full-time employee of 40 hours weekly would equal 480; for a part-time 30 hour per week employee the time would be 360 hours.
3. Benefits. The status of pay and benefits shall be in accordance with the applicable leave status as stated in the policy (Personnel Manual) or collective bargaining agreement.
 - a. Exception. When employees are authorized a Personal Leave of Absence for a qualified FMLA event, the City is required to pay the City contribution for health insurance provided that the employee's payments for coverage continue the same as if the employee were working. This exception complies with the FMLA and has a duration of 12 weeks inclusive of any paid or unpaid leave prior to the personal Leave of Absence status. Health insurance coverage and payments for personal Leave of Absence status for qualified FMLA event beyond the inclusive 12-week period follows applicable policy (Personnel Manual) or collective bargaining agreement.
4. The City of Tampa strictly adheres to the criteria established by the Department of Labor in its determination of employee eligibility, as well as the definition of eligible family members provided. The City must permit use of applicable leave status for eligible employees under the following conditions:
 - a. For the birth of a son or daughter, and to care for the newborn child;

- b. For placement with the employee of a son or daughter for adoption or foster care;
 - c. To care for the employee's spouse, son, daughter, or parent with a serious health condition; and
 - d. Because of a serious health condition that makes the employee unable to perform the functions of the employee's job.
5. In determining issues not specified in current policy or collective bargaining agreements, the FMLA federal regulations shall be the determinative factor.
- 1) Posters. In order to comply with the FMLA, all departments are required to post in conspicuous places where employees work, the poster notice of the FMLA. Contact Employee Relations for additional copies of this poster.
 - 2) Further information concerning the above requirements and the federal regulations is available from Employee Relations. Assistance will be provided regarding definitions and medical documentation in accordance with the federal regulations. Supervisors considering the approval or disapproval of a leave request should contact Employee Relations for assistance.
 - 3) If an employee, or their supervisor on their behalf, needs to request FMLA paperwork for themselves or a designated family member, they should contact the Human Resources reception desk and request to speak to a Leave Administrator.

Such employees shall give supervisors advance notice of the need for lactation accommodations in order to allow supervisors the opportunity to establish a location and adjust schedules, as necessary. If an employee needs additional breaks or time beyond the time provided for, then the supervisor will ensure appropriate leave time is used to compensate for any time over the approved time periods in the schedule. Alternatively, an arrangement to make up the time within the same week is acceptable. Employees who make use of this accommodation are not relieved of their obligation to perform all essential job tasks as required.

The attendance must be authorized in advance by the immediate supervisor and the Department Director. Attendance is normally authorized when City funds have been authorized to the employee for travel expenses, transportation, instructional fees, registration fees, materials, etc.

a. This does not include attendance:

1. At courses authorized through the Tuition Reimbursement Program (see B20, Section 7).
2. If the employee will receive any renumeration from the sponsoring organization such as speaker's fees, stipends, etc.
3. If the event is sponsored by any organization or group which restricts its membership or attendance on the basis of race, sex, creed/religion, color, national origin, sexual orientation, gender identity or expression, age, disability, familial status, marital status, military status, or political affiliation.
4. An employee may be authorized to attend events named above on annual leave or leave without pay. Violations shall be subject to appropriate disciplinary action.

 - a) Non-Exempt Employees. When a non-exempt employee attends events (including training programs, workshops, seminars, etc.) on a required basis, the time spent beyond the employee's regular work hours shall be credited at the employee's regular rate of pay. When travel is outside Hillsborough County, a non-exempt employee may be eligible for additional crediting of time beyond their normal assigned hours. This is dependent on the type and time of travel and duration of the event. Determination and authorization for credit of any time beyond the normal assigned hours shall be reviewed by the Director of Human Resources & Talent Development on a case-by-case basis in order to comply with the Fair Labor Standards Act.
 - b) Exempt Employees. When an exempt employee attends events (including training programs, workshops, seminars, etc.) on a required basis, the exempt employee normally receives only the authorized number of work hours. However, in the event that the employee attends an event during a normal day off (for that individual's work schedule), the work schedule should be adjusted so that the employee does not exceed the authorized number of work hours. In the event that rescheduling is not practical, the Department Director can authorize crediting of compensatory time in accordance with B4.1 of the Personnel Manual.
3. Any time spent during regular work hours shall be indicated as "regular" time (REG) and shall be counted as hours worked for the purpose of calculating overtime. Effective October 1, 1998, the payroll code "PRO" (Professional Leave) is no longer utilized.

 - b. One-twelfth (1/12) of the annual amount is deducted from the annual award for each month and any portion of the month that the employee is

suspended, on preferential recall status, or on a leave of absence in excess of thirty (30) consecutive calendar days.

- c. The total number of months that the eligible employee is on a leave of absence, on preferential recall status, or suspension is deducted from the number of months of continuous service when calculating future longevity awards and the pro-rated longevity award at the employee's termination.
6. An eligible employee who terminates after the anniversary of the employee's 5th, 10, 15th, or 20th year of employment but prior to November 30 receives a pro-rated award based on the number of years completed service and not the amount of the previous year's award.

B. Directives and Benefits
B18.1 Salary Administration

Issue Date:

B18.1A Policy

1. Rate of Pay - An employee's rate of pay is determined according to the employee's position classification. Position classifications are assigned specific pay grades within a specific salary schedule.
2. New Hires - A new employee, regardless of status, is assigned to the minimum rate of the position classification's pay grade unless prior authorization to be paid at a higher rate has been obtained from the Director of Human Resources & Talent Development (or designee).
3. Promotions
 - a. A promotion is a change from a position in a lower classification to a position in a higher classification involving an increase in duties and responsibilities and an increase in pay.
 - b. The pay grade is determined by the class of work to which the employee is promoted. In some cases, an employee's promotion may place the employee in a pay grade which is found in a different salary schedule.
 - c. The pay rate is determined as follows:
 - 1) Promotional Pay Grade is the Same Salary Schedule
The employee is placed at the minimum pay rate of the new pay grade, or the rate of pay which provides a minimum of a four percent (4%) increase in pay.
 - 2) Promotional Pay Grade is in Different Salary Schedule
The employee is placed at the minimum pay rate of the new pay grade within the different salary schedule. However, in the event that the minimum rate of pay is less than or equal to the employee's former rate of pay, then the employee is placed at the rate of pay which provides a minimum of a four percent (4%) increase in pay.
 - 3) For non-bargaining unit employees, policy considerations specified in B18.2.1(a) may result in approval of exceptions.

- d. A promotion generates a new salary review date six (6) months from the effective date of the promotion and annually thereafter. However, if the probationary period is established for a period other than six months, then the new salary review date is equal to that probationary period and annually thereafter.
- e. If an employee is eligible for an annual salary review within three (3) months of a promotion, then the employee is placed at the rate of pay which is four percent (4%) beyond the rate of pay that the employee would have received but for the promotion.

4. Demotions

- a. A demotion is a change from a position in a higher class of work to a lower class of work involving a decrease in duties and responsibilities. A demotion may be voluntary (administrative) or the result of a disciplinary action.
- b. An employee who has completed the probationary period and who is demoted, is placed in the pay grade of the class of work to which the employee is demoted.
 - 1) A voluntary demotion shall be to the same rate of pay as the current position or maximum pay rate of the new pay grade, whichever is lower.
 - 2) A disciplinary demotion shall be to the rate of pay that is four percent (4%) lower than the current rate of pay which does not exceed the maximum pay rate of the new pay grade.
 - 3) The salary review date is the same.
- c. An employee who has not completed the entrance probationary period and who is demoted, is placed at the minimum pay rate of the pay grade of the new class of work regardless of whether the demotion is voluntary or the result of a disciplinary action.
 - 1) The salary review date shall be six months from the date of the demotion.
- d. If, during the promotional probationary period, an employee is returned for any reason to any position, then the demotion shall be to the same pay in which the employee held status prior to the promotion. However, in the event that the employee's prior pay rate is higher than the

maximum pay rate for the grade, the employee is placed at the maximum pay of the new pay grade.

- 1) The salary review date shall be six months from the date of the demotion except when the employee is demoted to the same position previously held, in which case the salary review date is delayed by the number of days for the cumulative period the employee was in the higher position.

5. Regrading - A regrading is a change in the pay grade assigned to a given class of work. The duties and responsibilities of the position usually remain the same. A pay adjustment is made for all positions within a given classification of work.

- a. Class Upgrade - This is a regrading which raises the pay grade of a position classification to a higher grade. An employee in a position which receives an upgrade receives a four percent (4%) increase in pay with the new grade and retains the same salary review date.
- b. Class Downgrade - This is a regrading which lowers the pay grade of a position classification to a lesser grade. An employee in a position classification which receives a downgrade is assigned to the new pay grade but at the same rate of pay. The salary review date is the same. If the employee's pay rate is higher than the maximum pay rate of the grade, then the employee is placed at the maximum pay rate of the new pay grade.

6. Reclassifications

- a. A reclassification is a change in the employee's position classification caused by a change in the nature of the work required by the position. A position's classification is based on the relative difficulty of duties and responsibilities and the required employment qualifications.
- b. A reclassification to a higher-level position is based on an increase in duties, responsibilities, and employment qualifications, and is treated as if it were a promotion for the purpose of pay determination.
- c. A reclassification to a lower-level position is based on a decrease in the level of duties, responsibilities, and employment qualifications, and is treated as if it were a voluntary demotion for the purpose of pay determination.

7. Return From Lay Off

- a. Same Class of Work - If the employee returns from layoff to the same class of work, or to a class of work with the same pay grade, the employee is placed at the same rate of pay occupied at the time of the layoff. The salary review date is adjusted in accordance with B18.1A10e).
- b. Higher Class of Work - If the employee returns to a higher class of work, the pay rate is determined in accordance with the salary policy for promotions (see B18.1A3).
- c. Lower Class of Work - If the employee returns to a lower class of work, the pay rate is determined in accordance with the salary policy on voluntary demotions (see B18.1A4).

8. Lateral Transfers

- a. A lateral transfer is a change from one City department to another City department when the employee selected for the vacant position retains the same classification and/or the same pay grade. No change in pay results.
 - 1) The salary review date for an employee who laterally transfers does not change. The current department completes a performance evaluation for the period up to the date of transfer; the new department completes a performance evaluation from the date of transfer to the salary review date. The resulting total evaluation based on the ratio of time and performance rating determines the employee's eligibility for the merit increase.

9. Across the Board Increases - Employees will receive across the board increases at the discretion of the Mayor or as negotiated in applicable collective bargaining agreements.

10. Merit Increases

- a. Merit increases shall be determined annually by the Mayor for the duration of the fiscal year. Merit increases may be awarded to a regular City employee upon completion of the entrance or promotional probationary period, and annually thereafter from the last merit increase. The date of the merit increase is considered the Salary Review Date.
- b. Merit increases are based on the quality of the employee's job performance, work habits (including attendance), initiative, and maturity.

- c. The mechanism used to determine an employee's worthiness for a merit increase is the appropriate performance evaluation form based on the employee's job classification. Evaluations may be completed as often as the department determines but must be completed prior to the completion of the entrance or promotional probationary period and then at least annually even if the employee is at the maximum rate of pay.
- d. An employee who is rated unsatisfactory ('Poor' or 'Below Expectations') will be re-evaluated more often than annually. The employee shall be re-evaluated in sixty (60) or ninety (90) days from the salary review date with the approval and determination by Human Resources. If the employee is serving an entrance or promotional probationary period, the re-evaluation date shall automatically be the extension of the probationary period.
 - 1) A merit increase which is denied pending a performance re-evaluation at a future date shall only be effective on the date of the satisfactory re-evaluation. Payment shall not be made retroactive to the original salary review date.
 - a) If a merit increase or rating of fully meets expectations (or higher) is granted for a re-evaluation within ninety (90) days of the original salary review date, the Department Director may make a written request to the Director of Human Resources & Talent Development to restore the original salary review date for future salary reviews if the Department Director feels circumstances warrant such considerations.
 - b) If the merit increase is delayed longer than ninety (90) days, the new salary review date will be determined by the effective date of the re-evaluation.
- e. In the event that an employee is on a suspension, leave of absence, layoff, or Workers' Compensation, for a cumulative period in excess of thirty (30) days, the employee's salary review date will be delayed by the number of days over the thirty (30) days. However, if the employee is serving a probationary period, the salary review date will be delayed for the complete cumulative period (including the thirty (30) days).
- f. When awarded, merit increases are as follows:

- 1) Bargaining Unit Employees - For P.B.A., I.A.F.F., or A.T.U. Bargaining Unit Employees, refers to the current collective bargaining agreement.
- 2) Non-Bargaining Unit Employees
 - a) Police Non-Bargaining Unit Employees (pay grade P-14) receive a one-step increase upon the successful completion of the one-year promotional probationary period and annually thereafter on the Salary Review Date up to the maximum step of the pay grade.
 - b) For Supervisory ("S" pay plan), Professional, Administrative & Technical ("N" pay plan), and Administrative/Clerical ("A-U" pay plan) employees refer to B18.2.

B18.2 Salary Administration - Merit Increases

Supervisory, Professional & Administrative Employees

Issue Date:

B18.2A Policy

1. Supervisory ("S" pay grade), Professional Technical & Administrative ("N" pay grade), and Administrative/Clerical ("A-U") employees are awarded merit increases upon the successful completion of the entrance or promotional probationary period and annually thereafter on the Salary Review Date. Increases are based on the overall points scored on the applicable performance evaluation. A maximum rating of 57.5 points is applied to the Supervisory Performance Evaluation. A maximum rating of 65.0 points is applied to the Professional, Technical & Administrative Performance Evaluation. A maximum rating of 5.0 is applied to the Administrative/Clerical Performance Evaluation.
 - a. It is the intent of this policy that employees shall be paid initially at the lower or beginning of the salary range and shall receive increases based on performance. Employees with sustained performance should achieve salaries at the maximum of the ranges. Cases of significant recruitment or retention problems, serious salary compression issues, or specialized technical skills may demonstrate the need for a higher initial salary. It is also recognized that the supervisory/professional salary ranges overlap subordinate salary schedules in a manner consistent with the salary administration for other City employees and that a supervisory /professional/administrative ("A-U") employee may be compensated initially at a rate less than subordinates who have reached the higher rates of pay of their pay grades through merit and longevity or due to specialized technical skills.
2. When awarded, merit increases are as follows:
 - a. Professional, Technical & Administrative Employee Performance Incentive Plan:

PERFORMANCE RATING	POINTS	MERIT AWARDED
Poor	Less than 33.0	0
Below Expectations	33.0 to 38.9	0
Fully Meets Expectations	39.0 to 51.9	2.0%
Excellent	52.0 to 60.9	2.5%
Outstanding	61.0 to 65.0	3.0%

b. Supervisory Employee Performance Incentive Plan:

PERFORMANCE RATING	POINTS	MERIT AWARDED
Poor	Less than 29.0	0
Below Expectations	29.0 to 34.4	0
Fully Meets Expectations	34.5 to 45.9	2.0%
Excellent	46.0 to 54.9	2.5%
Outstanding	55.0 to 57.5	3.0%

c. Administrative/Clerical ("A-U") Performance Incentive Plan:

PERFORMANCE RATING	POINTS	MERIT AWARDED
Unsatisfactory	Less than 3.0	0
Fully Meets Expectations	3.0 to 3.9	2.0%
Excellent	4.0 to 4.4	2.5%
Outstanding	4.5 to 5.0	3.0%

d. The determination of point ranges for each rating is based on an expected distribution of employees based on appropriate and substantiated documentation of performance. In the event that ratings for the fiscal year indicate an altered overall distribution not related to valid reasons, point ranges shall be adjusted to ensure that only those employees deserving the higher ratings are rated at those levels.

- 1) Raters shall follow the procedures and requirements for proper completion of performance evaluations including substantiation and documentation of the selection of ratings. Raters are prohibited from selecting higher point ratings in order to make an employee eligible for a higher rating when not merited.
- 2) The Director of Human Resources & Talent Development (or designee) shall have the authority to alter the awarding of the performance rating for an employee when the rating is deemed inappropriate.
3. Salary administration for new hires, promotions, demotions, and other transactions are specified in B18.1.
4. Policy considerations specified in 1(a) may result in approval of exceptions.

B18.3 Managerial Salary Administration

Issue Date:

B18.3A Policy

1. Salary Range

- a. A salary range shall exist for all managerial positions ("M" pay grades) and appointed unclassified positions ("A-U" pay grades).
- b. Each employee's salary will be within the range specified for the position.
- c. It is the intent of this policy that employees shall be paid initially at the lower or beginning of the salary range and shall receive increases based on performance. Employees with sustained performance should achieve salaries at the maximum of the ranges. Cases of significant recruitment or retention problems, serious salary compression issues, or specialized technical skills may demonstrate the need for a higher initial salary. It is also recognized that the managerial salary ranges overlap subordinate salary schedules in a manner consistent with the salary administration for other City employees and that a manager may be compensated initially at a rate less than subordinates who have reached the higher rates of pay of their pay grades through merit and longevity or due to specialized technical skills.
- d. The Managerial Salary Schedule and Appointed Unclassified Salary Schedule may be adjusted at the discretion of the Mayor.

2. New Hires

A new employee, regardless of position status, is placed at the beginning of the pay range unless prior authorization has been obtained from the Director of Human Resources & Talent Development.

3. Across the Board Increases

Employees will receive across the board increases at the discretion of the Mayor.

4. Merit Increases

- a. Merit increases may be awarded to employees upon completion of the initial one-year review period and annually thereafter. Policy

considerations specified in 1c may result in approval of exceptions. The date of the merit increase is considered the Salary Review Date.

- 1) Merit increases shall be determined annually by the Mayor for the duration of the fiscal year.
- 2) Individual merit increases shall be based on the employee's performance after completion of the performance evaluation. Evaluations may be completed as often as the reviewer determines but must be completed annually even if the employee is at the maximum of the pay range. The applicable salary increase is applied to the employee's salary effective on the Salary Review Date.

5. Promotions

- a. A promotion is a change from a position in a lower classification to a position in a higher classification involving an increase in duties and responsibilities and an increase in pay.
- b. The employee is placed at the beginning of the pay range or at the rate of pay which provides a minimum of a four percent (4%) increase, whichever is higher. Policy considerations specified in 1c may result in approval of exceptions.
- c. A promotion generates a new salary review date one year from the effective date of the promotion and annually thereafter. Policy considerations specified in 1c may result in approval of exceptions.
- d. If an employee is eligible for an annual salary review for the current fiscal year within three months of a promotion, then the employee is eligible to receive, at the time of promotion, an additional amount equal to the increase the employee would have received but for the promotion. If an employee is promoted within three months prior to the annual salary review for the next fiscal year, then the employee is eligible to receive, at the time of the original salary review date, an additional amount equal to the increase the employee would have received but for the promotion.

6. Regrading

- a. Regrading is a change in the pay grade assigned to a given class of work. The duties and responsibilities usually remain the same. An employee who receives a higher salary grade (or is regraded from a non-managerial schedule to a managerial salary grade), is paid at the same rate of pay and retains the same salary review date.

- b. Exception. In the event that the employee's rate of pay is below the minimum of the new grade, the employee's rate of pay shall be made equal to that minimum. The salary review date does not change.

7. Reclassifications

A reclassification is a change in the employee's position classification caused by a change in the nature of the work required by the position. A reclassification to a higher-level position is based on an increase in duties, responsibilities, and employment qualifications, and is treated as if it were a promotion for the purposes of pay determination. A reclassification to a lower-level position is treated as if it were a voluntary demotion (see B18.1,4, and B18.1,6,c).

8. Other Personnel Transactions

Demotions, transfers, regrades down, or other personnel transactions shall be administered consistent with B18.1.

9. Authorization

All managerial and appointed unclassified pay rate transactions require the express approval and written authorization of the Director of Human Resources & Talent Development. Any exceptions to this policy require the approval of the Mayor.

B18.4 Limited English Proficiency Language Incentive

Issue Date:

B18.4A Policy

1. Eligibility - Any employee designated and assigned by management as qualifying for the Limited English Proficiency Incentive shall be paid a special payment of \$150.00 monthly. The determination of the languages necessary and number of participants will be at the discretion of management.
2. Requirements -Employees who are designated as proficient in reading, writing, and speaking the languages deemed necessary by the department and are receiving the incentive pay will be required to assist in translating, interpreting, and transcribing as needed and required during the course of their regular duties.

Procedure:

1. In order to qualify for the incentive, an employee must demonstrate defined levels of proficiency in reading, writing, and speaking as determined by a proficiency test, administered by an outside organization with oversight by management at management's expense. To that end, a procedure has been put into place for the interest, facilitation, and participation in this incentive.
 - a. In order to comply with all collective bargaining agreements, Department Directors (or designee) will conduct a review of their business needs for foreign language speakers, the number of speakers needed, and the languages needed to best serve the business of the department. The intent of the language is to have foreign language speakers available when translation services in reading, writing, or speaking are needed to further the continuity of business.
 - b. The incentive is not meant to be provided to every employee that speaks a foreign language, rather, the incentive is provided because of a necessary business need for translation assistance with reading, writing, and speaking.
2. Once a department determines the number of employees needed within a work unit that will be required to provide translation services when requested, interested employees shall complete the interest form on the last page of this policy. Each department will pay for their own testing. Total City seniority date

should be used when the number of employees interested exceeds the number of employees need to provide translation services.

- a. The application must be filled out completely and the employee must provide all requested information.
 - b. The completed application must be signed by the employee. By signing the application, the employee attests to their abilities and acknowledges that they will be required to assist in translating, interpreting, and transcribing as needed and required during the course of their regular duties.
 - c. The Department Director (or designee) will appoint a managerial employee as department coordinator for all divisions within the department. The coordinator will be responsible for the scheduling of all testing sessions and will also oversee the acquisition of the scores received.
 - d. The scale for determining the level of proficiency in Spanish will be the American Council on the Teaching of Foreign Language (ACTFL) Scale. In order to receive incentive pay, an employee must achieve an overall level of 6. Additional languages as requested by the department will be reviewed and scored as determined by the vendor.
 - e. Once an employee has received a certification letter from the provider with the passing scores on the proficiency test, the coordinator will complete the bottom of the application to HRMS Manager in Employee Relations for processing of the incentive pay.
 - f. A copy of the completed application will be placed into the approved employee's personnel file.
 - g. Employees will not be required to submit an application on an annual basis for continued incentive pay once they have passed the initial examination and certification.
3. Removal of Incentive Pay - Once an employee has been approved for incentive pay and the completed application has been received by Employee Relations, the incentive pay will remain in effect while the employee remains with their respective department.
- a. Should an employee leave their assigned department for any reason of their own doing, (i.e., promotional opportunity), the incentive will cease. Any opportunity for the incentive will be determined by the new department's director based on departmental need.

- b. If at any time an employee receiving the monthly incentive pay refuses to provide translation services, the incident will be documented and reviewed by Human Resources. If it is found that an employee refuses to provide assistance, the incentive will be removed for one year. After such time, the employee may apply for the incentive testing process again.

B28.1B Progressive Discipline Administration

Disciplinary action may be taken for any just cause. Generally, employee misconduct should be dealt with using a progression of disciplinary actions. Exceptions to this progressive system shall be made in cases of major misconduct and according to the seriousness of the offense. Nothing herein will be construed as a limitation on the right of the City in imposing discipline based on repeated or reoccurring behavior or severe misconduct. This policy shall apply only to classified City employees who have successfully completed the entrance probationary period. Individuals serving entrance probationary periods and/or individuals employed in any unclassified position, as defined by the Civil Service

Law and/or Rules and Regulations, shall be disciplined in a manner determined appropriate by the Director of Human Resources & Talent Development.

Progressive discipline may include, but is not limited to, the following:

5. Postponement of Hearings - Hearings may be postponed, rescheduled, or continued in the event that an employee's union representative (see Section 6) is not available (if a bargaining unit employee) or if the Department Director determines that further investigation of the case is necessary. Delays must be for reasonable circumstances for a reasonable length of time.

Issue Date:

B29.A Policy

1. City departments must immediately forward all documents pertaining to Unemployment Compensation claims, appeals, or hearings to Employee Relations.
2. Background of the Program - The State of Florida operates a program of compensation for unemployed workers through the Department of Labor & Employment Security, Bureau of Unemployment Compensation (Chapter 443, Florida Statutes).
3. Purpose - The purpose of the program is to provide benefits to workers who are fit for employment, but who are unemployed through no fault of their own.
4. Program's Support - Public employers, such as the City of Tampa, reimburse the state 100% each quarter for the amount paid out for the City.
5. Employer's Share - The City pays a pro rata share of the qualified former employee's total benefits. This share is based on the amount of time the qualified former employee was employed by the City during the first four (4) of the previous five (5) completed calendar quarters.
6. Effect of Disciplinary Actions on Unemployment Compensation Claims - It is important that City departments follow the guidelines in B28.1, Discipline Administration, and that the reasons for dismissal be documented and well substantiated because the Bureau of Unemployment Compensation makes the determination of whether or not a person is disqualified for misconduct. This decision is made from substantiated information concerning the reasons and circumstances for the dismissal as supplied by the employer. Failure to supply such information, or failure to give substantial information, generally results in the state declaring the person eligible for Unemployment Compensation benefits. The City is then obligated to reimburse the state for the City's share of the benefits.

B33.2 Drug-Free Workplace

Issue Date:

B33.2A Policy

1. The City of Tampa has grave concerns regarding the abuse of alcohol and other drug substances in the community. Many City departments and their employees are directly involved and responsible for programs and services to control and eliminate drug usage in the community. The City of Tampa must also ensure that the City, as a workplace, is drug-free. With the determination to maintain a drug-free workplace, the City strives toward that end by reissuing and enhancing this policy. The obligation and desire to provide a drug-free workplace is not only for employee safety and well-being but also a commitment to the public we serve.

Drug use has serious adverse effects on the workforce resulting in lost productivity and a threat to safety for the employee, co-workers, and the public. Drug use creates a variety of workplace problems including, but not limited to, increased injury, absenteeism, medical costs, and theft along with decreased employee morale, productivity, and a decline in the quality of services. A drug-free workplace promotes protection of co-workers and the public. Realizing that no workplace is safe from the devastating effects of drugs, the City continues significant progress in the "war on drugs."

2. It is understood that City policy prohibits the consumption, possession, or being under the influence of drugs or intoxicating substances while on duty. Drug use and employment are not compatible.
3. Employees or eligible family members experiencing problems due to substance abuse are encouraged to voluntarily contact the Employee Assistance Program (EAP) in accordance with B33.1. This provides the employee with the opportunity to confidentially seek treatment.
4. Department directors, managers, and supervisors and employees shall be subject to disciplinary action if they fail to report actual or suspected drug use or influence by any City employee or fail to enforce, encourage, and follow the requirements of the policy.
5. All Department Directors are responsible for verification that managers, supervisors, and all employees attend mandatory training on the City of Tampa Drug-Free Workplace program. to attend scheduled training or fail to ensure that subordinate employees attend scheduled training.

 - 1) Reasonable Suspicion.
 - a. The reasonable suspicion standard requires that the City must have some "factual foundation and rationale which is interpreted in light of experience." In other words, a decision to test an employee shall be based on factors such as changes in job performance; physical symptoms commonly associated with drug usage such as slurred speech, altered motor skills and other changes; changes in attention span or attendance; reports or actual witnessing of possession or use of substances; changes in appetite or sleeping habits; or other mannerisms or behavioral changes which indicate the suspicion of drug usage.

- b. The supervisor having reasonable suspicion of the use of alcohol or drugs shall immediately contact the City's Employee Relations Division to arrange for referral for testing.
- c. The City shall meet with and inform an employee that, in the opinion of the City, there is a basis for reasonable suspicion and the City's intention to schedule a drug and/or alcohol test. At said meeting, the City shall consider the comments from the employee regarding the matter and shall then make the determination of whether to proceed and require the test.
- d. If it is determined, at the sole discretion of the City, that a drug test will be required, the employee shall be immediately escorted to be appropriate facility for tests. The employee shall not be allowed to drive. Prior to transport, the supervisor shall obtain the employee's signature on the "Consent to Perform" and obtain a witness of the signature. Refusal by an employee to submit to said test shall be grounds for dismissal.
- e. Pending the results of the test, the employee may be placed on sick leave. If the employee does not have a sufficient sick leave balance, the employee may be placed on annual leave or Absence Without Pay (AWP) when an insufficient annual leave balance exists.
 - 1) If a sworn police employee tests positive for an illegal substance, the employee shall be dismissed. If a sworn police employee tests positive for a legal substance, the provisions below shall apply.
 - 2) If an employee tests positive, the employee shall be placed on sick leave (or a medical leave of absence if eligible when there is an insufficient leave balance) and shall be referred to the City's Employee Assistance Program (EAP) for counseling, further drug testing, and/or enrollment in an appropriate program. Upon completion of the program, the City shall require medical substantiation regarding fitness for duty and resolution of drug or alcohol use or dependency

prior to reinstatement from sick leave or the medical leave of absence.

Reinstatement shall be conditioned on continued monitoring and testing to ensure continued and complete recovery. Only one such referral to the Employee Assistance Program shall be permitted. An employee who fails to complete the program or fails to remain in compliance with the program, or who resumes use of said substances after the original reinstatement to work, shall be dismissed.

- 3) If an employee tests negative, any paid or unpaid leave utilized pending the test results shall be corrected to regular pay status.

B40. Emergency Conditions and Know Your Role Program

Issue Date:

B40. Policy

1. Purpose - The purpose of this policy is to provide direction regarding employee work assignments and pay status during an impending or declared disaster or declared emergency conditions and, when applicable, during the post-event/recovery period. This includes situations due to severe inclement dangerous weather and other types of emergency situations where this policy will be applied uniformly, regardless of presidential declaration. Departments shall refer to the City's Emergency Operations Plan and Know Your Role Program for execution of response activities and emergency roles.
 - a. This policy shall not apply to bargaining unit sworn fire or bargaining unit sworn police personnel.
 - b. Seasonal and temporary employees may be assigned duties as needed. This provision also applies to game officials and will be determined by the City of Tampa Emergency Operations.
2. Declaration of Emergency Conditions - The provisions and procedures contained in this policy shall be implemented only upon authorization of the Mayor. Even if other government officials have declared emergency status, this policy applies only when the Mayor has declared emergency conditions. It is recognized that upon declaration of an emergency status, collective bargaining contracts are suspended for the duration of the emergency. This means that the City may suspend timeframes for grievances, seniority, disciplinary actions, processing pay changes, and other personnel transactions until the emergency period is no longer in effect.
3. Job Duties - In order to continue to address the needs of the community in emergencies, and to provide essential services, employees may be temporarily assigned to duties other than the essential functions of their regular position and/or be assigned to work at different jobsites through the Know Your Role Program as designated by the department head. As is the case for all regular and overtime assigned work, employees are subject to disciplinary action up to and including dismissal for failure to report to duty. Failure to report for an emergency assignment (pre-impact, emergency period, and/or post-event/recovery period) shall also subject the employee to disciplinary action up to and including immediate dismissal.

4. Emergency Phases - For purposes of job assignments and pay status, emergency conditions are addressed according to three (3) phases as follows:
 - a. Pre-Impact Period - This is the time period prior to the impending emergency. This period includes emergency response preparation activities and preventative measures by the City of Tampa departments in preparing for the impending emergency.
 - b. Emergency Period - This is the time period during which emergency response activities and restoration of critical services are conducted to protect life and property and most normal City services are suspended.
 - c. Post-Event / Recovery Period - This is the time period during which activities are conducted to restore the City's infrastructure and services to pre-emergency conditions and some City services may be suspended.
5. Employee Emergency Status. All employees shall be assigned to an Employee Emergency Status Group as follows:
 - a. Emergency Assigned Employees (Group I) are those employees who are assigned pre-defined emergency roles and duties that require that they report during the Pre-Impact or Emergency periods. This group includes those employees assigned to the Emergency Operations Center (EOC) and the Emergency Response Centers (ERCs) before during, and after an emergency. Dismissal or worksite closure announcements do not apply to these employees unless instructed otherwise.
 - b. Non-Emergency Assigned Employees (Group II) are those employees who are not required to work during the pre-impact or emergency periods when normal City services have been suspended, however, are pre-assigned continuity of operations and/or emergency support functions in their department, typically responding as services are restored.
 - c. Post-Event Assigned Employees (Group III) are the remainder of employees not previously assigned a specific role or function but are required to be available when recalled/notified. Employees may be temporarily assigned to duties other than the essential functions of their regular position, and/or be assigned to work at different jobsites.
6. Pre-Impact Period - The determination to close worksites either entirely or partially, and/or to implement disaster/emergency duties for City employees is at the sole discretion of the Mayor. Accordingly, the Mayor may determine that

non-emergency employees at all or certain worksites are to have an early work dismissal, later work arrival, or site closure for one or more work shifts.

- a. Individual Leave Requests for Family Obligations - Individual employees may face special family situations (i.e., when employees are expected to report or remain at work but schools open late, are closed, or close early and no alternative childcare is available, or the appropriate FMLA paperwork has been filed with the Director of Human Resources & Talent Development). If an employee is not designated to report for emergency duty work, supervisors are advised to be flexible to the extent possible and approve annual leave for the employee to handle the situation. If employees are designated to report for emergency duty work, the Department Director may authorize, up to the end of the employee's current shift, paid time to make the appropriate family arrangements prior to reporting to the emergency duty work assignment.
- b. Early Work Dismissal - Employees will be informed by their supervisor in the event that an early work dismissal has been authorized by the Mayor. Supervisors shall not permit employees to be dismissed without verification through the Department Director that authorization by the Mayor has occurred. Rumors or announcements by unauthorized personnel shall not be considered to be a factual basis for this determination.
- c. Worksite Closure or Late Work Arrival - If known prior to the employee's departure from work, employees will be informed by their supervisor in the event that their worksite will be closed or will be utilizing a late work arrival time. Supervisors shall not inform employees of information without verification through the Department Director that authorization by the Mayor has occurred. Rumors or announcements by unauthorized personnel shall not be considered to be a factual basis for this determination.
- d. Pre-Impact Pay Status
 - 1) Non-Working Employees - Employees who are authorized to be dismissed from work due to an early work dismissal, late work arrival, or other closing of the worksite, shall receive regular pay for all hours not worked during their regularly scheduled shift.
 - a. Employees directed to NOT report to work (or to cease work during the day) as specified in "b" and "c" below, shall be recorded as Emergency Duty Relief (EDR) on the

payroll. No deductions are made from the employees' leave accounts.

- b. Determination of EDR status shall be made on a frequent basis and shall not exceed a maximum of three (3) workdays, except under extraordinary circumstances as determined by the Mayor.
- c. Employees who are on sick leave or annual leave status during the EDR status period, shall remain on the sick or annual leave status and shall not be eligible for EDR.
- d. Employees on normal day(s) off shall not receive EDR pay.

2) Working Employees

- a. Employees who are required to work during the EDR status shall receive EDR pay for the equivalent time period and shall be paid for all hours actually worked. Hours actually worked shall be indicated as Emergency Duty Work (EDS - Emergency Duty Overtime - 150%).
- b. Only those employees required to work in support of emergency response activities shall be authorized to work. Authorization is also required for those employees recalled/notified to work post-event/recovery.
- c. Compensation for the hours actually worked as Emergency Duty Work (EDW) will be paid at their normal pay rate and the appropriate overtime rate if all other assigned hours are worked during the week of the emergency. There is no guaranteed number of work hours during an emergency. Employees are relieved from emergency work at the earliest opportunity. Emergency Duty Relief (EDR) and Emergency Duty Work (EDS, EDO) count as hours worked for purposes of calculating overtime.
- d. The appropriate overtime rate referenced above shall be the overtime rate determined by the applicable overtime policy depending on the employee's type. However, for purposes of this policy only:

- 1) Supervisory employees (Grade "S"), professional or technical employees (Grade "N"), Police

Lieutenants (Grade P-14) shall receive payment at 100% of their rate of pay (straight time) rather than the crediting of compensatory time as provided in B4.1.

- 2) Managerial and appointed unclassified employees shall be credited Emergency Duty Bank (EDB) time which provides compensatory time equivalent to 100% straight time for the additional hours worked rather than no credit as provided in B4.1

Exception: Administrators and Department Directors shall not be eligible and shall not receive any additional compensation or compensatory time credit for additional hours worked.

7. Emergency Period - Work assignments and pay status shall be implemented during the Emergency Period as provided in the Pre-Impact Period specified above.
8. Post-Event / Recovery Period - If some City services remain suspended during the post-event/recovery period, an employee must be working at their designated City position, a designated official post-event/recovery assignment through the Know Your Role Program or be on approved leave to receive pay.
 - a. In the event that an employee is unable to report for their assigned recovery duties, the employee must contact their direct supervisor to request approval of annual leave (or leave without pay if annual leave is exhausted).
 - b. An employee that fails to report for post-event/recovery assignments will not receive pay beyond the maximum specified as EDR on the payroll and may face disciplinary action up to and including dismissal for failure to report to duty for a post-event/recovery period assignment.
9. Emergency Information - Information regarding the City's status during all emergency phases (pre-impact, emergency, and post-event/recovery periods) will be communicated via the City's Emergency Alert Line (EAL), 813-232-6865. In addition, notices to employees regarding recall notifications, assignment locations, and return to work, will be communicated via the EAL and/or the supervisor.

Additionally, the primary Emergency broadcast System (EBS) stations are WYNF (94.9 FM), WRBQ (1320 AM and 104.7 FM), and WFLA (970 AM), although most television/radio stations remaining in service will be providing essential emergency information to the community. In addition to calling the EAL, employees are encouraged to monitor these stations for instructions regarding the City's status, including work closures and work re-opening, as well as information regarding employee recall notifications, assignment locations, and return to work. In the event of conflicting or uncertain information, employees must confirm information with their supervisors.

10. Sworn Fire / Sworn Police - As stated in Section 1(a) above, this policy shall not apply to bargaining unit sworn fire or bargaining unit sworn police personnel, provided however, that specialized payroll coding, designating work hours as emergency assignments, shall be used to indicate all hours worked for accounting purposes. These codes are "ESS" (Emergency Sworn Straight Time - 100%) and "ESO" (Emergency Sworn Overtime - 150%).
11. Emergency Mutual Aid - The pay status for employees as provided herein may apply to specified Emergency Mutual Aid assignments at the direction and discretion of the Mayor. Prior to assigning employees to Emergency Mutual Aid duties the Department Director shall confirm the authorization for special payment and shall utilize the applicable payroll codes as designated for that purpose.

B44.1 Telework Program Policy

Issue Date:

B44.1A. Purpose

1. Telework is an arrangement that allows eligible City of Tampa (City) employees to work in a designated area – an alternative worksite – outside the office. Telework is a cooperative arrangement between employees, supervisors, and employing departments. Telework may be discontinued at any time with little or no notice at the discretion of the City or the department director. The purpose of this policy is to implement a telework program within the City and provide direction on the requirements and proper application of the program.

Telework benefits employees, departments, and the community. Benefits include:

- Ability to function during an emergency when the regular worksite is inaccessible.
- Increased productivity.
- Efficient use of City resources, including office space.
- Recruitment and retention of highly qualified employees.
- Greater flexibility for employees and departments.
- Improved employee morale and job satisfaction.
- Reduced employee absenteeism.
- Reduced employee commute time and costs.
- Decreased energy consumption, air pollution, traffic and parking congestion, and transit overcrowding.

2. Application.

- a. This policy applies to all department positions which have been approved to telework by the Administration. This policy does not apply to the employees of contractors of the City.
- b. Telework does not include, and this policy does not apply to:
 - Duties and responsibilities that, by their nature, are considered remote work performed routinely in the field, away from the department worksite.
 - Performance of required work duties while traveling for City business.

- Occasional, pre-approved performance of required work duties away from the department worksite.

3. Policy

a. General

- 1) **Telework is a privilege, not a right, and is voluntary.** All City employees who telework must have an approved Telework Agreement under this policy. A City department may have additional telework requirements, guidelines, or procedures, provided they are consistent with the intent of this program and are approved by the Human Resources Department.
- 2) Telework does not change the duties, obligations, responsibilities, or terms and conditions of City employment. Telework employees must comply with all City rules, policies, practices, and instructions.
- 3) A telework employee shall only perform City work during scheduled telework hours. Employees may not engage in activities while teleworking that would not be permitted at the department worksite, such as child, elder, or other dependent care, or conducting personal business or performing work for other employers. Such outside activities must only be conducted outside of work hours.
- 4) Employees may be removed from the Telework Program if they do not comply with the terms of their Telework Agreement. A manager or department director may deny, end, or modify a Telework Agreement for any business reason that is not arbitrary or capricious. Similarly, a telework employee may end or request to change a Telework Agreement but must provide thirty (30) days notice to management.
- 5) The Telework Program is intended to be cost neutral. The City is not required to provide telework employees with materials or supplies needed to establish an alternative worksite (desk, chair, computer, software, cell phone, fax, copier, etc.), and assumes no responsibility for set-up or operating costs at an alternative worksite (telephone or internet services, etc.).
- 6) Departments have the sole discretion to provide work-required equipment, software, or supplies, or allow employees to use their personal equipment while teleworking. Departments providing equipment, software, or other supplies to teleworking employees must reasonably allocate those resources based on operational and workload needs.

- 7) All City rules regarding the use of computers and the internet apply while an employee is teleworking, regardless of whether the employee is using City-provided or personal equipment. City-provided equipment and personal equipment used for teleworking shall be subject to Chapter 119, Florida Statutes, Public Records.
- 8) Each department shall establish and track proven performance measures that support Telework Program analysis. Department supervisors will validate performance metrics and report data to their respective managers/directors. Managers should review to determine if performance measurements are being met.

b. Eligibility

- 1) Eligibility for teleworking is based on the role/position eligibility and the employee eligibility job. Not every job, or every employee, is well suited for teleworking. Managers and supervisors are encouraged to look at specific job duties, flexible scheduling and other alternatives which can be key to allowing a City employee to be eligible for telework. Department Directors will make the final determination on roles/positions suitable for teleworking. In the event an employee violates the teleworking policy and/or the Telework Agreement, they shall become ineligible.
- 2) Department administrators are responsible for the annual identification and update of positions that are considered eligible for telework, with assistance from the Human Resources Department, no later than June 30 of each year.
- 3) In addition, department administrators shall update positions to reflect those employees that are working under a current Telework Agreement.
- 4) Human Resources will create and maintain a master list of all employees who are teleworking as provided by the departments and will make the list available upon request.

Position eligibility. An employee's position may be suitable for telework when the job duties include but are not limited to:

14. Definitions:

Alternative worksite is generally considered an employee's approved telework site, or, for a remote worker, the approved remote site (e.g., an employee's residence).

Department worksite refers to an official City location where work activities are based, generally considered a centralized location of an employee's assigned organization. The term regular worksite is also used to describe department worksite.

Mobile work is work which is characterized by routine and regular travel to conduct work in customer service or other worksites as opposed to a single authorized alternative worksite. Examples of mobile work include site audits, site inspections, investigations, property management, and work performed while commuting, traveling between worksites, or on Temporary Duty (TDY).

Non-emergency or non-disaster condition is an interruption of utility or other services to an office or facility, or any portion thereof (e.g., electricity, water, heating, air conditioning, etc.), or an activity or event occurring within an office or facility (e.g., painting, extermination services, fire, water leak, etc.), that could temporarily disrupt normal business operations.

Remote work is an arrangement in which an employee, under a written remote work agreement, is scheduled to perform their work at an alternative worksite and is not expected to perform work at a department worksite on a regular and recurring basis. A remote worker's official worksite may be within or outside the local commuting area of a department worksite.

Official worksite is the department worksite for most employees, including a teleworker. For a remote worker, the official worksite is the alternative worksite to which the department and the employee agreed (e.g., the employee's residence). The official worksite is generally the location of an employee's duty station as documented on an employee's contract/agreement.

Telework is an arrangement in which an employee, under a written telework agreement, is scheduled to perform their work at an agency worksite on a regular and recurring basis. The term "telework" is considered to be synonymous with "telecommuting".

(Ch. 24927, Special Acts 1947; Special Acts, CH. 81-496).

Section 17. Probation; Discharge, Reduction; Permanent Status.

(A) No appointment, employment, or promotion of any employee in the classified service of said City shall be deemed complete or permanent until the employee has completed a probationary period. The employee may be discharged or reduced in rank at any time within said probationary period upon the recommendation of the appointing authority. The probationary period shall be that period specified by a majority of the Civil Service Board of the City of Tampa after receipt of the recommendation of the Mayor as to the length of said period. Probationary periods may vary for different departments of the City.

(B) If no discharge or demotion shall be made within such probationary period then such appointment shall be deemed complete, and such employee or appointee shall be deemed a member of the classified service of said City, and shall hold office or employment during satisfactory performance or until reduced, suspended or discharged in accordance with the provisions of this Act, and any person Who may be promoted under the rules of the said Civil Service Board shall hold the office or employment, to which the person is promoted, during satisfactory performance and unless reduced, suspended or discharged in accordance with the provisions of this Act. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 70-951; Ch. 81-496).

Section 18. Excessive Employees; Discharge; Demotion, Priority for Reemployment.

(A) Whenever it appears to the appointing authority of the City of Tampa that an excessive number of persons are employed in any class of work in a department of the city government, the appointing authority shall cause the excess number of employees in such department to be laid off from employment. Employees shall be dismissed for layoff pursuant to the procedure outlined in the appropriate collective bargaining agreement.

(B) Employees in the classified service who are not part of a collective bargaining agreement unit and employees covered by a collective agreement which does not address this subject shall be laid off in accordance with seniority, performance standards, and affirmative action goals.

(C) Any persons being laid off under the provisions of this section shall be placed upon a preferred list of reemployment and shall have priority over all other applicants for reemployment in any equivalent level of municipal employment for which the

person may be eligible. If a vacancy occurs in any department, persons who have been laid off from that department under the provisions of this section, and who have been placed on the preferred list, shall be reemployed in their respective order of seniority. The appointing authority shall not recommend for employment any persons on the regular list until all persons upon the preferred list have been reemployed, even though in so doing it may necessitate recommendation of only one name for each vacancy. The candidates for employment who are placed on the preferred list shall be classified in order of seniority, and the person who has served the longest period of time shall be first entitled to fill a vacancy.

(D) As used in this act, "seniority" means the total length of continuous employment with the City of Tampa. Temporary interruptions of employment caused by military service, illness, or, if the employee is reinstated by action of the Civil Service Board, involuntary severance from employment shall not constitute a break in service, and an employee so affected shall be deemed to have continuous employment. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 81-496).

Section 19. Removal of Employees for Certain Reasons.

Any employee of the classified civil service, who shall be incompetent or be guilty of neglect of duty, or of insubordination, or of any offense involving moral turpitude, or while on duty committing a breach of the peace, or for any other just cause, shall be subject to removal, suspension, demotion, reduction or discharge. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 59-1918; Ch. 81-496).

Section 20. Right to Organize; Dismissal for Failure to Perform Duties.

Nothing contained in this act is intended to restrict or deny the rights of any employee to organize or become members of an organization; provided, however, that failure of any employee to continue in the performance of the duties and requirements of the employee's position shall be cause for dismissal. (Ch. 24927, Special Acts 1947; Special Accts, C. 81-496).

Section 21. Discharge; Suspension; Hearing; Procedure; Appeal; Basis.

(A) No officer or employee of the City of Tampa, Florida, in the classified service shall be removed, suspended, demoted, reduced, or discharged except for cause shown upon written charges preferred.

(B) The appointing authority shall not have the power to suspend an employee in excess of sixty (60) days.

(C) Classified employees who are removed, suspended, demoted or discharged under the provisions of this Act shall have the right to appeal this adverse action to the Civil Service Board. Employees who exercise their right of appeal shall notify the Civil Service Board in writing of their decision within ten (10) days of receipt of notice of the adverse action.

(D) It shall be the duty of the Civil Service Board to hear and review appeals submitted by classified employees resulting from alleged adverse employer action that results in demotion, dismissal, suspension, or loss of other employee rights including violations of classification procedures, promotion guidelines or other Rules and Regulations established pursuant to this Act. After the Civil Service Board has been notified of an employee's decision to appeal, it shall schedule a hearing within a reasonable time. During such review, both the appealing employee and the persons who initiated the action shall have the right to be heard publicly. Each party shall be represented by a person of his choice and shall have the right to present evidential facts. At the hearing of such appeals, technical rules of evidence shall not apply.

(E) The Board after hearing all the evidence may take the following action:

(1) The Board may immediately reinstate with back pay from the time of the adverse action an employee who was removed, suspended, demoted, reduced, or discharged without being notified of the charges in writing.

(2) In the case of an employee who was improperly removed, suspended, demoted, reduced, or discharged on written charges preferred, the Board, if it determines the action of the appointing authority was without just cause, may reinstate the employee with back pay from the time of the initial disciplinary action of the appointing authority.

(3) In the case of an employee who was removed, suspended, demoted, reduced, or discharged on written charges preferred, the Board, if it determines the action of the appointing authority was without just cause, may uphold the action of the appointing authority, may direct a suspension without pay for a given period and subsequent restoration to duty, or may require the disciplined employee to take a demotion in the classification grade or pay, or any such other penalty as the Board may deem appropriate.

(F) In all cases, the Board, after hearing all of the evidence, shall file a written statement of its findings with the appointing authority. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 59-1918; Ch. 81-496).

Section 22. Political Activity of Officers and Employees; Coercion of Votes and Moneys Prohibited; Penalty.

(A) Any person holding a position with the City of Tampa, Florida, in the classified service or in the unclassified service, shall have the same right to take part in political campaigns and to exercise their rights of franchise as any other citizen, except that no officer or employee of the City, except an elected official, shall engage in any political activities during hours of duty, service or work with the City. No leave of absence for any time whatsoever shall be granted to any officer or employee of the City for the purpose of engaging in political activities for any candidate, other than the employee's candidacy, for public office. Any violation of this provision shall be deemed to be neglect of duty.

(B) Any person holding a position with the City of Tampa, Florida, in the classified service or in the unclassified service, except an elected officer, must take a leave of absence, without pay, beginning when said person completes his qualification as a political candidate in any election for:

- (1) A City of Tampa office;
- (2) A County of Hillsborough office;
- (3) A State of Florida office;
- (4) A Federal office.

Such Leave of absence shall cease when the individual is no longer a candidate for one of said offices.

(C) It shall be unlawful for the head of any department of the City of Tampa, Florida, or any person connected therewith, to coerce, or attempt to coerce any person connected with the classified service of the City of Tampa to vote for or against any person in any election specified in Section 22 (B), or to collect, receive or attempt to collect or receive, by coercion, or attempted coercion, any moneys whatsoever for any purpose, and any person so violating such provisions of this Section shall, upon conviction, be deemed guilty of a misdemeanor in the second degree and shall be punishable as provided in General Law. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 57-1891; Ch. 70-950; Ch. 81-496).

Section 23. Employees to Retain Position and Status.

Employees holding positions in the classified service herein upon the adoption of this law shall be continued in their respective positions without further examination, until separated from their positions as provided by law. (Ch. 24927, Special Acts 1947; Special Acts, Ch. 81-496).

Section 24. Compliance with Rules of Board; Legal Action by Same.

All officers and employees of the City of Tampa shall comply with the provisions of this law and the rules, regulations, and orders thereunder, and shall furnish any records or information which the Board may reasonably request for any purpose of this law and shall aid in all proper ways in effectuating the Civil Service System. Any action or proceeding law or inequity considered necessary or appropriate to secure compliance with this Act and rules thereunder may be instituted by the Mayor or Board. No City officer shall make or approve or take any part in making or approving any payment for personal service to any person holding a position in the city service unless the persons named therein have been appointed and employed in accordance with the provisions of this law and the rules, regulations and orders thereunder. (Ch. 24927, Special Acts 1947; Special Acts Ch. 59-1924; Ch. 81-496).

Section 25. All laws and parts of laws in conflict herewith are hereby repealed. (Special Acts, Ch. 81-496).

ARTICLE B: General Provisions

Section 1. Purpose of Rules

- a. It is the purpose of these Rules and Regulations (hereinafter referred to as Rules) to establish general policy and procedures for managing personnel activities and transactions provided for in the Act. The objective is to ensure that the primary and controlling factor in making appointments and dismissals, and in determining promotions, will be the merit and fitness of the individual concerned. Included also are all other actions which may in any way affect any employee or prospective employee coming within the purview of the Act.
- b. Amendments to the Rules shall be made as stated in Section 11, subsections (A) and (B), of the Act. All Rules and amendments thereto shall become effective upon the date of approval and copies of Rules and amendments shall be furnished to any citizen, upon request, at reasonable cost as provided in Chapter 119 of the Florida Statutes (1981).

Section 2. Positions Included in the Rules

These Rules shall apply only to positions and employees in the classified service as defined in the Act and Article A, 7, of these Rules.

Section 3. Non-Discrimination

No question in any examination, in any application form, or in any other proceedings of any Department Head or appointing authority, shall be so framed as to attempt to elicit information concerning political or religious opinions or affiliations of the applicant. No appointment to or removal from a position in the classified service, or other change in status, shall be influenced in any manner by age, race, color, religion, sex, national origin, handicap, or political affiliation, except:

- (1) as provided by the City's Equal Employment Opportunity/Affirmative Action Policy and procedures for non-discrimination in employment in accordance with federal and state law and other regulatory authorities, and
- (2) as age, sex, or physical capabilities are determined to be bona fide occupational qualifications.

ARTICLE C. Administration of Rules

Section 1. Assignment of Responsibility

The Director of Administration is designated as the Department head responsible for the administration and enforcement of the Civil Service Law and the Rules adopted by the Civil Service Board. The Director of Administration shall, subject to the provisions of the Act and these Rules, and in conformance with the policies issued by the Mayor, direct all personnel activities of the City of Tampa and shall have authority to adopt such administrative practices as might be necessary.

ARTICLE D. The Position Classification Plan

Section 1. The Existing Plan

The Position Classification Plan existing as of the date of adoption of these Rules, with such modifications as may be made from time to time, shall constitute the official plan for all positions in the classified service. Such plan shall include a list of the titles of the classes to which all positions have been allocated and a written description for each class setting forth the title of the class; the nature of the work performed; examples of duties; desirable knowledges, abilities and skill; training and experience requirements; and licenses or certificates desired or required.

Section 2. Use of the Classification Plan

- a. The titles assigned to the appropriate classes established in the classification plan shall be used in all personnel, accounting, budget requests, and financial records. Working titles used in the course of departmental routine to indicate authority, status in the organization, or administrative rank may continue to be used for these purposes.
- b. The class descriptions embodied in the classification plan are descriptive and explanatory but not necessarily inclusive or exclusive. Although they may not be specifically mentioned, certain qualifications such as honesty, industry, and other personal qualities which are proper requirements of all positions are deemed a part of the descriptions.

Section 3. Amendments to Classification Plan; Allocation of New Positions; Reallocations.

When new positions are created, or when the duties and responsibilities of existing positions change, the Department of Administration shall allocate or reallocate the affected positions by placing them in the appropriate existing classes, or establishing the necessary new classes, as determined by analysis of the responsibilities and duties involved. When, because of a change in duties, a position is reallocated to a different classification, if the duties under the new classification are on an equal level with those performed under the original classification, a corresponding change in title may be approved without process of examination. If the duties of a reallocated position under its new classification are on a higher level than those performed under the original classification, the position must be filled by examination; however, noncompetitive examination may be used for an incumbent.

ARTICLE E. Recruiting and Examining

Section 1. Recruiting

The Department of Administration shall establish, operate and maintain a recruiting program to provide qualified eligibles to perform the various occupations required for city departments to operate.

Section 2. Public Notice of Examination

The Department of Administration shall give reasonable public notice of examinations for positions in the classified service using such means and methods as are deemed appropriate. Such notice shall specify the general scope of each examination, the title and salary range of the position; the final date on which applications will be received; and any other pertinent information consistent with the provisions of these Rules.

Section 3. Qualifications of Applicants

- b. Applicants shall, upon demand, furnish proof of age, experience, educational qualifications, and such licenses or certificates as the laws and ordinances may require for the practice of the profession, art or trade involved.
- c. Establishment of minimum and maximum ages for purposes of determining eligibility for employment will be consistent with State and Federal age discrimination

legislation. Exceptions will be based on bona fide occupational qualifications and stated in the public notice.

d. Applicants shall, upon demand, furnish proof of good character, sound health, and physical ability to perform the duties and responsibilities of the position to which appointment is sought.

Section 4. Disqualification of Applicants

The Department of Administration may reject the application of any person for admission to a test, or may, after examination, decline to certify or remove from an eligible list an applicant who:

- (1) is found to lack any of the established minimum requirements for the position for which application was made; or
- (2) is physically unfit and fails to pass the required medical examination for the position to which appointment is sought; or
- (3) is addicted to the use of alcohol or other drugs to the extent that job performance is compromised; or

- (5) has been dismissed from the public service or from other employment for good cause; or
- (6) has made a false statement of any material fact; or
- (7) has practiced or attempted to practice any deception or fraud in the application or examination, or in securing eligibility or appointment; or
- (8) has used, threatened to use, or attempted to use political influence in securing employment, reemployment or promotion; or
- (9) has an unsatisfactory report of character investigation or personal habits which may jeopardize ability to perform in a particular class of work.

Section 5. Scope of Examinations

Examinations may consist of written or oral tests, proficiency (i.e. manual dexterity) tests, performance appraisal, evaluation of the applicant's job-related personal history (including training and experience), situational or work sample exercises, or any other professionally accepted screening procedure consistent with Federal and State statutes and other governing legislation and these Rules.

Section 6. Conduct of Examinations

Examinations shall be conducted at such places as the Department of Administration may designate. The Department of Administration will issue directions governing the identification of those taking examinations in order to protect the confidentiality of test-takers and test materials.

Section 7. Rating of Examinations

- a. The final score to be used in establishing an eligible list resulting from any examination, whether it is an individual or multiple component examination, shall be no lower than 70 and no higher than 100 prior to the addition of preference points, with the exception of those classes of work for which minimum qualifications screening only has been determined appropriate. Scoring procedures, including the establishment of minimum passing scores, shall conform to relevant professional and legal standards such as, but not limited to, the Standards for Educational Psychological Tests published by the American Psychological Association.
- b. Failure in one phase of an examination might be grounds for the applicant to be declared as failing in the entire examination or as disqualified for subsequent parts of the examination.
- c. Each part of the examination for any class shall be separately rated. The minimum passing score on any component shall not exceed 70% of the maximum possible score for said test. Final scores shall be determined by a weighting system based on the proportionate value of each scored component in the examination procedure for that class.

Section 8. Notice of Results of Examination

Within ten (10) days following the holding of an examination, applicants may review the inspection copy of the test, unless prohibited by copyright, and, if the test was intended for one-time administration only, may also review a copy of the

scoring key. Applicants may file a written protest of any question or answer believed to be incorrect, unfair or otherwise inappropriate, citing the reasons(s) and authority for the challenge. Such protests will be reviewed by the Department of Administration. Applicants may request a rescoring of their answers and any manifest error in scoring shall be corrected and their score adjusted accordingly. Such correction shall not invalidate any certification or appointment previously made. For the examinations which the Department of Administration determines review of the actual test instruments to be contrary to the reasonable interests of the City, alternate methods of providing information to applicants will be used.

Section 9. Veterans Preference

Military veterans shall be awarded additional points in accord with the Act.

Section 10. Medical Requirements

- a. The Director of Administration may designate one or more qualified medical examiners who shall administer a medical examination to determine the medical fitness of eligibles selected for possible appointment to positions in the classified service. If, in the opinion of the examiner, an applicant is not medically qualified to perform satisfactorily the duties and responsibilities of the position, the examiner shall so report to the Department of Administration.
- b. An individual entering the classified service must receive a satisfactory medical examination report before the appointment can be made. The Department of Administration may require any employee to meet these requirements when there are reasonable grounds to question employees regarding their medical or physical suitability for continued employment. An employee returning from leave of absence status or seeking reemployment might also be required to meet these requirements for a satisfactory report of medical status.

Section 11. Retests

Applicants who have been admitted to an examination for a particular class of work shall not again be approved for the same examination within a period of forty-five (45) days. Exceptions for specific tests may be made by the Director of Administration if doing so would better serve the interests of the City.

ARTICLE F. Eligibility

Section 1. Eligibility Records

- a. After each administration of an examination, the scores of all applicants shall be recorded. Those passing the examination will be deemed eligible and treated in the manner provided for all who have previously passed the examination, consistent with the other requirements of these Rules, without regard to the date of the test.
- b. Individual eligibility shall be for a period of up to one (1) year from the date of the test unless an extension for a period of no longer than one additional year is specifically authorized for all eligibles for a class of work by the Department of Administration. When examination materials or procedures are changed, individuals on the current eligible list will be required to establish eligibility under the new test within a reasonable period of time.
- c. Any employee in the classified service who resigns after having completed the required probationary period is entitled to be placed on an eligible list for the class of work formerly held, provided such request is made in writing within six (6) months from the effective date of resignation. The name of such person shall be placed on the eligible list on the basis of the grade earned on the previous examination for the class unless the examination has been changed, in which case the person must take the new test or be placed on the eligible list with the minimum passing score of a period of not more than 90 days.

Section 2. Removal of Names from Eligible Lists

- a. The name of any person appearing on an eligible list may be removed therefrom if the eligible requests in writing that his/her name be removed; if he/she fails to report for an interview as requested; if he/she fails to report for duty as directed by the appointing authority; or, if he/she cannot be located.
- b. If an eligible has been certified two (2) times to a specific department and not hired, and the department provides satisfactory written documentation that said eligible does not meet its requirements and will, in fact, not be hired, then the Department of Administration may order that the eligible not be certified to that department for a period of twelve (12) months unless there is a documented material improvement in the eligible's qualifications.

- c. Eligibles removed from the list or denied certification to a particular department shall be notified of such action and informed of the reason(s) for removal from the eligible list or denial of certification to a department.
- d. An eligible certified for appointment may, with the approval of the Department of Administration, waive such certification for a stipulated period.
- e. An eligible may be removed from an eligible list on the basis of the disqualification factors defined in Article E, Section 4.

ARTICLE G. Methods of Appointment

Section 1. Filling Position Vacancies

- a. Whenever an appointing authority desires to fill a vacancy in any position in the classified service, notification shall be made using the form prescribed by the Department of Administration. The Department of Administration will determine which method of certification will be employed.
- b. So far as it is practical, reasonable, and consistent with the best interests of the City, vacancies in the classified service shall be filled by promotion of regular status employees in the classified service.

Section 2. Reemployment

Whenever a vacancy is to be filled by reemployment, the Department of Administration shall certify to the appointing authority only the names of those eligible for reemployment in that specific loss of work.

Section 3. Temporary Appointments

- a. Temporary appointees are deemed to be in the unclassified service and not eligible for regular appointment without first meeting the qualifications of the classified position. When a temporary position is replaced by a regular classified position, the employee occupying the temporary position may be given preference over entrance eligibles; however, in case of a vacancy constituting a promotional opportunity, the temporary employee must compete with promotional eligibles in accordance with the provisions of these Rules.

- b. Acceptance of temporary employment shall not effect standing on any eligibility list.
- c. A person occupying a temporary appointment shall be terminated when the person replaced returns to the regular position, or upon completion of the term of employment, or upon completion of a specific project.

Section 4. Transfer

- a. The Director of Administration may authorize the transfer of an employee in the classified service from a position in one department to an equivalent position in another department. Any transfer of an employee from a position of lower classification to a higher class shall be deemed a promotion and shall be accomplished only in the manner provided in these Rules for making promotional appointments. Transferring employees may be required to serve a probationary period in the position to which transferred. Interdepartmental involuntary transfers may be appealed to the Civil Service Board.
- b. An employee may initiate a transfer request provided that, if the position to which transfer is sought is under a different appointing authority, the authority where the employee is presently located may request up to ten working days from the date of notification before the transfer can take place.

ARTICLE H. Certification of Eligibles

Section 1. Certification Procedures

- a. After determining the type of appointment to be made, the Department of Administration shall direct the certification of eligibles in accordance with these Rules.
- b. Whenever a vacancy is to be filled by original appointment or promotion the Department of Administration shall certify to the appointing authority ten percent (10%) or a minimum of six (6) of the eligibles ranking highest on the appropriate list. If there are fewer than six (6) names on the list, the Department of Administration may declare the list depleted and initiate procedures toward establishing a new eligible list. Two (2) additional names will be certified for each additional vacancy. No effort will be made

to break tie scores for the first and the last vacancies. Intermediate tie scores will be counted on a one-for-one basis.

- c. Certification may be made on the basis of special qualifications only if such requirements have been determined to be job-related by the Department of Administration.
- d. Each eligible certified shall be notified if possible and shall be given consideration for employment.

Section 2. Special Certification Procedures

- a. In order to further affirmative action efforts, the Department of Administration will make periodic determination of minority and female representation in all classes (or groups of classes) of work for the City overall and in all City departments. For those classes of work within each department in which underutilization exists, special certification procedures designed to enhance minority and/or female availability for employment will be used. The Department of Administration will designate those classes of work in which underutilization exists.

The Department of Administration will carefully monitor adherence by appointing authorities to the spirit and letter of the affirmative action portion of the May 20, 1976, Equal Employment Opportunity Commission Conciliation Agreement.

- b. Until such time as each test is validated in accordance with provisions of the Federal Uniform Guidelines on Employee Selection Procedures (1978) and in order to comply with the aforementioned conciliation agreement, the Department of Administration may authorize certification to classifications in which females/blacks are under-represented in the following manner:
 - (1) Certify, in accordance with these Rules, three certifications to appointing authorities for each authorized requisition for an underrepresented class as follows:
 - Certification 1 – Blacks (both male and female)
 - Certification 2 – White Females
 - Certification 3 – White Males
 - (2) Underrepresentation will be determined from Hillsborough County labor market statistics.

- c. Whole-list certification may be authorized by the Director of Administration for those classes for which it is determined to be essential for furthering affirmative action efforts or for which it is impractical to certify otherwise. Such procedure is appropriate when there is underutilization which cannot be addressed adequately through three list certification, when there are few eligibles for a class of work, when promotion is automatic from a trainee/apprentice class, when a high percentage of the eligibles are normally found to be unavailable for employment, or when the job is a bona fide assignment subject to revocation at any time at the discretion of the hiring authority.

ARTICLE I. Probationary Period

Section 1. Objective of Probationary Period

The probationary period is an intrinsic part of the examination process and shall be utilized for carefully evaluating the employee's performance and suitability for continued employment.

Section 2. Regular Status Appointment Following the Probationary Period

- a. All appointments to the classified service shall have a probationary period. The probationary period shall be that period specified by a majority of the Civil Service Board after receipt of the recommendation of the Mayor as to the length of said period. The probationary period shall be for six (6) months unless specifically stated otherwise. Probationary periods may vary for different departments of the City. Upon verification by the appointing authority of the employee's satisfactory performance, the employee will be changed to regular status.
- b. Upon recommendation of the Department Head, and with the concurrence of the Department of Administration, the probationary period may be extended for no more than three (3) months for individual employees. Such extension requests must be supported by documentation clearly establishing a reasonable possibility of the employee meeting expectations within the extension period.

Section 3. Dismissal During the Probationary Period

- a. During the probationary period, an entrance employee may be dismissed by the appointing authority without the right of the employee to a Civil Service appeal.
- b. Any employee in the classified service who fails to complete satisfactorily a promotional probationary period for other than disciplinary reasons shall be reinstated within seven (7) calendar days to the position occupied before the promotion, even though this may require the layoff of the employee occupying the former position or assigned to an equivalent level position.

ARTICLE J. Disciplinary Actions

Section 1. Discipline

Disciplinary action may be taken for any just cause. Generally, employee misconduct should be addressed using a progression of disciplinary actions. Exceptions to this progressive system may be made in cases of major misconduct.

Section 2. Demotion

- a. Demotion is most properly employed as a method of realistically managing employees who are unable or unwilling to meet the normal performance expectations associated with the position they hold. An employee should not be demoted if there is reason to conclude that he/she would continue to be unsatisfactory in the lower level position.
- b. Written notice of the charges and disciplinary action shall be given to the demoted employee.

Section 3. Suspension

- a. An appointing authority may, for disciplinary purposes, suspend an employee for a reasonable period, not exceeding sixty (60) consecutive working days. Suspension is a recognized part of the progressive discipline process that results from repeated violations or may be used where the infraction is of such severity that a lesser action is insufficient.
- b. Written notice of the charges and disciplinary action shall be given to the suspended employee.

Section 4. Dismissal

a. Dismissal is the most severe form of disciplinary action and should be instituted 1) after progressive discipline has failed to correct unacceptable behavior; or, 2) in response to an infraction of such severity that a lesser action is clearly insufficient. Dismissal may be the result of, but not necessarily limited to:

(1) Incompetence such as: (a) inability to perform up to accepted work standards, (b) habitual tardiness, absenteeism, or abuse of leave privileges.

(2) Insubordination such as: (a) violating a published City or departmental rule, (b) failing to obey any lawful or reasonable direction given by his/her immediate supervisor, (c) refusing to sign documents required for City employment, (d) refusing to have fingerprints or photograph taken for a legitimate City purpose.

(3) Neglect of Duty such as: (a) causing damage or loss of public or private property and equipment through negligence or willful misconduct, (b) wasting or using inappropriate public supplies and materials, (c) absent without leave for more than three consecutive working days, (d) failing to return to work after an approved leave of absence, (e) intentionally falsifying time or leave records, (f) having an excessive number of accidents on the job resulting in personal injury or injury to others or property damage, (g) having a suspended, revoked, or expired driver's license when the duties of his/her position require the operation of a motor vehicle, (h) operating a City vehicle in wanton disregard of safety.

(4) Moral Turpitude such as: (a) falsifying or misrepresenting such things as City Insurance claims, workers' compensation claims, travel expenses, et., (b) violating the City Code sections 2-1972-203 inclusive in regards to

impartiality, use of public property, conflict of personal and financial interest, disclosure and confidentiality, (c) embarrassing the City by being indicted for any felony while employed by the City, (d) while employed by the City, being charged with a misdemeanor which could cause serious embarrassment to the City and undermine public trust and confidence in the City and in the employee's performance of his/her job duties, (e) attempting to coerce or influence fellow employees, subordinates, or supervisors with gifts, services, loans, and other considerations, (f) violating any of the Florida statutes dealing with public employees and labor organizations, (g) violating City law regarding political activity, (h) violating state nepotism statute, (i) during non-work hours, engaging in an employment, activity, or enterprise which is illegal, incompatible, or in technical conflict with his/her duties, functions, and responsibilities as a City employee.

(5) Breach of Peace such as: (a) being offensive, antagonistic towards supervisors, subordinates, fellow employees, and the public, (b) threatening, conspiring, attempting, and actually committing any form of assault or battery on a supervisor, subordinate, fellow employee, or the public, on City property, City time, or as a result of City employment.

b. Written notice of the charges and disciplinary action shall be given to the dismissed employee.

ARTICLE K. Appeals

Section 1. Appeal Rights

a. A regular status employee may appeal to the Civil Service Board any employer action that results in demotion, dismissal, suspension, or loss of employee rights including position classification results, promotion guidelines or these Rules. Such appeals must be made within ten (10) working days of the adverse action.

b. An employee on promotional probationary status may appeal to the Civil Service Board a suspension or dismissal within ten (10) working days of the effective date of the action by completing and submitting the proper request to the Civil Service Board. A demotion may not be appealed to the Civil Service Board.

c. Employees on other employment status may appeal a suspension, demotion, dismissal or classification decision by filing a grievance in accordance with established procedures or contractual agreements.

d. Employees may not appeal any single action through both the provided administrative or collective bargaining grievance procedure and the Civil Service appeal process. Once an appeal is initiated in either channel it shall be resolved in that channel unless agreed to in writing by all concerned parties.

ARTICLE L. Lay Off

Section 1. Lay Off Procedure

a. This procedure applies only to employees in the classified service who are not covered by a collective bargaining agreement. The recognized purpose of lay off is to affect a reduction in the number of employees where functions have been eliminated, when organizational units have been eliminated or when funds are no longer available to sustain the number of employees. The initial step in the layoff process is the documentation by the Department Head of the need for lay off that clearly establishes the reasons or conditions necessitating the reduction in force and the specific class(es) involved.

b. Upon determination that lay off is necessary, the Director of Administration will develop a list of employees, ranked in the order in which they are to be laid off. The first name on the list will be the first laid off. The procedure to be used in developing the layoff list is as follows:

(1) Rank ordering of all employees in each classification within the department where lay off is to occur by seniority, least senior first.

(2) A determination will be made of the impact of the seniority rank ordering on the EEO compliance posture of the Department in which the layoff is to occur. If analysis indicates that the seniority approach will have a significant impact on protected class representation, then factors other than seniority shall

be given consideration. An effort shall be made to maintain minority and female representation in the class(es) of work affected.

(3) Department Heads shall give consideration to individual contributions and skill levels in relation to departmental performance standards in order to determine the relative merit of all employees in the class to be reduced. Department Heads may request exemption from layoff for specific employees determined to be functioning at a consistently outstanding level or possessing critical skills. Such requests must be thoroughly documented and clearly establish that the particular operational functions are essential and could not be satisfactorily assumed by any other personnel. The submission of such a request is not an assurance that exemption will be granted, or the extent to which such consideration will be given by the Department of Administration.

c. An individual identified for layoff may be entitled to bump an employee in a lower classification in the same Department if the employee:

- (1) has more seniority than the employee to be bumped,
- (2) had regular status in the lower classification, and
- (3) is capable of performing the work of the lower classification.

A bumped employee can exercise the same bumping privilege into a lower class of work in the same Department.

d. Employees who are laid off, whether directly or as the result of bumping, shall have preferential reemployment rights to those equivalent or lower level positions for which they are eligible, and shall be reinstated on the basis of seniority. These preferential reemployment rights are limited to one year and will also terminate with the employee's reinstatement, request, failure to accept reinstatement, or if the employee takes other steps to terminate the relationship with the City.

e. Before determining the seniority list mentioned in b-(1) above, temporary employees in the same class of work shall be laid off prior to probationary or regular status employees.

ARTICLE M. Records and Reports

Section 1. Employment Records

- a. The Director of Administration shall maintain an employment record for each employee.
- b. The employment record shall be confidential. The Director of Administration shall issue guidelines regulating access to and release of information from personnel records.

ARTICLE N. Severability and Waiver

Section 1.

- a. Each and every clause of these Rules shall be deemed separable from each other clause. In the event any clause or clauses shall be finally determined to be in violation of any law such clause or clauses shall be deemed of no force and effect and unenforceable. Any such determined violation shall not impair the validity and enforceability of the remaining Rules, including any and all provisions in the remainder of any clause, sentence, or paragraph in which the offending language might appear.
