WAITLIST

Classes are full, but we keep waitlists for each. To get on the waitlist for a class, you need a recreation account. Visit tampa.gov/parks and look for "Create A New Account." Following the prompts, you can put yourself on the waitlist by looking it up as an activity (starting with 4920). Please remember this is first come, first served. We thank you for your patience. We encourage you to get on multiple waitlists (at other studios as well) to increase your chances of getting a call back.
