

2027 Humana Member Fact Sheet

Humana Group Medicare Advantage and Prescription Drug Plans

Starting January 1, 2027, your Humana Group Medicare Advantage and Prescription Drug Plans will be administered as two separate plans, rather than being combined into one. The medical and pharmacy coverage will be provided separately by Humana.

Member ID Cards

You will still have one ID card. Sample of the ID card is below. Your new card will arrive in the mail before January 1, 2027.

Humana. Important information Humana members need to know for 2027

- Starting January 1, 2027, give your new ID card to medical providers and network pharmacies.
- You will receive 2 Annual Notices of Change—one for medical, one for pharmacy and some other duplicated CMS-required notices. Mailings will arrive at different times.
- You will enjoy the same medical benefits with one change to the prescription benefits—the maximum out-of-pocket is increasing from \$2,100 to \$2,400 per the Inflation Reduction Act.
- This change does not impact your network. Your preferred provider organization (PPO) plan allows you to see any provider who accepts Medicare and agrees to bill Humana.
- You can continue to use your current in-network pharmacy.

2027 Humana Member Fact Sheet

Humana Group Medicare Advantage and Prescription Drug Plans

What is changing

Humana's Group Medicare Advantage and Prescription Drug Plans will now be administered as two separate plans, rather than being combined into one. Starting January 1, 2027, medical and pharmacy coverage will be provided separately. Your benefits are not changing. Your providers are not changing. You will receive a new Humana member ID card.

Why it is changing

Humana is making the most of Medicare changes to deliver value for our Group members. This change helps us continue to provide sustainable, long-term Medicare Advantage solutions for the retirees we serve.

Healthcare costs rise every year, which has a ripple effect on our plans. Humana works hard to manage rising costs and Medicare changes for our members. We are making every effort to offer affordable healthcare coverage with little to no changes in benefits and quality of care.

What members need to do

- There's nothing you need to do to support the change. We are taking care of the details so that there is as little impact to members as possible.
- Starting January 1, 2027, share your new ID card with your medical providers and network pharmacies.

What changes members will see

- You'll enjoy the same benefits.
- This change does not impact your network.
- You'll still have one ID card.
- You may see more required communications from Humana. For example, you will receive two Annual Notices of Change.
