STRENGTHENING COMMUNITIES

**Tampa Community
Redevelopment
Agency (CRA)
Goals, Policies, and
Performance
Standards Report**

October 1, 2024

Purpose

In 2024, the Florida Legislature passed HB 7013, which among other things, requires all special districts to adopt by October 1, 2024, goals and objectives for each program and activity undertaken by that district, as well as performance measures and standards to determine if the district's goals and objectives are being achieved. The purpose of this document is to satisfy those statutory requirements by formally: (1) listing the programs and activities undertaken by the Community Redevelopment Agency of the City of Tampa, Florida (the "Agency"), as of October 1, 2024; (2) stating the goals and objectives of the Agency in connection with those programs and activities; and (3) establishing performance measures to determine if the Agency's goals and objectives are being achieved.

CRA OVERVIEW

The Community Redevelopment Agency of the City of Tampa, Florida (the “Agency” or the “CRA”) is a public entity and a dependent special district of the City of Tampa, Florida, established pursuant to the Community Redevelopment Act of 1969 as amended (Chapter 163, Part III, Florida Statutes). The primary purpose of the CRA is to alleviate slum and blight conditions in the City’s community redevelopment areas by undertaking community redevelopment activities consistent with the Community Redevelopment Act and the adopted community redevelopment plan for each area. In addition, the CRA is empowered to undertake affordable housing programs and community policing innovations in each designated community redevelopment area.

The Tampa City Council serves as the governing board of the CRA. Community Advisory Committees (CACs) have also been created for each community redevelopment area to provide recommendations to the CRA board concerning CRA programs and activities. The CRA and the City of Tampa annually enter into a Services Agreement that provides for the employment of a CRA Director, a CRA attorney, CRA staff, and assistance to the CRA from City departments. The City of Tampa has created community redevelopment areas in Central Park, the Channel District, Downtown (Core and Non-Core), Drew Park, East Tampa, Tampa Heights Riverfront, West Tampa, Ybor City I and Ybor City II, which are all served by the CRA. The location and geographic boundaries of these community redevelopment areas are depicted on the following page.

MISSION

Through planning, collaboration, and innovation, Tampa's Community Redevelopment Agency (CRA) aims to enhance and develop communities by creating thriving and inclusive neighborhoods that foster economic growth, enhance quality of life, and preserve their unique character.

VISION

Tampa CRA champions a future where vibrant neighborhoods and businesses flourish through proactive preservation and redevelopment efforts that strengthen communities in an equitable, diverse, and sustainable way.

Introduction

In the last year, the CRA underwent a successful restructuring to align our staff, policies and procedures to better serve the City's nine (9) community redevelopment areas. This restructuring allowed us to streamline our operations, improve communications, and focus our efforts on the most pressing needs in each of our community redevelopment areas. During this restructuring, the CRA defined five (5) key objectives with the overall goal of alleviating slum and blight conditions in each of our nine (9) community redevelopment areas. They are 1) attainable (affordable) housing, 2) community engagement, 3) connectivity/infrastructure, 4) economic advancement, and 5) improved quality of life.

After restructuring the agency, we underwent a review and consolidation of our commercial grants program. These new programs offer property and business owners enhanced opportunities to invest in their businesses and strengthen the fabric of their community. Implementing a legacy credit was a key element of the new commercial grant structure. Typically, Tampa CRA requires a 50 percent match to fund any commercial grant project. However, the new legacy credit allows long-time owners to reduce their upfront contribution to a lower percentage, ranging from 35 percent all the way down to zero percent.

In addition to a new, consolidated commercial grants program, Tampa CRA also introduced a consolidated Housing Rehabilitation & Renovation Program (HRRP). The new program standardized the housing programs offered across all nine community redevelopment areas. The program aims to provide financial assistance for the renovation and repair of homes within community redevelopment areas, ensuring safe and secure housing for all residents.

New and streamlined grants and program opportunities have been accompanied by additions to the housing, projects, and grants team to facilitate the work being conducted across the community redevelopment areas. Tampa CRA recently added a new arts and cultural affairs project coordinator to help identify and improve support for new public art projects in our community redevelopment areas. Coupled with Community Redevelopment Plan updates starting in the upcoming fiscal year or continuing from the previous fiscal year, Tampa CRA is equipped to enhance our communities.

Our goals and objectives are further outlined on the following pages followed by examples of our work in each of our community redevelopment areas. Following the overview of CRA-wide goals, objectives, and measurements, the following section covers District-specific goals, objectives, and measurements.

Tampa CRA GOALS

Attainable (Affordable) Housing

- To close the homeownership gap for 80% AMI and below through collaborating with housing partners, offering financial incentives, and developing targeted programs.
- To retain existing residents by providing resources and support for home repairs, maintenance, and accessibility options that enhance housing conditions.
- To support the creation of temporary and emergency housing options that stabilize communities while also working to reduce the percentage of housing cost burdens.

Community Engagement

- To collaborate with residents, businesses, and stakeholders on decision-making processes that inform key initiatives.
- To implement effective outreach strategies that ensure residents and stakeholders are well-informed about projects, meetings, and opportunities.
- To develop clear and measurable indicators to assess the effectiveness and outcomes of our programs, progress, and redevelopment efforts.

Connectivity and Infrastructure

- To complement a reliable and integrated public transit network that seamlessly connects neighborhoods, business districts, and key destinations.
- To prioritize high-quality roads, pedestrian pathways, cycling lanes, and wayfinding that encourage multi-modal options and public safety.
- To promote a smart, sustainable, and eco-friendly transportation network that reduces cost burden and enhances social and economic opportunities.

Economic Development

- To support new and existing businesses by increasing access to capital, grant funding, and technical assistance.
- To provide incentives that leverage private financing and encourage entrepreneurship, small businesses, and job creation.
- To encourage local arts that celebrate the history and culture of unique spaces and communities that attract visitors, foster creativity, and generate economic activity.

Quality of Life

- To co-create vibrant, inviting, and well-designed public spaces, parks, and homes that promote health, wellness, and sense of community.
- To increase access to essential needs and resources through redevelopment projects that reduces barriers and burdens for residents.
- To remedy blighted areas and promote safe, clean, and welcoming communities.
- Providing financial assistance to important cultural, historic and/or public facilities

Tampa CRA Goals, Objectives, and Performance Standards

Goal	Objective	Measurement
<p>Attainable (Affordable) Housing</p>	<ul style="list-style-type: none"> • Provide Down Payment Assistance to CRA residents and owners • Offer Owner-Occupied Rehabilitation assistance to CRA residents and owners • Acquire strategic parcels of land for future attainable housing developments 	<ul style="list-style-type: none"> • Number of Grants provided in FY2025 • Number of dollars spent in FY2025 • Number of parcels acquired in FY2025
<p>Community Engagement</p>	<ul style="list-style-type: none"> • Create a Tampa CRA newsletter • Create a Tampa CRA E-Newsletter • Host Community Project information meetings • Create Tampa CRA social media pages on Facebook, Instagram, and LinkedIn 	<ul style="list-style-type: none"> • Number of newsletters distributed • Number of e-newsletters distributed • Track the open rate and click rate of e-newsletters and newsletters • Number of project information meetings hosted • The number of followers, posts, and engagement across all social media channels
<p>Connectivity and Infrastructure</p>	<ul style="list-style-type: none"> • Promote alternative forms of transportation 	<ul style="list-style-type: none"> • CRA dollars invested into the TECO Line Streetcar • Dollars invested in bus stop improvements
<p>Economic Advancement</p>	<ul style="list-style-type: none"> • Provide Exterior Grants to property and business owners • Provide Interior Grants to property and business owners • Provide Predevelopment Grants to property and business owners 	<ul style="list-style-type: none"> • Number of Commercial Grants provided across Tampa CRAs by category • Dollars invested through commercial grants across Tampa CRAs by category

	<ul style="list-style-type: none"> • Provide Special Projects Grants to property and business owners 	
Quality of Life	<ul style="list-style-type: none"> • Create and enhance parks in our community • Create a CRA public art program <p>Support community projects and programs that remedy slum and blighted conditions</p> <ul style="list-style-type: none"> • Providing financial assistance to important cultural, historic and/or public facilities 	<ul style="list-style-type: none"> • Dollars invested in ADA-enhancements • Public Arts Program definitions submitted & approved by CRA Board • Number of public art programs provided • Number of enhancements programs provided • Maintain and support cleaning services in select districts • Grants to important cultural and public facilities such as the Straz Center, Tampa Theatre, the Jackson House, and Tampa Union Station
