<sup>58</sup> As discussed in the Land Development Code Assessment (p. II-53), the YC-R district consolidates the YC-2 Ybor City Residential and YC-8 Ybor City Residential districts from the current code. The use tables notes where this combination has increased or changed permissions for certain uses in the consolidated YC-R district. The authorization for administrative approval of a reduced setback if consistent with setbacks on existing development is carried forward in Section 3.7.1C(3), Permitted Adjustments to Setbacks

<sup>59</sup> Photographs of existing development within the Ybor City Historic Districts that reflect the intended form of new development and redevelopment in each district will be included in later drafts.
