I extend sincere thanks to the Housing and Education Alliance, especially my case manager Ria, for their steadfast support in achieving my homeownership dream. Their educational programs, personalized approach, and professional network simplified the process. Highly recommended for anyone pursuing homeownership

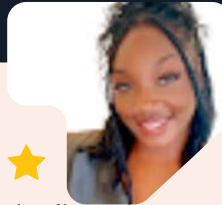

Amalia Martinez

@heausa.org

Since my move to Tampa in 2017, the Housing and Education Alliance made homeownership possible. Overcoming challenges, I closed on my house three days after turning 24, proving anyone can achieve it with patience, perseverance, and HEA. Now, a proud homeowner, I stand as a role model for others with the same dream.

Great program! I recently attended a first-time homebuyers program, finding it incredibly informative and helpful. The instructor provided valuable insights on the home buying process, property considerations, financing options, and more. The well-structured program covered all essential aspects for confidently navigating my first home purchase. Highly recommended!
