PUBLIC HEARING ON PROPOSED RATE CHANGES

To our valued customers:

The City of Tampa is committed to providing safe, reliable water and wastewater services at the best possible value.

Recent changes to Florida law require the City charge the same water and wastewater rates to all of our customers, regardless of whether they live within the City limits or not.

To comply with this law, the City is proposing changes to water and wastewater rates and certain service fees. These changes would increase rates by 9% for customers inside city limits and decrease rates by 16% for customers outside city limits.

The City Council will hold a public hearing on Thursday, December 17, 2026, at 10:30am (or as soon as possible afterward) in the Council Chambers, 3rd Floor, Old City Hall, 315 East Kennedy Boulevard, Tampa, Florida, to consider and vote on the proposed changes. §180.136, F.S.

If approved, the changes will take effect July 1, 2027.

These adjustments will help the City meet state requirements, maintain infrastructure, and ensure reliable service for our community.

Thank you for letting us serve you.

For disability-related accommodations, contact the City Clerk's Office at (813) 274-8397 or TampaADA@tampagov.net at least 48 hours before the meeting.
