

# Proclamation

*Bob Buckhorn, Mayor*

**WHEREAS**, Chiari Malformation (CM) is a serious neurological disorder whereby the bottom part of the brain, the cerebellum, descends out of the skull causing crowding of the spinal cord, which puts pressure on both the brain and spine, and may block the flow of cerebrospinal fluid to and from the brain; and

**WHEREAS**, affecting approximately 300,000 children and adults in the United States, Chiari Malformation can cause crippling headaches, neck pain, balancing problems, breathing difficulties including sleep apnea, numbness and weakness in the limbs, other health problems, and sometimes even death; and

**WHEREAS**, increased awareness of Chiari Malformation will lead to expanded knowledge and increased support for both research and for patients and families affected with the disorder that will hopefully answer fundamental questions regarding its underlying cause, diagnosis, and treatment; and

**WHEREAS**, Conquer Chiari, known formally as C&S Patient Education Foundation, is a nonprofit organization founded in 2004 dedicated to improving the experiences and outcomes of Chiari Malformation patients through education, awareness and research, and has funded more than \$1,000,000 in research projects including developing novel imaging techniques, gene identification, and assessing cognitive effects; and

**WHEREAS**, Conquer Chiari and patient groups from around the nation have named September as National Chiari Malformation Awareness Month and are holding a **Conquer Chiari Walk Across America**, a series of awareness and fundraising walks, and locally the walk will be held on September 22, 2012 at Al Lopez Park in Tampa, Florida with all proceeds benefiting CM research.

**NOW THEREFORE**, I, Bob Buckhorn, by virtue of the authority vested in me as Mayor of the City of Tampa, Florida, do hereby proclaim the month of September 2012 as

## **“NATIONAL CHIARI MALFORMATION AWARENESS MONTH”**

in the City of Tampa, Florida and urge all citizens to support Conquer Chiari and other patient groups in their efforts to promote research and bring awareness about this devastating disorder.

Dated in Tampa, Florida, this 31<sup>st</sup> day of August, 2012.

*Bob Buckhorn*

Mayor
