

Congenital
Heart Walk 

Tampa - St. Pete

Join Us!

and Help Us Fund Critical
Congenital Heart Defect Research.

October 30, 2021 at 9:00 AM
Gadsden Park – Tampa, FL

This fundraising event allows both virtual and in-person participation, subject to safety considerations, with engaging and fun activities and events throughout Walk week, and culminating with mission updates, research remarks, our Moment of Silence and more on Walk day, in support of our mission.

To register, begin fundraising and to donate, visit us at
<http://give.ChildrensHeartFoundation.org/WalkForCHDResearchTampaStPete> or scan our QR Code.

Congenital Heart Defects (CHDs) are the most common birth defect, affecting nearly 1 in 110 babies in the U.S., and the leading cause of birth defect-related deaths. The Children's Heart Foundation is the leading organization solely dedicated to funding CHD research, and since 1996 has funded nearly \$14 million in research to advance the diagnosis, treatment, and prevention of congenital heart defects.
